A WAIF.

O soul, take heart! Though long the way, Thy rest shall come at last. Not always shall the shadows fall;

Earth's children oft have trod a path Of bitter weariness below, To reach the jasper courts above, Where living waters flow.

Dawn breaks when night is past.

Be "faithful to the end," O soul! Nor doubt the Master's will; Through light or shade He's ever near, And watches o'er thee still. Woodbourne, N. Y.

KINA CHILL CURE.

New Remedy. New Principle. No Poison. A NEW DISCOVERY AND A SOVEREIGN SPECIFIC.

FOR THE CURE OF Intermittent Fever, Remittent Fever, Chill Fever. ntermittent Ferer, Remittent Ferer, Chill Ferer,
Dumb Ague, Periodical Headache or Bilious
Headache and Bilious Fevers; and all
Diseases originating in Biliary Psrangement or Liver Disorder,
Caused by Impurity of Hood
and Malaria or Missmatic
Localities.

In presenting this new medicine—"KINA CHILL CURE"—to the public, and particularly to the sefficient as a cure for all forms of Chills and Fever, and its sympathetic disorders, it must be observed, that, inasmuch as these disorders have their origin in an impure state of the blood, with more or less functional derangement of the Liver and Spleen, it is of primary importance that due attention should be given to the condition of these important or cans, and to use such a tion of these important organs, sud to use such a medicine as combines the essential properties of alterative and blood-purifying principles. Without such a medicine and sa h treatment you will fail in curing Chills and Fever.

The "KINA CHILL CURE" is the great antidole; a vegetable compound possessing extraor-dinary deobstruent and purifying powers, cleans-ing the blood, rem ving all obstructions of bile from the liver and promoting its proper dis-

from the liver and promoting its proper discharge.

The "KINA CHILL CURE" is the natural antidote which neutralizes the poison by its purifying influence, and thus repels disease and restores to health. The remedy is entirely new and original with the proprietor, and from known results under his own personal observation, puts it forth as a Chill Cure. It will instantly check the Chills or Ague in any persons who have suffered for any length of time, and by continuing its use according to the directions, a permanent cure may be effected and the general health restored.

Debility and Night Swents, Loss of Appetite—and Strength—will be immediately restored by the use of the KINA CHILL CURE, and as a preventive during the sickly season, it will be found an invaluable Fimily Medicine. The "KINA CHILL CURE" is a new remedy, embracing new principles, combining new powers upon a new theory. Vegetable in its admondent constituents, safe in its administration, and positive in its effect, the proprietor and inventor puts it forth as a cure for Chills and Fevers, and all kindred disease, after a series of experiments so successful in results as to stamp it at once as the Eureka—and to the arbitrament of the world, it stands or falls upon its own merits. stands or falls upon its own merits.
