OFFICE OF AUDITOR OF STATE, GOLUMBIA, S. G., November 10th, 1871. It having been reported in some of the papers in this State, that a promise had een made by His Excellency Governor K. Scott to the late Tax-payers' Conrention, to extend the time for the collection of taxes for 1871; I would say for the nformation of all concerned, and for the surpose of doing away with any ill effect which such a report might induce; and at the same time to leave no excuse for nonpayment at the proper time; that in a conerence with His Executency this morning, e informed me that he made no such gennal promise as has been ascribed to him.

His Excellency informs me that the Comnittee of the Tax-payers' Convention who waited upon him in reference to matters elating to the collection of taxes, after a liseussion of the subject, decided that November was the proper time for the coilecion of taxes in the upper counties; but that in those counties where sen island cot ton is grown, payment could not be made mil March, without sacrifice.

ing of His Excellency, therefore, agreed to susend the collection from those upon the Fifteen Fine, Young and Likely Mules. caboard until that time, where they were Five Horses, a splendid Brood Mare. mable to pay sooner.

Persons desiring to avail themselves of ne benefits of this promise will be required a file a petition with the County Auditor revious to the time at which the penalty attaches, accompanied by afficiavits that remus from crops had not been received; ach petitions will be considered.
