

**The Farmer Feedeth All.**  
 My lord rides through the palace gate,  
 My lady sweeps along in state,  
 The sage thinks long on many a thing,  
 The maiden mopes on marrying;  
 The sailor plies the foaming sea,  
 The hunter kills the good red deer,  
 And the soldier wars without a tear;  
 But to fall to each what'er befall,  
 The farmer he must feed them all.

Smith hammereth cherry red the sword,  
 A Vintner proceeth pure the holy word,  
 Dame Alice worketh braiding well,  
 Clerk Richard tales of love can tell,  
 The topwife sells her foaming beer,  
 Dan Fisher fisheth in the mere,  
 And courtesies ruffles skirt and shawl,  
 While peeps by the Gascon wine,  
 Man builds his castles far and high.

Where'er river runneth by,  
 Great cities rise in every land,  
 Great churches show the builder's hand,  
 Great castles, mountains and towers,  
 Fair palaces and pleasing bowers;  
 Great work is done, be it here or there,  
 And well man worketh where'er,  
 But work or rest, what'er befall,  
 The farmer he must feed them all.

**SOLUBLE**  
**PACIFIC GUANO.**  
 PRICE \$15 CASH, WITH USUAL ADVANCE FOR TIME.

EXPERIENCE IN THE USE OF THIS Guano for the past six years in this State, for Cotton and Corn, has so far established its character for excellence as to render comment unnecessary.

In accordance with the established policy of the Company to furnish the best Concentrated Fertilizer at the lowest cost to consumers, this Guano is put into market this season at the above reduced price, which the Company is enabled to do by reason of its large facilities and the reduced cost of manufacture.

The supplies put into market this season are, as heretofore, prepared under the personal supervision of Dr. St. Julian Ravenel, Chemist of the Company at Charleston, S. C., hence, planters may rest assured that its QUALITY and COMPOSITION is precisely the same as that heretofore sold. At the present low price every acre planted can be fertilized with 200 pounds of Guano at a cost not exceeding the present value of 80 pounds of cotton, while experience has shown that under favorable conditions of season and cultivation the crop is increased by the application from two to threefold the normal capacity of the soil. Hence, under no conditions could its application fail to compensate for the outlay. Apply to

**PACIFIC GUANO COMPANY'S COMPOUND**

**Acid Phosphate of Lime,**  
 FOR COMPOSTING WITH COTTON SEED.  
 Price \$25 Cash, with Usual Advances for Time.

THIS article is prepared under the supervision of Dr. S. JULIEN RAVENEL, expertly for composting with cotton seed.

It was introduced by this Company two years ago, and its use is fully attested by its success in increasing the yield of cotton per acre, and in saving the planter with the same weight of cotton seed, furnishes the planter with a FERTILIZER of the highest excellence at the smallest cost. A compost prepared with this article, as by printed directions furnished, contains all the elements of fertility that can enter into a first-class FERTILIZER, while its economy must commend its liberal use to planters.

For supplies and printed directions for composting apply to

**EDGEFIELD C. H., AGENCY FOR S. C.**

PERMIT me to invite your attention to the claims of this Company to your patronage. It is purely a HOME COMPANY, chartered by the State of Georgia, with a large capital of \$500,000. Organized but a little more than two years ago, it has already issued nearly 5,000 policies, insuring about \$8,000,000, and paid in losses \$100,000.

Its reserve is ample—having about \$200,000 of assets to \$100 of liabilities, and its business economically managed.

Desiring to be properly represented throughout the State of South Carolina, it would give me pleasure to commission many active gentlemen and ladies as both local and traveling agents for the Company. A reasonable portion of time devoted to its interests, I am satisfied would repay you.

To illustrate—Premiums will average about \$150 each policy. The commissions upon this (20 per cent) will be \$30.

The Company has now some features particularly desirable, for both agents and insured, and one of these is, its LOW PREMIUM RATES, as follows:

At age 25 years, annual payment on \$1,000	\$15.00
" 30 "	17.50
" 40 "	24.85
" 50 "	37.81
" 60 "	52.17

With rivals in business one course should be uniformly equal with all who seek and practice right things; and I urge upon all agents of this Company, therefore, to cooperate cordially with all who seek and practice right things, and while so doing, to press the business of this Company, and by the utmost efforts on your part, to secure good risks.

Any gentleman or lady, who will take an agency, either local or traveling, will please address,

**THE LEADER.**  
 Many manufacturers have offered the subscriber the exclusive sale of their Stoves, but he has in every instance declined, for the very best reason, that none of their Stoves came up to this in his estimation. Very heavy yet no surplus iron about it. Well proportioned, not having a contracted body and expanded top to give it a false appearance like many of the cheap Stoves now offered to the public. The thousands that are using this Stove can testify to its superiority.

A variety of other Cooking Stoves always on hand.
