MARRIAGE Notices are inserted in the requested that they be sent in for publication. Obituary notices not longer than ten lines are not charged for, but when they exceed that space are charged at advertising rates. Communications advancing private interests, or of a personal character, are charged as advertisements, but anything tending to advance public interests are not only free, but are solicited.

WHAT IS WANTED .- Short, crisp, spicy accounts of any and everything which comes under the observation of any of our friends. They will much oblige us by sending for pubing they will add to the interest of their County paper.

Short communications of personal experience in relation to farm operations, stock raising, domestic economy, &c., will be gladly received, and published.

WANTED .- A sharp, active, intelligent youth, about fifteen years of age, at the HERALD Office. He must be able to read and write. A tractable youth, with a still tongue in a wise head, in connection with above named requirements, will be kindly taken care of and taught the Art of Printing. Apply early.

AN IMPORTANT MATTER. Just as no piece of machinery can work

without grease, so no business can be conducted without money, the boot and shoe business especially. The subscribers want money, must have it, and the appeal is made for all parties indebted to them to settle at once, before one or two extremities are resorted to. Don't put us to extremities. which is unparralleled in the history of Commercial Colleges. Starting in Atlanta, Ga., May 9th, 1871, with four students, it has already sent out to the business world nearly THREE HUNDRED STUDENTS to attest its superior merits. The secret of its wonderful success is 1st, it is the only College in the South that is conducted on the ACTUAL BUSI-NESS PLAN. 21, it keeps up, to the letter of its advertisements. 3d, it is conducted by men who have had years of experience as practical accountants, business men, and teachers. The total cost for a full course, including board, washing, tuition, books, and stationery will not exceed \$130. STANDARD FERTILIZERS-The attention of farmers is invited to the card of W. L. Bradley's Standard Fertilizers in this week's paper, of which 500 bags are now in store and for sale by Messrs. J. E. Webb & Co.

PROTRACTED MEETING—The meeting commenced here on Monday week in the Methodist Church is still in progress. We are pleased to state, that the congregations are large and deeply attentive, and the promise for a work of grace, and the gracial walkers ever issued, and the celebrated "Redown de Paris" by F. Burgmuller.

COME DOWN HANDSOME. - In view of the fact that the Gity Council of Philadelphia has appropriated half a million of dollars to aid the Centennial cause, why can't the Town Council of Newberry came down handsomely also. The suggestion is simply thrown out, and we do not presume to advise. A quarter of a million would suffice for Newberry.

A LONG FELT WANT. - We invite attention to the card of Messrs Russell & Sullivan, whose purpose it is to contract for building and house-carpentry generally, and a heavily framed building 25x80, and offices 16x80, with draughtsman's office 15x20 are now being added to their already extensive establishment. Plans and specifications will be furnished at very moderate charges, and contracts made to erect buildings in any part of the State. In addition they are erecting heavy machinery so as to manufacture frame buildings for shipment, the erec-

tion of which will be contracted for. We add further, that the manufacture of building material will be conducted as heretofore by Mr. Russell, under the old firm name of W. P. Russell & Co.

PASTORAL.-We correct a statement which appeared in the Columbia Carolinian one day last week, viz: "That Rev. W. D. Rice had accepted a call to the Newberry Baptist Church." As this might lead to a misconception we state that the call is to Mt. Zion and Bush River Baptist Churches in the County, and not to the Newberry Baptist Church in the town, over which the Rev. John Stout presides.

MESSES. WEARN & HIX.-We notice with pleasure that the magnificent Art Gallery of these gentlemen is now complete in all its parts. The conception of the work on this building shows the artistic taste of its projectors, as well as the enterprise in an outlay which reflects credit not only on themselves but on the city of Columbia, for the gallery is one about sixty Songs, Duets, and Choruses, and of the finest and most attractive in the business part of the city. And its exterior decoration is not greater than the view which presents itself to the eye of the inside beholder. We doubt if a handsomer Art Building, or one so completely adapted to its requirements can be found. Visitors to the city will be repaid to visit

OUR READING ROOM. - Modesty forbids us saying much about the reading room which has been fitted up without regard to cost, for the benefit of patrons and Herald free of charge, and it is particularly the great public generally. We cannot help complimenting the gentlemen whose genius, taste and skill have all combined to make it, from the handsome index sign pointing the way into the cosy retreat, the beautiful floor covering, the handsome stove, the charming chromos, the elegant curtains, the comfortable lounge, down to the convenient reading desk, what it is, a perfect gem of a reading room. It will be thrown open for inspection on this Wednesday morning, lication anything which they think will prove and a cordial invitation is extended to interesting to the general reader. By so do- the public to look in and admire. Mo desty forbids further mention.

Brethren of the Press in noticing this happy feature, are requested not to shock the modesty, twice alluded to, by any very extravagant mention.

WHAT WERE THEY ?- Just as we were of different kinds and going to press last week a pair of sad colored, large sized birds were turned over on our table by the Express Company, with card attached, showing that they came from E. E. Davies & Co., proprietors of the "Useful Store," where all kinds of stomach timber, in the shape of New York and Domestic Poultry, Game, Fish, Oysters, and other good things are | merit. abundantly kept. What the species, we have not learned yet, and whether grouse, prairie chicken or pheasant can't be de termined, but this much is known, that when served up in a bake and nicely stuffed it made no difference as to name, Messrs. Davies & Co.'s Useful Store is ing supplies in our line, to call and examnext to Dr. Jackson's in Columbia, and ine our stock before making their purif anybody wants a particularly good linner some day, we advise them to write to him a day or two before hand.

the birds. IT WILL NEVER Do .- Laurens is so far shead of Newberry in the way of marrying and giving in marriage, that as the representative conservator of the character and standing of our dearly beloved County, we feel constrained to call attention to the matter and ask that something be at once done in this behalf. In one week the Laurens County paper publishes no less than thirteen marriage notices! Think of it boys and girls, thirteen marriages! Why stand ye all the day idle? Wake up and improve the golden hours. Get married, let not the Laurens chivalry and beauty take the lead in so wholesale a manner. Get to work at once, court fast, and get married quickly, and send us notice of the same immediately thereafter. Remember we make no charge for marriage notices, nor do we get offended if a piece of wedding cake is sent in by a fair bride as an acknowledgment of our service.

They will accept our thanks for sending

We ask beside that every couple who has been married in the County during the months of December and January, of which no notice has been published, will at once send us such notice, for we are Low for Cash, or counsatisfied we can beat Laurens. Let us try it, for it will never do to give it up so.
