The prize offered by the National Grange of Patrons of Husbandry for a song adapted to the use of that Order, was awarded to Mrs. Tucker, for the following, which has been set to music:

"Tis ours to guard a sacred trust, We shape a heaven-born plan; The noble purpose wise and just, To aid our fellow man. From Maine to California's slope, Resounds the reaper's song: "We come, to build the nation's hope, To slay the giant Wrong."

Too long have Avarice and Greed With coffers running o'er, Brought sorrow, and distress, and need, To labor's humble door; From Maine to California's slope, Resounds the reaper's song: "We come, to build the nation's hope, To slay the giant Wrong."

A royal road to place and power, Have rank and title been; We herald the auspicious hour, When honest Worth may win; From Maine to California's slope, Resounds the reape'rs song; "We come, to build the nation's hope, To slay the giant Wrong."

Let every heart and hand unite In the benignant plan, The noble purpose, just and right, To aid our fellow man; From Maine to California's slope, Resounds the reaper's song: "We come to build the nation's hope, To slay the giant Wrong."

THE BEST BANK.

A GOOD FERTILIZER.

have little else to do. We give a recipe for a cheap, good fertilizer,

which has been used successfully

by farmers in Pennsylvania and

Ohio. One recommends it espe-

cially for potatoes and wheat, and

ends by saying that he has used it

with success on corn and other pro-

ducts. It is as follows: Take

1,000 pounds of good mold, sieve

and screen it to get the gravel out

and make it as fine as possible, then

spread on a floor or some suitable place; add 100 pounds sulphate of

ammonia, 100 pounds common salt,

then mix with a rake. When thor-

oughly mixed, add 25 pounds of

pearl-ash, and 25 pounds of phos-

phate of soda, mix well, then add

400 pounds ground bone, 25 pounds

best Peruvian guano, and 150

pounds ground plaster. Mix the

whole thoroughly, throw on a pile

for 48 hours, and it is fit for use.

It it is to be used for pototoes in

districts where potato-bugs are nu-

may be sprinkled over the mass .-

Care must be taken not to use the

acid in a confined place, as the

great heat when in contact with wa-

ter. Sulphuric acid sprinkled on

the ground will kill bugs of any

kind, and its fumes are especially

GORGED STOMACHS IN HORSES.
