DR. TUTT'S VEGETABLE LIVER PILLS.

A mild aperient and gentle purgative, recommended for the cure of all derangements of the stomach, liver and bowels. By their timely use much suffering is prevented. The timely use of these pills prevents them to be the safest, most certain and best of all the pills ever offered to the public. They purify the blood, remove all morbid humors and restore the diseased system to perfect health. As a cathartic to the system, they are unequalled. For Sick Headaches and Bilious Colic they are a sure cure. For Constipation, Rheumatism, Piles, Palpitation of the Heart, Pain in the Side, Back and Loin, Nervousness, positive results are obtained. They are made without a rival. When one does not feel very well, a single dose stimulates the stomach, restores the system, and restores the appetite and health. Sold every where. THOS. F. GRENEKER, EDITOR. NEWBERRY, S. C. WEDNESDAY, OCT. 21, 1874. A PAPER FOR THE PEOPLE.

The Herald is in the highest respect a Family Newspaper, devoted to the material interests of the people of this County and the State. It circulates extensively and is an Advertising medium offers unparalleled advantages. For Terms, see first page.

The Union-Herald keeps a sharp look for anything which will help to inflame the passions of the colored race, and in pursuing that policy has done more to keep up strife than the whole radical ring in this State. In its issue of Sunday last it publishes such portions of a communication which appeared under the signature of "Gonos" in the Progressive Age, as best helps it in this juncture, and straightway makes capital of it, and says that—according to "Gonos"—the planter can once more bring out his "blacksmoke whip" and the relation of "master and servant" can be regulated "without further legislation."

THE COUNTRY PRESS.—It is a fact that you can reach the country trade and public much cheaper and far more effectively by advertising in the standard papers of the county than by any other means. The money invested in expensive cards and costly circulars is capital sunk, and we utter serious doubts of any one ever having secured a customer by the new-fangled advertising methods of the "flurry" trade men.

THE SAME OLD SONG.

If they were determined to do what they say, we would be rejoiced, for we firmly believe the country would soon be in a more prosperous condition.—But they do not. We allude to cotton farmers and the stereotyped cry which can be heard at this season of year when the shoe begins to pinch, that "if I live till next planting time I will put in more corn, make that the first and chief consideration, and after that give all the attention which can be spared to cotton." It is a lamentable fact, that there is reason for them to say so, for the all-conquering planter, when he comes to square up his accounts and strike a balance, finds that corn and hand hire have swallowed up the biggest part, if not all of the proceeds of the cotton crop—in sober prose, he has come out at the little end of the horn, and as the Dutchman would say, "mit a tight squeeze."

DR. TUTT'S VEGETABLE LIVER PILLS.

Home-made in the Dry Creek section. A man named Frank Simons was killed in the Dry Creek section on Saturday afternoon last. The affair, as we heard it, was thus: An elderly man, named Benjamin Snipes, accompanied by two sons, a young man named Wade Lott, and another named Frank Simons, and another named Wade Lott, were going home from a mill. The young men were in liquor, and a quarrel arose between the two younger Snipes men and Wade Lott of one part, and Frank Simons of the other. Simons quitted the party after a little while, and going ahead, soon met with a brother-in-law, Shields Simons, Heronport, Shields Simons and Benj. Snipes got into a fight; and while they fought, Wade Lott shot Frank Simons and the two Snipes sons dispatched him with their knives. We do not vouch for the truth of this statement. As we have said above, we give it as we have heard it. The elder Snipes has been arrested and lodged in our jail. The other parties are still at large.

DR. TUTT'S VEGETABLE LIVER PILLS.

A mild aperient and gentle purgative, recommended for the cure of all derangements of the stomach, liver and bowels. By their timely use much suffering is prevented. The timely use of these pills prevents them to be the safest, most certain and best of all the pills ever offered to the public. They purify the blood, remove all morbid humors and restore the dise
