INDEX TO NEW ADVERTISEMENTS—Geo. S. Mower—To Rent. J. B. Ford & Co.—Bida Designs. W. H. Dickert—Confectionery and Restau...

THOMPSON, Dentist, over Phifer's Store, 35-41.

MUSIC.—Just received at the HERALD Book Store, vocal music, comic and sentimental, and some handsome chromos.

OLD SILVER WANTED.—One thousand ounces of old silver wanted at the Jewelry Store of J. F. Speck. The highest price will be paid for it in any quantities.

THE EPIZOOTIC has reached this County, but experienced horse men say that the disease is a mild type to that which prevailed here three years ago. Many horses in town and County are slightly affected.

We willingly oblige Mr. Dick in one of his requests, that is to publish his letter, to be found in another column, but regret our inability to comply with the second. It is a matter which appeals to Col. Dodamead, and the President of the South Carolina Railroad, the causes and reasons alone being known to them.

The HERALD Book Store is now full of School Books fresh from publishers—together with all kinds of Stationery.

ANOTHER VISITATION.—It is neither lightning rod nor insurance men this time, but pump men who fill the streets and dash about at the risk of deaf men and children. As the lead of Egypt was at sundry and divers times overrun by grasshoppers and other things in the shape of visitations, so is this fair County of Newberry visited by these strangers who are hungry for the little money that is about.

We acknowledge receiving a catalogue of the Mercer University, Macon, Ga., for 1875 and '76, and notice with pleasure the name of the Rev. J. J. Brantly, D. D., among the distinguished faculty, as Professor of Belles Lettres and Modern Languages. This Institution is in a highly flourishing condition, the number of students enrolled being unusually large. The catalogue itself is a handsome specimen of printing.

Do not use inferior paper when you write, but call at HERALD Book Store and get Hime's best note, finest commercial note, octavo note, together with Repp, Initial and various other kinds of papers.

We acknowledge a card of invitation from Col. J. A. Hoyt, the polite and efficient Secretary of the Anderson Farmers' and Mechanics' Association to attend the Eighth Annual Fair, to come off on the 27th, 28th and 29th, this present week. That the Fair will be an attractive one and the occasion pleasant we are assured, as every effort has been made by the officers of the Society to make it so. Our best wishes attend the Anderson Fair.

WANTS TO BE HAPPY.—Our jovial friend, the ex-Commissioner, during his recent trip, had the pleasure of seeing the great humbug Barnum, and was relating his experience to a friend who deals largely in dry goods, when the latter said, "I have seen Beecher, and will never be happy till I see A. T. Stewart and P. T. Barnum." We sincerely trust that he will have his wish gratified, that another soul may be made happy.

Attention school girls and boys and call for violet, blue and black inks, copy books, spellers, readers, geographies, dictionaries, pencils, slates, &c., a large lot of which just received at HERALD Book Store, up stairs over Harmon's store.

NOMINATING MEETING.—On Monday afternoon a meeting of the citizens, white and colored, was held in the Court House, for the purpose of nominating suitable persons as Intendant and Wardens. Col. Pope, Intendant, was called to the chair, and J. L. Blease, Esq., requested to act as Secretary. Col. W. G. Mayes moved that the present incumbents be re-nominated, and the motion being put was unanimously carried. No greater compliment could have been bestowed on the present Council than that just recorded. The election will be held on Tuesday next.

A PATENT BRIDLE.—We had the pleasure of seeing the diagram from the Patent Office, and also the model of a new bit and bridle, which has been invented by Mr. W. M. Werts, of Prosperity, in this County. By its use a horse can be no more runaway than he can take wings and fly, and we hope that this valuable invention will be made use of by our people. Mr. Werts has secured letters patent, and will proceed to the manufacture, or sell rights for its use.

NEW WRINKLE.—There is no rule without exception as was shown on Friday. Our Clinton neighbor, Mr. Geo. Copeland, brought three bags of fine cotton to town, for which the top of the market was asked. After an active and spirited contest between the buyers, the lively and irrepressible Ruan offered him \$160.00, weights unknown, for the lot. This was refused, and \$165 asked. Ruan held to his proposition until the difference was split at \$162.50, and the cotton turned over. After weighing, and at top price, the three bags amounted to \$165, and in favor of Ruan.

CENSUS.—According to the figures of W. H. Sneed, census taker, which we find in the Progressive Age, the population of the County is as follows: White Males, - - - 3,493 " Females, - 3,648—7,141 Colored Males, - 7,940 " Females, - 8,245—16,185 Total, - - - - - 23,326

A CORDIAL INVITATION is extended to our friends to visit the HERALD office next Monday. Some few of them are indebted to us for subscription and advertising accounts, the subscriptions of others are about expiring, while there are many who owe us nothing but good will. We cordially and affectionately invite all three classes to visit us, the first to pay up, the second to renew for another term, and the third to subscribe. Come up gentlemen, we need the help of all.

MESSES. KINGSLAND & HEATH, proprietors of the popular House-furnishing establishment situated under the Columbia Hotel, in the city of Columbia, are now daily in receipt of new goods in their line from the Northern markets, and their stock of China, Glass, Wood, Tin and Iron Ware is the completest ever brought to the city. In the fancy line, also, they have a superb assortment. Housekeepers and seekers of articles in the ornamental line are advised to give them a call.

HAS A GREEDY WORM.—Sniffles has a greedy worm but as he was born with it we contend that he is not altogether responsible—it was nature which bestowed it and not he himself, and therefore if he chooses to devour anything nice which falls to his lot all by himself, and even turn the key in the lock of his room door so as to guard against the contingency of any of his friends coming in, we think that the responsibility should be thrown upon nature. Sniffles cannot help it, it is the nature of the beast—or rather of Sniffles.

Marion, Batavia, and Revere double Repp Paperies, Excelsior, Belle, Garland, Auburnville, Arlington, and Belle Helene Paperies and Initial papers at HERALD Book Store.

COMMENDABLE.—Mr. J. S. Dominick, from the Piney woods section, brought in a sack of nice home-cured bacon on Friday last, which found a ready purchaser in Mr. T. F. Harmon. It had a look of the good old time about it. An encouraging feature is exhibited in this, that it was raised and cured in the section where report says nothing is made, and shows that there is life in some portions of our County yet. It is such a rare thing for farmers to sell bacon nowadays that we cannot refrain from complimenting Mr. Dominick, and advising others to go and do likewise.

EFFECTS OF BARLEYCORN.—He came to town while the dew was on the grass and while inspired by a drink of pure sparkling spring water, engaged goods which were cut off and rolled up, while toddled around elsewhere. Alas, though, for our mercantile friend, his toddling led to the place where wine is red in the cup and tangle leg is strong, and imbued so deeply as to forget the goods ordered. When last seen he was toddling under the influence of toddy in rear of his wagon loaded with goods bought at another shop. The bundle first engaged is still rolled up.

BURGLES ABOUT.—Various small robberies have been perpetrated in town and County of late. Mr. O'Neill's store in town was entered some nights since and a small haul was made, and an attempt made to enter Dr. Pratt's drug store. Mr. Hays, living just out of the limits, was visited a few nights ago by some of the thieving gentry, and a number of household articles were taken from one of his rooms. It will be well to keep an eye open for the rascals and give them a taste of what a shot gun can do.

KEEP TO THE RIGHT.—It is a wonder that accidents from a careless indifference to the rule of driving to the right do not often occur. It is the commonest thing to see two drivers, coming from opposite directions, hold to the middle of the road until the horses almost touch heads, then commence waddling to the right and left, each uncertain which side the other will turn. How stupid this is, and how dangerous. Now, if each driver of a quadruped—some of whom would be better in harness—would just remember to keep to the right and be sure also to give sufficient room, there would not be the slightest danger of a collision. Dave Crockett said, "Be sure you are right, then go ahead," and we say drive to the right when an opposite vehicle is met, and you can safely go ahead. Keep to the right, fellow-citizens, be you white or black, and you will always be right.

A NEW FEATURE, and one which the ladies will be pleased to learn, is that Mr. W. H. Dickert, the purchaser of the Confectionery and Restaurant of Capt. Speck, has determined to throw open the inner as well as outer sanctuary for the delectation of the ladies of Newberry. We look upon this as a pleasant privilege and one which the ladies will enjoy with zest; a nice little lunch of oysters, fish or other delicacy, with a good cup of coffee, adding as much to their comfort and enjoyment as to the so-called lords of creation. Mr. Dickert is right in this, and has struck a popular chord and one which entitles him not only to the thanks of the ladies but the gentlemen, as the latter will have the exquisite privilege of enjoying their midday lunch in the best of company. We add that Mr. D. assures the best attention and good order, and that his cuisine will be of the first order of merit. Success attend his effort.

THE CAUSE.—A Liberty Hall-ite says the reason why the Laurens train got off the track some weeks since was that there was a passenger on board who had never rode on the rail before. Our friend will accept thanks for this information, for neither the public nor Col. Peake has been able to ascertain the cause of the run off. If there are many more Liberty Hall men who have to take their first ride, it is suggested they all get on at one time, so as to prevent many repetitions. Let them all run off at one time it will save trouble and expense.

THE LAURENS R. R.—Col. Peake is getting so far away from us on his rapid stretch to Laurens, that we seldom see him in our sanctum now, and we are pleased to gather the following item from the Laurensville Herald, which says that "work on the Laurens Railroad is progressing satisfactorily, the Road being completed at this writing (Thursday) to a point within about half a mile from the T. R. Col. Peake thinks that when he reaches this point, he will be able to build half a mile a day. At present everything is progressing as rapidly as could be expected. The work already completed is said to be first-class.

"Col. Peake has a railroad experience of many years, and we have every confidence in his energy, tact and integrity." All he requires, and all that is never brought to the city. In the fancy line, also, they have a superb assortment. Housekeepers and seekers of articles in the ornamental line are advised to give them a call.

TISSUE PAPER, Leaf Paper, Bristol Board, Perforated Board, etc., at HERALD Book Store.

FROM OUR JALAPA ITEMIZER.—The health of our town continues good. Diphtheria has abated, and but few children are fever.

Farmers in the suburbs are busy picking cotton, and sowing of oats is the common topic.

Wm. H. Eddy has had the interior of his store thoroughly remodelled, presenting a neat and tidy appearance. Trading of horses is again in style with the Doctors. In the winter mile race between the M. D.'s, the Sr. beat the Jr. one hundred yards. Pacing being the gait.

Our esteemed aged friend Mrs. M. E. Butler, exhibits some old relics in shape of a pair spectacles and case 250 years old, and a tea spoon 100 years old. They should be sent to the great Centennial next year.

We learn that our market is to open with choice beef in a few days. Robt. Wright being again in front. If the butchers of the town of Newberry, could not supply the community we invite it to try Wright.

Jalapa needs a Notary Public, and as suitable persons we would mention E. P. Chalmers, J. C. Butler, G. W. L. Spearman, Robt. Campbell, Wm. C. Swittenburg, W. L. Waters and others if necessary.

Our P. M. must go 7 miles to have his quarterly accounts proven. Will not his Excellency give us a Notary Public and not a Trial Justice?

The Jalapa schools—two—are flourishing.

ADJUTANT TOWN AND COUNTY.—This is October, and the fourth Wednesday—it is regretted that mention was not earlier made of the month. Subscriptions received during November, however, as 'tis better late than never.

Have you purchased school books yet? Bought a supply of paper and envelopes? Have you ink, pens, pencils? Have you hymn books, prayer books, bibles? In short, everything in the book line? No, not yet. Well, come to the HERALD office, up stairs.

Would you beautify your rooms, make wife and children happy? If so, come up and get a beautiful chromo from the HERALD Book Store.

Phifer says shoes are tight—and Dr. Johnston says teeth are loose. Both can be remedied by getting a fit in one and having the other taken out.

Possum suppers are now all the rage, and the boys who indulge in the luxury when honest folks should be in bed, go about with raging headaches. Possum and taters does the business.

The best job printer in the Southern country attends to the jobbing department in this office.

Invitation paper and envelopes for weddings and parties always on hand at this office. Have your work done at home. Do not go back on home industry.

Speck's jewelry store is all ablaze, and resplendent in beauty. The pump men, while driving furiously down Caldwell street to Main, came near colliding. Pumps are not in such demand as to render it a necessity to drive at reckless speed.

Citizens, do your duty in the coming municipal election—vote for the best men by all means. If there be but one ticket, let every man vote for it.

Horse drovers are coming in, and their lively driving make foot pads get about in a hurry.

Wanted—a few of those men who feel satisfied that they can run a newspaper in a style to suit everybody. We would be pleased to hire one or more to help on the HERALD.

While on this head, we want a fellow to do a little collecting; he must be one of those chaps, who, if told that it is not convenient to-day, will take delight in calling to-morrow and next day.

Our experience this week is that business is fearfully dull. Our Molohon clothier gives in on the turnip question, but not on the dog; he has got the doggonest dog ever seen in this section of country. He had him imported from Bush River.

no longer dodge at the sight of a new face. Now is the time to plant out shade trees, to sow oats, rye and barley. See to it, citizens and farmers. Beautify your homes—sow grain for stock.

By means of stencil apparatus cottonists are informed that the fleecy article will be weighed by A. G. Maybin for 10 cents per bale. The notice is tacked up on one of the Scott's creek bridges.

Monday was a charming day, and he brought his youngest and only child to town. We are pleased to say that he was happier and had much less trouble on this occasion than when he carried home one of Speck's clocks. The miserable clock commenced striking when the horse struck a trot, and continued as long as a wheel would turn.

One of Harmon's clerks had a hard time of it a few days ago. Find out which one is alluded to and ask him all about it.

Saturday last was an awful big day for trade. Various stores were crowded from early to late with the colored country population. In one store a white gentleman was asked to wait until Monday for the Rio coffee needed on Sunday.

The people of Newberry need light is evident, and many of them are getting it. Dr. Fant in one day sold getting stock enough lamps to serve two or three big camp meetings.

The forest is now clothed in its richest livery. It will do one good to ride or walk out and away from the traffic of town and see what nature is doing.

Capt. John Aull, at the Steam Mill, recently had two fine sheep stolen from him, which unfortunately he has not been able to recover.

The citizens of Newberry living outside of the two lively market towns—Prosperity and Pomaria—will be rejoiced to learn, through the pens of some of their really writers, how those flourishing sections are doing.

Application will be made to the next General Assembly for the incorporation of the town of Helena.

BEWILDERING.—The visitor to the store of Messrs. Perry & Slavson is in danger of having his wits go on a wool-gathering expedition, so extensive is the display of stock which fill counters, shelves and show cases, in segars, tobacco, pipes, canes and a hundred other fancies for gentlemen, and these are not all the causes which are calculated to lead to a slight wandering of the fancy, as the entire arrangement and design of the store is in the most elaborate style of art. It is decidedly one of the neatest and most perfectly finished stores in the city of Columbia.

Should the visitor be affected, we gladly state that an antidote can be at once had in any of the numerous choicest brands of their segars, a few puffs from one of which will immediately restore him to his former condition, the reaction of which will be so pleasant that an investment will be at once made in a whole box. These gentlemen do besides a large wholesale business, and the trade are invited to send orders. Remember the place—one door below J. C. Dial, Columbia, S. C.

"O Lord," prayed a Methodist minister, "keep me humble and poor!" "O Lord, if Thou wilt keep him humble," said the deacon who next prayed, "we will see to it that he is kept poor!"

Mr. James Corrie, Dentist, in Baltimore, was "of" have used Dr. Bull's Cough Syrup personally and in his family for two or three years, and am prepared to say that there is nothing to compare to it as a remedy for Coughs, Colds, &c.

An Important Fact.—The voluntary testimony of thousands establish beyond all doubt a fact of vital importance to the sick and debilitated, viz., that Hostetter's Stomach Bitters is an absolute specific for remittent and intermittent fever, dyspepsia, constipation, biliousness, mental depression, sleeplessness, chronic diarrhoea, and all diseases of the stomach, liver and bowels. The unmedicated stimulants usually prescribed in these cases only aggravate the symptoms, instead of removing them. The Bitters, on the contrary, act as a corrective and invigorant, without producing the unpleasant and dangerous consequences of the usual school practice. The action is mild and soothing to the irritated stomach and bowels, promoting digestion and preventing flatulency, nausea, headache, and all intestinal irregularities. A wineglassful before meals greatly assists digestion. The convalescent may use them with great benefit, as a means of restoring strength and cheerfulness.

Familiar faces are always gladly hailed among us. This is certainly a fact regarding Mr. P. Toole's advertisement which appears in another column. We can safely say that Mr. Toole is the Champion Manufacturer of Doors, Sash and Blinds, to which he adds a large list of requisites for the completion of any building. To the needy we say "send for his prices."

Commercial.—NEWBERRY, October 26.—Cotton market active, with large offering; closed at 12 cents. Bales shipped during week 1,336. LIVERPOOL, October 25.—Cotton easy; prices have fallen a fraction—middling uplands, middling Orleans 7 1/2; sales 10,000. NEW YORK, October 25.—Cotton steady; sales 900, at 1 1/4-1 1/2. Gold weak at 154.15-154.10. BATTLE CREEK, October 25.—Cotton dull—middling 12 1/2. CHARLESTON, October 25.—Cotton quiet and easy—middling 13 1/2.—Cotton dull and nominal—middling 12 1/2.
