

THE NEWBERRY HERALD.

Special and Local.

INDEX TO NEW ADVERTISEMENTS.—Wm. Young—Notice, J. F. Todd—Rooms to Rent, W. H. Burrow—4 Chromos Free, Joseph Brown—Temporary Remoral, Dr. S. F. Fatt—Drugs, Medicines, &c., C. H. Manson—Stockholders Meeting, Richard Tozer—Agricultural Machinery, McFall & Pool—Dry Goods, Millinery, &c., Jno. B. Garville—National Bank of Newberry, S. C.

Let every farmer read the advertisement in this paper of "Chinfas and Japan Peas." If one-half that is claimed for these crops by the best authorities be true, they are indeed a good seed to the South.

The China, Glass and Crockery Store of Messrs. Kingsland & Heath, of Columbia, is in keeping with the times, goods at prices cheaper than ever before, and now is the time for the thrifty housekeeper to lay in her stock of such things as are indispensable for use. Their stock is kept full of everything in their varied line, and every novelty is added as fast as it comes out and is proved worthy of being offered to the public.

When Edward Scholz repairs your clock or watch it is warranted for one year. Try him. Satisfaction guaranteed.

SUNDAY SCHOOL CELEBRATION.—There will be an interesting Sunday School Celebration at New Chapel Church on next Sabbath, to which a cordial invitation to attend is acknowledged.

A case of the best yard wide Bleached Homespun ever sold in this market for 12 1/2 cents, just received at 17-4.

Prof. Schmitt has concluded to remain here during the spring and summer to teach instrumental music. Those interested should make speedy arrangements. Recommendation is, of course, unnecessary.

Mrs. Lubken is offering a fine lot of cakes, &c., at extreme prices. [Abbeville Medium.] She had better keep a few cakes for fear of starvation.

CANNON CLUB, No. 10.—The following are the officers of the Township Club 10: G. G. DeWalt, President; Maj. J. Epling, First Vice-President; Henry Stone, Second Vice-President; G. M. Singley, Secretary; J. W. Wicker, Cor. Secretary. Club meets on fourth Saturday at 3 o'clock.

We have now in stock a full line of "Harris's" Celebrated Kid Gloves, in all the new shades, to which we invite your special attention.

RETURNED.—The Rev. H. W. Kuhns reached home on Saturday last, having successfully and pleasantly accomplished his lengthy trip West, and now with renewed health is prepared for the arduous duties before him.

We wish some of our banking friends would tell us what a silver dime is worth. A short time ago we saw that a shin-plaster was better money than silver. Now, owing to some English banking transaction, it is stated that silver has got the better of paper again.

The Greenville News has been presented by Col. Hammett with the first bolt of cloth made at the Piedmont Cotton Factory, located near that city. We have a dreamy remembrance of a prospective cotton mill somewhere in this neighborhood.

Pic Nic.—As previously announced, the Hook and Ladder Company will give a picnic on the 12th of May. This will be in celebration of the company's anniversary. Committee of arrangements are Messrs. W. T. Tarrant, J. O. Peoples, S. B. Fowles, G. S. Mower, J. S. Fair, Field Committee.—Messrs. O. L. Schuppert, D. S. Pope and Y. J. Harrington.

Attention is called to the advertisement of Dr. S. F. Fatt in this week's issue. In addition to his large stock of fresh and pure drugs, medicines, perfumery and toilet articles, he has in store paints of superior quality, already mixed for use, together with white lead, oils, brushes, &c., from approved makers, and warranted to give satisfaction.

We learn from the Press and Banner that Mr. Wm. B. Dorn speaks hopefully of the new veins of the precious ore which have been brought to light.

EARLY WHEAT.—Specimens of early wheat were shown us on Monday morning, taken from one of the fields of Mr. L. A. Hawkins, living near Beth Eden. The heads are large and nearly filled out, and if the crop is generally as good as the heads shown the yield will be very large indeed.

The Abbeville papers inform us that a Rifle Club of 120 members has been organized at Hodges' Depot. Why, what's the matter with our neighbors?

The Abbeville papers inform us that a Rifle Club of 120 members has been organized at Hodges' Depot. Why, what's the matter with our neighbors? Is there an insurrection in Abbeville? A company of 120 members with four sergeants and two chaplains! They must expect hot work on both sides of the river.

There is likewise a whole lot of Advisory Board—some twenty or thirty—who no doubt compose the council of war. If we did not see the names of the best citizens of that county connected with it we would consider it a big hoax. What does it mean?

When we learn from the Press and Banner that Mr. Wm. B. Dorn speaks hopefully of the new veins of the precious ore which have been brought to light, the ore is rich, but he thinks that the main vein is yet to be discovered. Whenever you find it, Mr. Dorn, we hope you will send us a specimen of about the size of the silver block that has been sent by Mexico to the Centennial. We will pay the freight.

W. M. Wheeler, resident photographer and artist of Greenville, favored us with a visit of ten days and during that time made some excellent pictures. It is regretted that his engagements in Greenville prevent a longer stay here, and that perhaps his gallery in this place will be closed for some time.

ST. LUKE'S CHURCH—EASTER ELECECTIONS.—At a meeting of the Vestry of St. Luke's (Episcopal) Church, on Easter Monday (17th) the following Vestry were elected for the year:

Wardens—W. C. Johnson and A. W. T. Simmons. Vestry—R. H. Greener, N. B. Mazyck, J. N. Fowles and R. H. Clarkson. Delegates to Convention—N. B. Mazyck and R. H. Clarkson.

The Abbeville Press and Banner says that Master Julius Ligon ran away from his father, Mr. J. H. Ligon, of Lebanon, on Thursday week last, and begs that the Newberry HERALD will take care of him if he comes this way.

The ladies will be delighted to learn that Messrs. McFall & Pool are receipt of their stock of Spring goods, which for variety in style, excellence in quality and cheapness in prices, cannot be surpassed.

In keeping with these abominable holes is one not far from Lindsay's Bridge, this side, which report says bears any hole in the County.

FOUND IT.—Friend Baird of Stall No. 2, Newberry Market, has been on the search of good beef for some time.

Don't buy what you no use for, even if it be offered to you at a bargain. Don't fail to pay your subscription to the paper—on this hangs your prospect for good or evil.

Don't say that the times are so hard that you cannot advertise—the harder the times, the more need of advertising. Don't put off till to-morrow what you can do to-day.

Nothing is more generally required, all over the world, than a safe, perfectly harmless and reliable purgative medicine. Purgatives sometimes produce pain during their operation.

The weather is a prolific topic—what would people do without it. The successive frosts of last week worked considerable havoc to young vegetation.

One week more than another Sale-day—it is earnestly hoped that the reader who is in arrears will prepare in the interval to meet his obligation to the HERALD.

Those who have not yet made up their minds to subscribe are requested to come to a decision before Sale-day—let it be favorable.

Corn is sprouting beautifully—and what is better there is a vast area of it. The spread eagle speech delivered on Monday night week is requested for publication.

Those who have not yet made up their minds to subscribe are requested to come to a decision before Sale-day—let it be favorable.

Those who have not yet made up their minds to subscribe are requested to come to a decision before Sale-day—let it be favorable.

Attention is directed to the card of Mr. Richard Tozer, proprietor of the City Machine Works, Columbia. The machines offered by him are first-class and particularly adapted to the wants of our farmers.

A PLEASANT RAID.—Gen. Superintendent Peake gave the people of Clinton, Martin's Depot, Kinard's Turn Out and Jalapa an opportunity in a free excursion of visiting the metropolis of Newberry on Saturday last.

VERY BAD.—Going from town by the O'Neal place to Langford's Mill, on last Saturday, holes were discovered and gotten into which we did not dream were in existence.

It is a matter of regret that calicoes proved a greater attraction than newspapers and stationery—out of the entire crowd only one gentleman—visited our upstairs retreat.

Don't plant cotton to the neglect of corn, for if you do, you will rue it. Don't mind what your neighbor does, if Squire Big John is bent on committing agricultural suicide let him do so.

Don't buy what you no use for, even if it be offered to you at a bargain. Don't fail to pay your subscription to the paper—on this hangs your prospect for good or evil.

Those who have not yet made up their minds to subscribe are requested to come to a decision before Sale-day—let it be favorable.

A drawer full of memorandum accounts at the HERALD Book Store. Parties are requested to call and take them up. Hereafter do not ask for time—cash is the word. Remember this.

Gen. Tom Thumb during his recent visit here attended the Masonic Lodge. He was the highest Mason in Newberry, with the exception of one other, being up to the 32d degree, and at the same time he was the lowest.

The sunsets are now grandly beautiful and the forests are donning new Spring dresses. If the hearts of men do not expand now then there is no hope.

Harmon's dray horses took fright over at the Depot on Thursday and ran away, one of the horses was injured. It is strange that runaways are not more frequent.

The furore created by the arrival of Tom Thumb and family showed that Newberry is full of life yet. The late frosts seriously retarded the growth of garden vegetables—the tender plants are now, however, putting out vigorously, and soon will yield the first fruits.

Strawberry plants are in full bloom, fortunately the frost did not do them much damage. Everybody should devote a spot in the garden to the cultivation of this delicious fruit.

The chicken crop it is feared will be a small one. One amateur complains that from six settings hens with full complement of eggs—only ten chicks in all were hatched.

Don't forget to call up on Sale-day and pay back dues for the HERALD—our renew subscriptions. The office is still over Harmon's Store.

The fruit crop is not entirely killed, and it is a pleasure to say that there will be right sharp of peaches yet. Recent rides round the country have afforded the gratifying sight of fields which erst were devoted to cotton, but now exhibit the tender blades of corn shooting up with the promise of food for man and beast.

We notice, too, that farmers generally are paying more attention to the meat supply, and are raising more pigs than common. This is right, gentlemen.

Prof. J. C. M. Perry it is said will soon return to Newberry, thus affording another opportunity to persons desiring lessons in penmanship. Mr. Wooten, at Pool's Hotel, will receive the names of those who wish to join the class.

The cough can't man has again made a descent upon the town of Newberry—but his bait of silver trade dollars did not prove wonderfully attractive, and it is gratifying to state that he has held his tent and disappeared.

Have you tried the celebrated Blue Lick water. If not, go to Pelham & Wardlaw's drug store and do so. The store room opposite the HERALD office is almost as prolific a news topic as the weather.

The greater portion of it is now occupied by Mr. Joseph Brown, whose large stock fills the ample shelving in a conspicuous manner. He will remain in this store about one month, or until his old place is put in thorough repair and repainted.

After that we will have another local. A plot made by four clerks in a prominent dry goods store to garrote the first man who entered, provided he did not trade to their notion, failed in execution for the reason that he was over six feet high and stout in proportion. They concluded not to try it on.

Nothing is more generally required, all over the world, than a safe, perfectly harmless and reliable purgative medicine. Purgatives sometimes produce pain during their operation.
