## A SPLENDID CHANCE.

We want a good many more subscribers than we have, and it is our purpose to make a vigorous effort to obtain them. We trust to merit in full the success we desire, by im-proving our paper in every way within our power.

One of the best ways to make a paper better is for its readers to strengthen the hands (fill the purse) of the publisher, by enlarging the subscription list. To publish a good paper costs largely. Friends, speak a word for us to your neighbors. Show them copies of your paper. Prevail upon them to subscribe for a year, and give it a trial in their families.

the papers, Persons out of employment can make money by calling at our office, and engaging to canvass for subscribers. We wish good ule of the Spartanburg and Union Rail work, and are willing to pay a good price Road has been changed for the sumfor it.

As a special inducement, we have arranged to present, on the 4th of July next, Five WEED SEWING-MACHINES, style 1, price \$60, one to each of the five persons who will send us the largest five lists of subscribers from now until the 20th of June. No one will be entitled to a machine whose list contains less than twenty-five subscribers, and no name of a person already a subscriber will count. Send the names and money as fast as you get them, and they will be placed to your credit. It will in this way be easy for the Free Mason and other charitable societies who have widows and other women dependent upon their charities, to secure sewing machines for these women, who will thus be enabled to support themselves. TRY IT! 19-tf.

in session with the General Synod of When Edward Scholtz repairs your clock or watch it is warranted for one year. Try him. Satisfaction guaranteed. 15-1y the Evangelical Lutheran Church, at Staunton, Va., that the next session

## A MAGNIFICENT OFFER.

A very liberal contract with the Weed Sew-ing-Machine Company will enable us, we hope, to place their celebrated Machine in many families. So fine an opportunity to secure a first-class sewing machine seldom occurs. May we not expect our friends, and all interested in our work, to make an earnest, united effort to extend our circulation and thereby increase our influence? Cannot the reader form a club in his or her neighborhood, and secure this sewing machine as a premium? A few hours of well-directed effort will obtain it. Are you a postmaster in a county town or village? With a little thought and effort you can easily send us thirty names. Pass the subscription paper. Thirty names at \$2.50 each will secure thirty copies of this paper for one year and a \$65 sewing machine. In forming such a club you will help us in our work, and benefit your neighbors by placing in their families good reading, and at the same time make your own or some other family happy in the possession of a great labor-saving machine, warranted to be perfectly new, of the latest improved construction, and in perfect order.

THANKS WITHOUT STINT .- We are G. & C. R. R.-Mr. Pelot, acting pay-THANKS .- Another big bucket of the again under obligations to Mrs. Jos. master for the Greenville & Columbia richest and sweetest kind of buttermilk Rail Road, passed over the road last Brown, who remembers us so repeatedfound its way hither last week from our week, paying off the employees. About | ly and so kindly. Good rye bread is kind friend, Mrs. Elkins of Alston. \$500 per month is required for this pur- highly esteemed by us and this lady That section is famous for its rich botpose.
