Christmas and New Year's are at hand, and people are looking about to see what to buy and where to buy. No better place in the land can be found than the extensive China, Glass and Fancy Goods establishment of Kingsland & Heath of Columbia, under the Columbia Hotel. They keep everything in their line, and many things which the generality of people know not of; and if a present is needed for husband, wife, sweetheart or child, that is assuredly the place to get it. If glassware is needed, or the table needs furnishing in china or crockery, go to Kingsland & Heath.

When Edward Scholz repairs your clock or watch it is warranted for one year. Try him. Satisfaction guaranteed. 15-17

THOMPSON, Dentist, over Pfister's Store, 35-17.

DEATH.—Capt. Basil M. Blease, who has been lingering with Consumption for several months, died at Newberry, Tuesday, the 2nd, at the age of 50 years. He served gallantly during the late war in the 1st S. C. Regiment, part of the time as Lieutenant and afterwards as Captain. At the battle of Cold Harbor, June 27, 1862, he received a wound through the right shoulder, so disabling his arm as to render it almost useless for life. The deceased left a young wife whom he had lately married, and three children by a former marriage.

See card of F. Werber, Jr., Deputy Surveyor, 35-2m.

There was nothing done at the January term of Court except passing a few orders and giving judgment by default. Court adjourned sine die on Monday.

FOR RENT. Dwelling House containing eight rooms and five fire-places. A good tenant can get it very low. Apply to W. M. SHACKLEFORD.

TAX NOTICE.—The attention of the citizens of Newberry County is directed to the advertisement of Mr. U. B. Whites, Special Tax Agent, office in Moorman & Schumpert's office. Let all give this matter prompt attention, and thus testify their loyalty to Gov. Hampton and his government.

Cold, piercing winds and driving rains seldom fail to bring on a cough, cold or hoarseness at this season, and Dr. Bull's Cough Syrup should be kept in every house. For sale by all druggists.

THE NEW COUNTY TREASURER.—Mr. U. B. Whites, of Prosperity, has been appointed and commissioned by Gov. Hampton as Treasurer. He took possession of the books belonging to his office Saturday, the 6th instant, and entered upon his duties. The appointment is a good one, and will give much satisfaction to the tax-paying citizens of the county.

BUSINESS CHANGE.—By reference to card elsewhere, the readers of the HERALD will see that the firm of Messrs. McCreey, Love & Co. has been dissolved, and that the "Grand Central," so well known to them, is now under the control and management of McCreey and Brother. We need not say here that this popular house will be as attractive in the future as in the past. Messrs. McCreey & Brother have our best wishes for 1877.

MONEY ORDERS.—The amount of money received and paid out by Postmaster Boone for the year just closed is as follows: Orders issued, \$18,857.43; orders paid out, 7,237.34. Considering the stringency through which we have passed, the amount is considerable. In 1875 the amount was largely in excess.

THE MASS MEETING.—The Court House was crowded Monday with citizens of the County, white and black. The proceedings were marked by a spirit of dignified earnestness and determination. The citizens pledged their unanimous support to the Hampton government. If the same spirit animates the whole State that animates this County (and we have no doubt that it does) then the Chamberlain usurpation will be as dead as Hector before two months have passed. The Secretary's minutes are found in another column.

SAFELY HOUSED.—The many friends of the Rev. George M. Boyd will learn with pleasure that he has arrived safely at Jonesville, S. C., to which charge the Conference appointed him at its last session. That he cannot do without the HERALD we are gratified to learn through his postal card, but regret that we cannot supply him with any lightwood, the stock on hand being very limited. He will have to make out with the green pine of Jonesville. The paper will be sent promptly. If we had control of the arrangement the preachers should not be moved in the cold weather. Our best wishes are extended.

NO EXCUSE FOR BEING SICK.

No person can use BOSCHEE'S GERMAN SYRUP without getting immediate relief and cure. We have the first case of Coughs, Colds or Consumption, or any disease of the Throat and Lungs, yet to hear from that has not been cured. We have distributed every year, for three years, over 250,000 Sample Bottles by Druggists in all parts of the United States. No other Manufacturer of Medicines ever gave their preparations such a test as this. Go to your Druggists and get a bottle for 75 cents and try it—Two doses will relieve you. Sample Bottles 10 cents each. Jan 10, 2-3m.ew.

WAITING.—Spriggins was the maddest fellow the other day we ever saw; he was in a hurry to shave—his beard was three days old. He had been snowed up, but at length reached the barber's to find him engaged with a customer's mustache. It was a small patch and he thought it would occupy only a short time, but he was mistaken. For twenty minutes he sat, and then growing impatient, rushed out and skated around on the ice to cool himself, then took a Tom and Jerry to get warm—time occupied about twenty minutes more. Then he went back and found the barber still dabbling something on that incipient mustache and as often wiping it off again; then after getting it red hot he fanned it with a turkey's wing to cool it. No doubt the barber succeeded in what he was doing, for he stopped at the end of fifty minutes; but Spriggins could not see it—the mustache—and thought it must have died under the operation.

MEETING.—The Ladies' Society of Church were called together on Wednesday afternoon last. It was cold but dry under foot—not the Society, but the weather—while the sun shone bright overhead; really it was a charming afternoon, as was evidenced by the merry jingle of numerous sleigh-bells which tinkled through the streets and the merry shouts of the fair ones who sat behind red-nosed boys. These found it bracing—but of the meeting: Only one braced herself up for the occasion. The meeting, consequently, was small, but it was enthusiastic, and the member voted herself to the chair—nearest the fire and called for a reading of the minutes; in their absence the chair determined to make the minutes fly pleasantly—about 60 of them at least. It was unanimously adopted to lay the Society on the table for the present, and further, that when next a quorum met a clause should be inserted in the constitution that hereafter this Society will "never mind the weather when the wad don't blow."

STORE ROBBED.—Last Saturday night, while honest people were in bed, some parties, not having the fear of the law before their eyes, broke open the door of Mr. Patrick Scott's clothing store, and helped themselves to a considerable quantity of dry goods. The thieves proceeded about their work with deliberation and regularity. After breaking the lock they lit a candle and placed it on the counter so as to make a thorough examination of the goods. They showed a most unmistakable contempt for common stuff, and went for the broad-cloth and fine cassimers. Besides the cloth suits, flannels, shirts and overcoats were taken. A large trunk is also missing, in which the robbers carried off the booty. Mr. Scott estimates his loss at between \$500 and \$600. From the tracks in the snow about the door on Sunday morning it is thought there were only two in the party. Mr. Scott is especially unfortunate; only two years ago he was robbed of a large amount of clothing.

SINGULAR FACT! It is not strange that people run off after strange things, when they could do better at home? Nearly every man, woman and child in the country knows Ayer's, Jayne's, Wright's, Redway's or Tait's Pills, and very few know Dr. Jas. L. Glider's Liver Pills; and yet, we venture the assertion, that any one buying and using a single box of Dr. Glider's Pills, will never buy any of another manufacturer. Dr. S. F. Fant sells them, 35-3.

ABOUT THE TOWN AND COUNTY.

The weather exceeds the limits laid down by the statutes for this latitude. The ground is still covered by the snow of last Monday week.

Sleighs of every fashion have been the order for the past week. Blankets and overcoats have been in greater demand lately than the oldest man remembers.

An extra supply of rubbers had to be telegraphed for on account of the expected slush when the snow begins to melt. That it will melt sometime no one doubts; there are hoards, however, that will not melt. Reference to our subscription books proves this assertion.

A cold, disagreeable rain set in Friday night. Do not omit reading the special notices immediately under the head of Local—they are especially interesting. The friends of the HERALD are earnestly requested to interest themselves in adding to its list of subscribers. Make up clubs at once.

Many persons in the town were in great distress last week for the want of wood. As the snow fell prices went up. There is no disputing the fact that some folks when they depart this life will go down, down, down. John Willis failed to come to time on Wednesday—this time he was frozen out, the time before he was drowned. We did not know when making notice last week that an individual had four turkeys in his yard Christmas and none for dinner that there were others in the same category.

The town people need greasing, and if by the country folks have any but they will be doing a charity to bring it in. Buckwheat cakes don't slip down easy, just dry so. Maj. C. B. Buist has removed to the store next to Pellam & Wardlaw. It is decidedly a more eligible stand for business and for the display of stock.

Moving, for several days retarded by the weather, opened lively on Thursday. The editor of the Spartan is in luck, ten rabbits presented to him all in one day by one man. He won't have to buy beef for a week to come. Would that some of our friends were rabbit hunters.

Mr. W. A. Kinard, of the famous Baltimore Corner, is about to give up the sweet business of selling candy and other nice ones. There will be a vacancy for some one.

Cotton buyers and weighers are looking blue these bitter cold days. The only fine article to be seen now is snow, beautiful snow. Again did he disappoint his friend, who tells us he will never believe him again. It is a common practice now to tell deliberate falsehoods. There are several prospective weddings in the Chappell's Depot section, and the preachers and furniture men are correspondingly happy.

Dr. Ed. Jones and Mr. Robt. Moorman and other young gentlemen were out sleigh-riding with their swee—young lady friends Thursday. All that was needed last week to make this the arctic regions was a polar bear.

Wagner's Orchestra was out serenading again the night of the 2nd. The weather Tuesday night was the coldest ever known here in the "oldest inhabitant." The thermometer Wednesday morning stood at 2 deg. below zero. Thursday morning was not so cold—6 deg. above zero.

A beautiful little bird came into our office Tuesday and spent the day, but at night he got stuck in the ink-pot and died. Another came in Friday. The poor things have had a hard time; the ground has been so covered with snow that they could get nothing to eat.

The Sheriff was fined \$25 Friday by Judge Northrop for contempt, in neglecting to return to the court the names of prisoners confined in jail, as required by law. The Judge proposes to do his duty himself, and to see that the officers of the court do theirs.

A leading lawyer in town says a cross-eyed man has no right to vote, because he is not naturalized (naturalised).

When the Court met Thursday there were no fires in the Court House, and the lamentable fact was revealed that Newberry County was too poor to buy a load of wood.

It is mean to snicker in your sleeve when a woman slips down and then rush to her assistance with tears in your eyes, and tell her how sorry you feel. Everett, the humbug spirit medium, will not visit Newberry. Frank says he had better not.

The "hog in" and "hog out" question is exciting much feeling. As we go to press the vote is being cast, and it is thought the "hog in" ticket will win. If this ticket is elected, it is hoped the cows will be left out, and in every other way the people be taxed as lightly as possible.

Other changes than those mentioned last week are contemplated in business circles.

As an evidence of the happiness existing in and around this county, reference is made to the marriage notices in another column.

The good friend who expressed surprise that a subscriber would discontinue his paper while indebted for twelve months, is informed that this is not a singular case. There are others in the same category. If it was the last act of their lives they ought to remit the amount at once.

Valuable cows have died from eating muck-ore trimmings thrown into streets, and as the season for trimming again approaches, we advise that some other place than the street be found for the poisonous stuff.

In the absence of fire in the court room on Friday morning considerable warmth was imparted by Judge Northrop.

Now is the time to "wood up," as well as to "ante up."

It is time that rents tumbled a trifle. After the inauguration on the 4th of March the political sky will clear off and business will revive.

The man who gets sore-headed because he can't make money fast should take consolation from the quotation that "it is easier for a camel to go through the eye of a needle than for a rich man to enter heaven."

"Be content with what you have," as the rat said to the trap when he left his tail in it.

The wagon body was blue which contained a dozen or more big and little folks on their way to skate on Bush River last Friday, and so were the occupants. What kind of time was had this local knoweth not.

The following beautiful lines are expressive, and it is said to say that the author perished in the last snow: "Go see what I have sown, Go feel what I have felt, Walk in the fields at early dawn, And smell what I have smelt."

"This is the way to advertise; 'Round away I Red and vite caf. His to be hit leg was vax plack, he vas a she caf. Enipotat vat prings him pack pairs 5 tollars.'" Apply at disc office, mit de caf.

THE CONCERT AT THE FEMALE ACADEMY.—The pupils of Prof. Pfifer's school gave a concert last Thursday night to quite a large number of invited guests. Notwithstanding the severe weather the invited ones turned out in full force. Within the building bright fires were burning, making everything as comfortable and pleasant as could be. The exercises consisted of vocal and instrumental music. The performances were decidedly above ordinary; the pieces were all well rendered, and the singing was good—in some cases remarkably so, reflecting much credit upon the pupils and upon their excellent teacher, Mrs. Bailey. This lady is a splendid performer, and possesses a fine voice, with the happy art of cultivating successfully the musical talents of her pupils. After the regular exercises were over the young folks enjoyed themselves together awhile as only young folks can. The fortunate ones then jumped into their sleighs and glided smoothly over the snow to the music of the bell(s); while the foot passengers slipped and tumbled along as best they could—all well pleased with the beauty they had seen and the music they had heard.

THE MATTER OF THE JURIES.—At the assembling of Court last Friday, the Presiding Judge, having grave doubts as to the legality of the jury that had been drawn for this year and this session, referred the matter to a committee of the Bar, to inquire into and report the facts as to how the jury had been drawn. In the afternoon session the committee reported that the jury had been drawn by the County Auditor, the Jury Commissioner and a person styling himself Chairman of the Board of County Commissioners. This self-styled Chairman had never qualified as County Commissioner under the new election. At the request of the Judge the validity of the jury was discussed by the Bar, the Judge withholding his decision till Saturday morning. He then decided that the jury were not valid, on the grounds that the so-called Chairman of the Board of County Commissioners, who participated in the drawing, was not Chairman of the Board by virtue of his election in 1874, because the Constitution limits the term of office to two years; and that he was not such Chairman by virtue of his election in 1876, because he has not yet qualified; and that the participation of said so-called Chairman in the drawing of the jury invalidated the whole proceeding. Both the Grand and Petit Juries were thereupon discharged, and the Sheriff was ordered to serve process upon the Grand Jury of last year, who will serve for the two remaining terms of this year.

Something New—Agents Wanted. BADEN PROLIFIC FLOUR CORN.—This corn excels any other for bread and for stock use. It is a thicker husk than any other kind, and grows from 6 to 14 cars on a stalk. The important points we claim for this new variety of corn are these: 1. One stalk of this corn bears from 6 to 14 ears; one hill with two stalks makes from 10 to 25 ears—three or four times as many bushels on the same soil and with the same culture as the common corn. 2. The corn is heavier in weight, has as thick a chimer husk, makes corn meal, for family use, sweeter and more nutritious, and valuable for feeding stock. 3. That it will grow and mature earlier and is not liable to be caught by frost. 4. The grains are large, pure and white, and are, on a medium land. A fine quality of Flour can be made from one acre of this corn, and the same quantity would yield a flour of a finer grade than that made from the best wheat. Even an epidemic would fail to distinguish between good and bad corn, and the corn sheathed weighs 6 lbs to the bushel—which is 5 lbs heavier than any other quality.

PRICES BY MAIL POSTPAID. 1 Sack, 50 lbs, \$1.00 6 Sacks, \$4.50 3 " " 250 lb, 2.50 10 " " 2,500 lb, 12.50 Each sack contains 100 pound grains. Sample stalks with the ears on them will be sent out to Agents. Write for TESTIMONIALS with terms of Agents. Beware of swindlers! No one but the genuine seed, State except myself. Some parties advertising this corn and offering to send stalks, when you order, will write you that they get a good commission, and write for terms at once before the agency for your County is given to some one else. ADVICE GRATIS. The Hon. Alexander H. Stevens says—"The Globe Flower Cough Syrup has proven a most valuable remedy to me."

Gov. James M. Smith, of Georgia, says—"I shall always use it with perfect confidence, and recommend it to the public as a remedy which will afford that satisfaction experienced by me and mine. It excels everything for coughs, colds and obstinate lung affections."

Ex-Gov. Brown, of Ga., says—"He finds the Globe Flower Cough Syrup a most excellent remedy." Such endorsement by our great and good man deserves the attention of the afflicted. Those suffering from coughs, colds and lung affections should use the Globe Flower Cough Syrup. It will positively cure consumption. For sale by S. F. FANT, 44-1f.

Dr. S. F. Fant is giving away a handsome book entitled "Pearls for the People," containing much valuable information and many interesting articles. It also contains a history of the discovery of the "Hepaticus," for diseases of the liver, dyspepsia, constipation and indigestion, &c., and gives positive assurance that when the Hepaticus is used it effects a permanent and lasting cure of these diseases, which prevail to such an alarming extent in our country. Take the Hepaticus for all diseases of the liver. 44-1f.

Happy Influence of a Great Specific. For the preservation or recovery of health and strength, the diet should be wholesome and nutritious. When it happens that the alimentary processes are disturbed by improper or half masticated food, the best remedy for the evil results of abusing the digestive organs is Hostetter's Stomach Bitters, a most agreeable, prompt and gentle remedy for dyspepsia, and for the bilious and evacuating irregularities which result from it. The liver and bowels, in common with the stomach, experience its beneficent influences. The refuse of the system is carried off through its natural outlet, a healthy flow and secretion of the bile is promoted, and a powerful impetus is given to assimilation in consequence of its use. It heartily stimulates the bladder to its healthy activity, and by its tonic and regulating action fortifies the system against malaria. 1-5t.

LARGE LAND SALE! 2,000 ACRES, MORE OR LESS.

I will sell on Sale-day, being the 6th day of February next, my valuable tract of land situated and lying from 3 to 2 1/2 miles North and North-west of Newberry C. H. These lands are divided into

TWELVE SEPARATE TRACTS, each tract fronting either on the Union Road, which runs through or about the centre of the whole tract for two miles and a half, or on Laurens Public Road, leading from Newberry C. H., to Laurens C. H., or on the Long Lane Road, running from Black Jack to Maybinton. These different tracts have been very carefully divided from the main tract.

EACH CONTAINING SUFFICIENT TIMBER to supply all persons for years to come. On each of these distinct tracts are located fine water privileges, bold springs with large branches running therefrom, with small bottom lands on each tract. There are improvements on all of these separate tracts, which are on public roads, except No. 11, which has a right of way from Laurens Road, and have beautiful sites upon which to build. The House place, No. 1, is one of the best improved places in this County, with

A FINE DWELLING HOUSE, EIGHT ROOMS, two good brick offices and two summer houses, kitchen, meat house, good servants' houses, a new frame grain house, (built last year,) good screw, good frame stables and cribs, two store houses and good stand for horses.

I had my dwelling house covered this year with cypress shingles, requiring 25,000 shingles at a cost of \$7 per thousand. This is certainly one of the finest and most desirable locations in the State, for the productivity of the lands, fine neighborhood with unexcelled and suitable class of citizens; churches and schools in neighborhood; splendid water, and noted for its exemption from all malarious diseases throughout the year.

The lands in level, have no gullies penetrating them, and have been kept in a high state of cultivation ever since I owned them—never at any time allowing them to become neglected.

The yield in cotton, corn, all small grains, &c., cannot be surpassed by any other lands of this section of the State. The plans of each tract will be exhibited at Messrs. Suber & Caldwell's office, Newberry C. H.

Tract No. 1, 203 1/2 acres, is situated 4 miles from Newberry C. H. No. 2, 124 acres, 3 miles. No. 3, 108 1/2 acres, 3 miles. No. 4, 127 1/2 acres, 4 miles. No. 5, 207 1/2 acres, 4 miles. No. 6, 277 1/2 acres, 5 miles. No. 7, 145 acres, 3 miles. No. 8, 124 acres, 3 miles. No. 9, 202 1/2 acres, 4 miles. No. 10, 185 1/2 acres, 4 miles. No. 11, 115 acres, 4 1/2 miles. And No. 12, 184 1/2 acres, 5 1/2 miles.

SUCH AN OPPORTUNITY for obtaining homes in this productive part of the State has never before been offered. It is on the place, at Four Mile House, and will take pleasure in showing these lands to persons desiring to purchase or to inspect them.

The sale will positively take place at the time and place above mentioned, and will be sold for one year, cash, the balance in two equal annual instalments, bearing 10 per cent interest from day of sale, with mortgage to secure payments. If any person wishes to buy the whole tract or part at private sale it can be treated for by applying to the undersigned.

MY PERSONALTY PROPERTY I will sell commencing on Tuesday after Sale-day in January, and continue from day to day until sold, which consists of a fine lot of Mules, and everything else on the plantation.

JOHN P. KINARD, Dec. 13, 1876. 11-5t
