A SATISFYING PLACE.-There is nothing more desirable than a good reputation, and when once it is established it should be maintained at all hazards: and it is pleasant to say that we have in mind a business house in Columbia, the proprietors of which have not only gained that enviable claim by their past efforts to please the public, but are determined to maintain it. We allude to Messrs. Kingsland & Heath, the popular China, Crockery and Fancy Goods dealers. By this course they have been able to "hold the fort," in spite of adverse times, and the pressure of circumstances. They keep a splendid variety of goods and sell at reasonable prices. There is no article of utility or of ornament but can be found in this store. We recommend them to house-

keepers especially.

It is reported that Boschee's Ger-MAN SYRUP has, since its introduction in the United States, reached the immense sale of 40,000 dozen per year. Over 6,000 Druggists have ordered this medicine direct from the Factory, at Woodbury, N. J., and not one has reported a single failure, but every letter speaks of its astonishing success in curing severe Coughs, Colds settled on the Breast, Consumption, or any disease of the Throat and Lungs. We advise any person that has any predisposition to weak Lungs, to go to his Drug-gist, Dr. Wm. E. Pelham, and get this Medicine, or inquire about it. Regular size, 75 cents; Sample Bottle, 10 cents. Two doses will relieve any case. Don't neglect your coughs. Jan. 17, 3, 3m.eow.

This is a dangerous season, and often the fondest mother's care is no protection against Coughs and Colds and Hoarseness. Dr. Bull's Cough Syrup should therefore be kept in readiness. Price 25 cents.

The regular monthly meeting of the Missionary Society of the Thompson Street Church, will be held in that Church this Tuesday evening. Addresses will be made, and the public are invited to attend.

NEWBERRY IS THE BANNER COUNTY. -We have just learned from Lieut. Gov. Simpson, who passed through Newberry to-day (Tuesday) on his way to his home in Laurens, that Tax Agent U. B. Whites has paid in more than the one-tenth tax that was called for by Gov. Hampton.

UTILIZING "CONVICT LABOR"-GOOD EXAMPLE FOR THE STATE.—The Town Council, instead of paying fifty cents a day for the board of criminals in jail, make them pay a fine or work the streets. Four were convicted a week ago, and were given their choice-one paid, three worked. This is a very proper plan.

little brick house on the same street, where the mischievous boys had hidden them. That's poor sport, and a little dangerous too. Somebody might get hurt.

Harry Hampton, the light-fingered darkey who was up before our Town Council two weeks ago for gambling, has been plying his trade among his colored brethren of Abbeville, and Trial Justice of that county has sent a warrant to Columbia for his arrest. Harry is a good illustration of the "Heathen Chinee."

MOTHER GOOSE .- Can't some of our enterprising ladies get up a Mother Goose entertainment? It would afford infinite delight to the little folks, and even the big ones would enjoy it. The necessary expense could be easily raised by a small admittance fee. The "Mother Goose Melodies" have been acted in Augusta and Charleston recently with great success and to the amusement of young and old. Who will move?

A LIBERAL OFFER.-The celebrated fertilizer, Wilcox, Gibbs & Co.'s Manipulated Guano, is offered on liberal terms, delivered at depots in the interior, with option of paying in cotton on the basis of 15 cents for middling, delivered at planter's nearest depot by 1st November next. This is a very favorable offer to farmers, as they will know when they buy the guano exactly the number of pounds of cotton required to pay for it, and can make their calculations accordingly. Call on the local agents and forward your orders at once.

A soul can be made happy by expending five cents for a valentine, and six for twenty-five cents. At the same cost a soul may be made fighting mad. All depends on the character of the valentine. For sale at the Herald Book Store.

ECONOMY IN TIME.—When the days are bright and pleasant one can scarcely see a dozen farmers in town; but in bad weather there are crowds. The John R. Spearman-Administrator's Noreason is, they are at work during the good weather, and come to town to transact business when they can't do anything at home. This is the right kind of economy, especially at this sea-

> We generally look over the land sales on sale-day in the different counties of the State, and so far as we have observed land sells for better figures in this county than any other. That speaks well for the soil and the prosperity of the county. Where lands command a good price farming must be remunerative; and that is the foundation of all prosperity.

BASE-BALL.—The boys of Miss Leavell's school challenged Prof. Clarkson's boys for a game of Base-ball. The challenge was accepted, nine champion players were selected on each side, and the contest was had Friday afternoon in the old field in the rear of Mr. Ramage's house. After an exciting game Miss L.'s boys gained the victory by large odds. Miss L. ought to give her young heroes a chromo.

ROANOKE COLLEGE.-We return thanks to student W. C. Dreher for an invitation to the Annual Celebration, the 22nd instant, of the Ciceronian Literary Society of Roanoke College, Salem, Va. One of the two Debaters for the occasion is T. W. Dreher, of Pomaria, and W. C. Dreher is on the committee of invitations. We are glad to see our young Newberrians taking so fine a stand at College.

COME TO HIS SENSES.-Last week we mentioned the refusal of Sheriff Carrington to recognize a commitment from Trial Justice Packer. The next day the Sheriff changed his mind, the prisoner was rearrested and placed in jail, to serve out his sentence. The officer who refuses to recognize Gov. Hampton and his appointees simply plays the fool, and runs the risk of getting himself into serious trouble.

THE NEW FIRM .- Drs. Pope & Wardlaw, who have succeeded Drs. Pelham & Wardlaw, are adding to their already extensive stock of pure drugs and medicines. It is a popular firm, with a well established business, and we take pleasure in commending them to the community as in every respect worthy of a large patronage. Mr. L. Chapin Moore, one of the most popular and reliable young men in town, is acting as salesman for them.

A SUBTRACTION THAT IS AN ADDI-TION.-Mr. W. R. Lane is tearing down one of those lumbering old buildings on Pratt Street between Shackleford's and Harris'. Although the building had quite a dilapidated look the timbers, for the most part, were found to be perfectly sound. Mr. Lane expects before very long to erect a large brick storehouse on the lot. That part of town needs improvement badly. It is good stand for business; but in its present condition is an eyesore to the place. Let the good work go on.

Vocal Music.-Prof. W. H. Evans, the originator and leader of the Choral Union of Columbia, is now in Newberry, and will give instructions in vocal music. All who desire to sing well are requested to meet him at the Methodist Church this (Tuesday) evening at 7 1-2 o'clock. Wednesday at 3 P. M., he will have a "Praise Meeting" at the same church with the children of the different Sunday Schools. This a fine opportunity for members of church choirs and others to improve their sing-GATE-LIFTING .- Mr. Warren Jones, ing. The given by his classes, and can therefore next day he found them in rear of the conscientiously, and do gladly, recommend him as a most thorough and successful teacher of vocal rausic.

> SHARP PRACTICE .- Mr. Thos. Abrams came into town Friday with two of his colored laborers. When he got ready to start home his laborers were not to be found. The police began a search, and found them in a little wooden shanty on Pratt Street, near Snead's, into which they had been enveigled by Tweed Franklin, white, - Jackson, a N. C. negro, and one or two other negroes, and then fleeced of their money by some sort of jugglery, or sleight-ofhand trick. These sharpers have probably been plying their trade some the State Grange, which met in Columtime. Their plan of operation was to bia the 7th instant. get in with the darkies from the country, make them drunk and then relieve them of their pocket change. The shanty in which they operated is a licensed shaving saloon. It seems the Town Council have been made the victims of a practical pun-the saloon was certainly used for shaving purposes, though not in the sense proposed in the license. The Council will have an interview with the jugglers this (Tuesday)

Dr. S. F. Fant is giving away a handsome book entitled "Pearls for the People," containing much valuable information and many interesting articles. It also contains a history of the discovery of the "Hepatine," for diseases of the liver, dyspepsia, constipation and indigestion, &c., and gives positive assurance that when the Hepatine is used it effects a permanent and lasting cure of these diseases, which prevail to such an alarming extent in our country. Take the Hepatine for all diseases of the liver.

The festival Thursday evening was well attended by the young people. The old ones, with the exception of the Editor and a few others, either went to Church or staid at home. The Hall was tastefully decorated, the tables well filled and the clerks attentive and pretty. The receipts were quite encouraging-ninety-two dollars.

Newberry can beat any other place of its size in the number of trifling, idle negro boys. They collect on the street corners, around the Post Office, or wheresoever else they have no business. Thursday morning, out of curiosity, we counted twenty of the young scamps at one time spinning their tops in front of the Court House. If their parents want them to be of any account they had better put them to work, or, at least, keep them at home. The street is a bad place for idle boys, white or black.

A TIDE.—There is a tide in the affairs of men, which taken at the flood leads to fortune. In the appointment of Mr. Packer as Trial Justice an opportunity is afforded business men, (who have been deluded with the hope that long standing accounts would be settled simply by a polite asking,) of taking this tide and if it does not lead them immediately to fortune, it will give them a start in that direction. We have quite a number of open accounts, sufficient to fill one of our last year hats, and in all probability they will find their way into Mr. Packer's hands. In railroad parlance, look out for the engine when you hear the

week we stated that Mr. W. T. Tarrant's cellar was broken open the night of the 1st, and a considerable quantity cook heard some parties trying to break into the kitchen, where Mr. T. had placed the remainder of his meat. The rogues ran off; but Mr. T., thinking they might return, sat up to watch. In about an hour they returned, when he fired two shots at them, without effect so far as known. On examination it break in at the window and also at the door. The Intendant intends hereafter to watch his meat intently.

next the ladies and gentlemen of Newberry, together with the youth of both sexes, will, thanks to some of our fair matrons, have an opportunity of enjoying themselves in a novel and pleasing manner at Temperance Hall. The object is to raise a small sum for benevolent purposes, and the plan is this: An admission fee of only ten cents is charged. Each lady on entering receives a rosette, which she places in a receptacle, her name first being written on it. In due course these rosettes are drawn out by the young gentlemen, who are thus elected to pay court by promenading and other soft attentions to the young lady whose name is upon the rosette drawn. Besides this he is entitled to treat his fair partner to bread and butter, hot coffee, Norfolk ovsters, oranges and what-nots at a cost depending somewhat on the lady's appetite. The announcement of an entertainment so unique and so moderate in its cost, and at the same time so innocent in its character will be received by young and old with satisfaction, and we are satisfied that the hall will be crowded. Doors will be opened at 7 1-2 o'clock.

PERSONAL.-Robt. McKay, Esq., of the Greenville News, was in town last week. He paid us a short visit, and in less than two minutes made every body in the establishment, down to the devil, feel perfectly at home by his genial manner and hearty good-humor.

Dr. Jas. K. Gilder returned last week from New York City, where he had peen some months in attendance upon the lectures in the Medical College. He is looking well. "Dr. Gilder" is an honored name in this county, and the present representative will no doubt bear it worthily. We wish him much

Rev. R. D. Smart, who preached several sermons last week at the Methodist Church, made a fine impression upon his hearers. Mr. Smart graduated in 1868 at Wofford College, afterwards at the theological seminary in Columbia, and since then has traveled extensively in Europe. These advantages, added to his natural abilities, have rendered him eminently fit for the high office to which he has been called. He was originally from Beaufort, and is at present stationed at Cokesbury.

Mr. J. C. Wardlaw and family, formerly of Walhalla, have come to Newperry to live, and have taken the house of Mr. Humbert on Pratt Street.

RAND'S NEW YORK CITY BUSINESS DIRECTORY.—This is the title of a valuable work of commercial reference, just ssued by WALTER HEUGH & CO.. Printers and Publishers, of 14 Park Place, New York. It contains a full and complete list of all the IMPORT-ERS, JOBBERS and MANUFACTU-RERS doing business in the great metropolis, classified and arranged by Trades and Occupations, and giving their street and number address. It is an invaluable work for the Country Merchant. It tells him where to obtain anything from a needle to a steam engine, of first or second hands. The work will be sent by the publishers to any address, postage prepaid, upon the receipt of the price, which is as follows: Cloth, full bound Edition, per copy, ONE DOLLAR; flexible cloth bound, SEVEN-TY-FIVE CENTS; paper covers, FIFTY CENTS.

Sniffles was unhappy last week-now his cup runneth over. If there is any thing new under the sun, good, bad or indifferent, he is certain to hear of it. This time it is good, and the reader will rejoice. His liver is continually getting the upper hand of him-now he is able to take an inturn on it. A distinguished Cokesburian arrived here last week. His experience was like unto that of Sniffles. Hepatic Compound, Hepatine, August Flower, Vinegar and Hostetter's Bitters, Blue Pills, Tutt's and all other kinds of pills, together with Dr. Bayliss Taylor's Wonderful Queen's Delight, manipulated from the water of Scott's Creek in this County, all, all have been tried with like results. McCrary, City.

The Hon. Alexander H. Stevens says:-"The Globe Flower Cough Syrup has proven

a most valuable remedy to me." Gov. James M. Smith, of Georgia, says:-"I shall always use it with perfect confidence, and recommend it to the public as a remedy which will afford that satisfaction experienced by me and mine. It excels everything for coughs, colds and obstinate

lung affections." Ex-Gov. Brown. of Ga., savs:-"He finds the Globe Flower Cough Syrup a most excellent remedy." Such endorsement by our great and good

men deserves the attention of the afflicted. Those suffering from coughs, colds and lung affections should use the Globe Flower Cough Syrup. It will positively cure consumption. For sale by S. F. FANT.

Disease Grows Apace

Like an ill wind, and cannot be mastered too early. What is a trifling attack of sickness to-day may, if unattended to, become a serious case in a week. Small ailments should be nipped in the bud before they blossom into full blown maladies. If this advice were attended to, many a heavy bill for medical attendance might be avoided. When the liver is disordered, the stomach foul, the bowels obstructed, or the nerves disturbed, resort should at once be had to that supreme remedy, Hostetter's Stomach Bitters, a few doses of which will restore healthy action and put the system in perfect order. It is a wise precaution to keep this incomparable preventive in the house, since it checks, with unrivalled promptitude, disorders which breed others far more dangerous, and in their latest developments are themselves often fatal.
