**SPECIAL NOTICE.**—Business notices in this local column are inserted at the rate of 15 cents per line each insertion.  
Obituaries, notices of meetings, communications relating to personal interests, tributes of respect, &c. are charged as regular advertisements at \$1 per square.

Where shall we buy our Crockery, Glass and China Ware, and other articles indispensable in every well regulated family? This is an important question, but fortunately it can be answered without difficulty. Buyers and especially the ladies who have the largest experience in such things, like to make selection from a stock which is extensive in variety; and here are right, for they can do better than from a limited assortment which affords no chance to gratify their tastes or suit their pockets. At Messrs. Kingsland & Heath's elegant store in Columbia every possible desire can be satisfied—this stock is one of the largest and best selected in the State. Send an order to, or visit them at their store opposite Columbia Hotel. 17-1f.

**GOOD ADVICE.**  
Now is the time of year for Pneumonia, Lung Fever, &c. Every family should have a bottle of BOSCHER'S GERMAN SYRUP. Don't allow for one moment that cough to take hold of your child, your family or yourself. Consumption, Asthma, Pneumonia, Croup, Hemorrhages, and other fatal diseases may set in. Although it is true GERMAN SYRUP is curing thousands of these dreaded diseases, yet it is much better to have it at hand when three doses will cure you. One Bottle will last your whole family a winter and keep you safe from danger. If you are consumptive, do not rest until you have tried this remedy. Sample Bottles 10 cents. Regular size 75 cents. Sold by your Druggist, Dr. W. E. Pelham. 13-f. eov.

Something new in Fancy Note Paper just received at the Herald Book Store. Handsome boxes, fine paper and cheap. 18-2f.

REFER to advertisement of Good Books for the Farm and Garden, and also to that of the Dispensary of the United States. Any of these books will be furnished by us at the prices named. Books of all kinds at regular publishers' prices. Orders solicited at the Herald Book Store and prompt attention given. Cash in all cases to accompany order. 18-1f.

**ADVERTISE.**—Advertise and let the people of the County see that Newberry is a live town, and that her merchants have goods to sell and want to sell them. If you cannot afford to contract for a hundred dollar advertisement as in the good old days, send in a fifty cent one. No matter how small the price or the notice, send it in and show that there is life in the town. Make a run on something, if it's only dried codfish or dried apples, and draw custom by which other merchandise will be sold.

**TO THE LADIES.**—New and beautiful sheet music, comprising Songs, Duets, Choruses, Waltzes, &c., at publishers' prices at the Herald Book Store.

**TO THE BOYS.**—A few copies of De Witt's Base Ball Guide for 1877. This book is an authority. Call at once and secure one.

**TO YOUNG MEN AND MAIDENS** who write Billet Doux, the Herald Book Store is the place where can be found paper and envelopes in the prettiest boxes imaginable.

**TO SCHOOL BOYS AND GIRLS.**—If you want slates, copy books, pens, pencils, books, pocket knives, &c., ask for them at the Herald Book Store.

**TO THE PUBLIC.**—At the Herald Book Store can be found the best of paper and envelopes, and every other article of stationery used in this section. 13-f.

When Edward Scholz repairs your clock or watch it is warranted for one year. Try him. Satisfaction guaranteed. 35-1f.

**DEATH.**—Miss Lucy W. Ramage, second daughter of B. J. Ramage, Esq., died yesterday (Monday). The funeral services were held at the Baptist Church to-day at 2.30 P. M. A large procession followed the body to its last resting place in the family burying ground.

**DEATHS IN THE POMARIA SECTION.**—During the past week the community at and near Pomaria has been called upon to mourn the death of three of its citizens.

Mrs. Annie C. Folk, wife of Mr. J. W. Folk, died the 3d instant of Congestion of the Lungs.

Mr. Jno. T. Riser died the 5th inst., of Typhoid Pneumonia.

Mrs. Louisa C. Summers, while on a visit to her uncle, Capt. J. H. Counts, Countsville, Lexington County, had an attack of Paralysis the 3d instant, of which she died Saturday, the 5th.

Thus within a few days the messenger of Death has entered the households of three families in the same neighborhood.

The work for the "Buchanan Endowment Fund" for Newberry College still progresses and increases in interest. The Agent, Rev. S. P. Hughes, has already collected two thousand dollars in the city.—*Charleston News and Courier, May 3d.*

**MOTHERS—**save your children; no child will die of Croup if Shirner's Balsamic Cough Syrup is used in time.

**THOMPSON,** Dentist, Square above Post Office. 23-1f.

**SALE-DAY.**—The Sheriff sold Monday only three pieces of real estate. One parcel of 28 1-4 acres brought \$160, another of 10 1-2 acres, \$25, and another of 4 1-2 acres \$10—all in Prosperity.

**CITY AND COUNTRY.**—A farmer gets up in the morning, feeds his stock, eats his breakfast, then saddles his horse and comes to town, fifteen or sixteen miles, before the average city gets up and opens the door of his store or office.

**WOMAN SUFFRAGE.**—Some rash fellow says that the giving of the ballot to women would not amount to much, for none of them would admit that they were old enough to vote until they were too old to take any interest in politics.

**THE BALL.**—Several of our citizens went down to the Inaugural Ball. We would have gone, but we couldn't raise the white kits and the claw-hammer coat; and as for the five dollar bill, we could neither beg, borrow nor steal that much money.

**SHAVE CLOSE.**—A bill has been introduced into the Legislature to make a new County—Ninety-Six—from parts of Newberry, Laurens, Abbeville and Edgefield. When you come to Newberry, gentlemen, shave close; we haven't much to spare.

**CONCERT AT PROSPERITY.**—Our Band will give an entertainment at Prosperity, in Moseley's Hall, to-night (Tuesday) similar to that given by them here last night. We hope our neighbors will give them a hearty welcome and a large audience.

**STRAWBERRY BOXES** of the most improved patterns in crates of 32 and 36 quarts each, and in packages of 1000 each for those who make their own crates. Price lists free to all applicants. For sale by C. B. Rogers, 133 Market St., Philadelphia, Pa. 1t.

**BASE-BALL—NEWBERRY AND '96.** There will be a match game of baseball on the College campus Friday afternoon at 4 o'clock between a select nine from the two Academies here and nine from Rev. Mr. Broadhead's Academy at Ninety-Six. We bet high on the Newberry boys.

A delicate complexion is best compared to a blooming rose; but when the countenance is disfigured with blotches and pimples, like weeds in a rose-bed, the sufferer should promptly use Dr. Bull's Blood Mixture which quickly and effectually eradicates such unsightly evidences of impure blood.

**THE WADE HAMPTON AND THE W. D. SIMPSON.**—Two fine portable engines, with the above names, passed up the road Saturday from Richard Tozer's Foundry in Columbia. They were being shipped to Sullivan & Co., Anderson, and were beautiful pieces of workmanship.

**BIG TRAINS.**—The trains last Tuesday and Wednesday carried a large crowd down to Columbia. Tuesday there were six passenger coaches, all full, and Wednesday there were six more. The cause of so many passengers was the meeting of the Stockholders of the G. & C. R. R., who got a free ride, and the Inaugural Ball.

**OUT, FOR SURE.**—The Legislative Hall that witnessed Thomas' grand exploits last December will know him no more forever. On account of his defiant attitude and high contempt toward the legal House he has been ousted, and his seat is vacant. Now, let the impudent and malicious carpetbagger follow Chamberlain's example once more—pick up his carpetbag and his hat and go home, back to his old haunts on the banks of the Alleghany.

**CHANGE OF SCHEDULE ON THE SPARTANBURG, UNION AND COLUMBIA RAIL ROAD.**—Down trains on this road will run Mondays, Wednesdays and Fridays; up trains Tuesdays, Thursdays and Saturdays, making close connection at Alston with the G. & C. R. R. both ways. The above schedule will be operated till June 10th, after which time there will be daily trains both ways and over the Spartanburg and Asheville Road.

In this issue appears the attractive card of Dr. S. F. Fant enumerating some of the leading articles of his very extensive and well selected stock of Drugs, Wines and Liquors, Toilet Articles, Segars, &c., all of which will be sold at reasonable prices. His own Preparations are numerous and have stood the test of time, and he therefore unhesitatingly warrants them. We take pleasure in directing the reader's attention to his card.

**MAD DOGS.**—We don't wish to excite anybody unnecessarily, but the subject of mad dogs is becoming a serious one. We have heard of only one in town, but information has come to us that several have been seen in this County—one in the public road this side of Col. Griffin's, two on Mr. R. W. Atkinson's plantation, two on the plantation of Mr. Jno. Satterwhite and one at Dr. Dorroh's. Some of them were killed. We cannot vouch for the accuracy of these statements. "We tell the tale as it was told to us."

We also learn that two weeks ago five had been killed within two miles of Martin's Depot.

It becomes everybody to be on his guard, for if a mad dog bites him he is "a goner."

**TRANSFERS OF REAL ESTATE.**—The following transfers of Real Estate were recorded during the week just closed:

Mary O'Neill to Daniel Jackson, 1-4 acre, \$60.

J. S. Hair to Robt. H. Wright, 11 64-100 acres, \$2,500.

Simson Pratt to C. & G. S. Mower, lot 18 x 104 feet, \$1,000.

N. S. Merchant to Margaret E. Summers, 5 1-4 acre, \$60.

**COURT.**—His Honor Judge Northrop came down on the train yesterday (Monday) afternoon, and Court was opened at 3 P. M. The Grand Jury of 1876 was impaneled and received the Judge's charge. His Honor has directed that a special session of the Court be held from the first to the fourth Monday in July next, for the trial of all criminal cases and for such cases in the Common Pleas as may be taken up by consent.

Of course, in calling this special session it is taken for granted that the Legislature will authorize the drawing of new juries. Docket No. 6 will be called to-morrow morning.

**TOM KEITT AS A DEMOCRAT.**—This eminent statesman paid a short visit to his constituency last week. Quite a change has lately come over the spirit of his dreams. Our reporter interviewed him, and learned that Tom was feeling very deeply the loss of his colleague, the immaculate Thomas. Tom is strongly in favor of impeaching the distinguished Jurist Wright, but he would much rather impeach Willard. The hatred of these radicals to Willard knows no bounds. Tom says he has no more use for men who straddle the fence; the will for Gen. McGowan for Chief Justice, and henceforth will support the biggest Democrat he can find.

**MEAT STOLEN.**—Tuesday night, the 2nd inst., a thief entered the storeroom of Mr. J. D. Hornsby, and stole therefrom two sides of bacon. The room is in the dwelling-house, the offense is therefore burglary.

It is supposed the door was unlocked with a false key; for the cook locked it at night giving the key to the lady of the house, and next morning the door was standing open and the meat gone.

The fact of the door being unlocked in the morning is suspicious. One would suppose that whoever unlocked the door at night would have locked it again.

**HOOK AND LADDER.**—The Annual election of officers for the Hook and Ladder Company came off last Thursday night, with the following result:

J. E. Brown, President.  
G. G. Lane, Vice-President.  
J. W. M. Simmons, Secretary.  
W. E. Ewart, Assistant Secretary.  
L. W. Jones, Treasurer.

Geo. S. Mower, 1st Director.  
Dr. D. S. Pope, 2nd Director.  
J. T. Mays, 3rd Director.  
Edward Scholtz, 4th Director.  
Dr. O. B. Mayer, Sr. and Dr. O. B. Mayer, Jr.—Surgeons.

His Honor W. T. Tarrant was elected an honorary member.

**THE VANCE PORTRAIT.**—The following complimentary notices of the Vance Portrait, published by Tomlinson in the *Piedmont Press*, prove beyond a doubt that the enterprise is meeting with universal favor:

"It is the handsomest picture we have seen of Gov. Vance."—*Raleigh Observer.* "It is a good likeness."—*Charlotte Democrat.* "It is an excellent engraving."—*Christian Advocate.* "A fine lithograph likeness."—*Salisbury Watchman.* "It is well worth many times its price."—*Biblical Recorder.* "It is a capital likeness of the Governor."—*Wilmington Star.* "It is a large and elegant picture; one hangs upon the walls of our sanctum."—*Raleigh Daily News.* "A true picture of 'old Zeb' and more than worth the price."—*Polkton Ansonian.* "My friends say it is a very fine picture."—*Z. B. Vance.* "A capital likeness."—*Wilson Advance.* "It is a good likeness and the work is well executed."—*Charlotte Observer.* "It should be in the hands of every person."—*Weldon News.* "A fine simile of the original."—*Lincolnton Progress.* "A fine likeness—one in our office."—*Southern Home.* "Should be in the house of every citizen of the 'Old North State.'"—*Tarboro Southerner.* "The only correct picture we have ever seen of Vance."—*Yorkville (S. C.) Enquirer.* "Far superior to any we have heretofore seen."—*Statesville American.* "One of the best yet offered to the public."—*Greensboro Patriot.* "A beautiful representation of Vance."—*Wilmington Review.* "It is quite cheap."—*Salisbury Examiner.* "A fine picture of a handsome man and every admirer of the heroic and patriotic will desire to possess it."—*Newberry (S. C.) Herald.* "A good picture of our 'war Governor.'"—*Winston Sentinel.* "Worth all the money asked for them."—*Friend of Temperance.* "We can commend it as being an admirable likeness of its distinguished prototype."—*Rock Hill (S. C.) Hampton Herald.* "A handsome engraving."—*Concord Star.* "It is his autograph attached and is undoubtedly the best picture we have seen of 'old Zeb.'"—*Statesville Landmark.* "A splendid likeness of our noble Governor."—*Rocky Mt. Mail.* "An ornament to any parlor or picture gallery."—*Abbeville (S. C.) Medium.*

The picture is 14x18 inches in size and will be sent by mail free of postage to any address for 50 cents, or it will be encased in a neat walnut frame, inside gilt, and sent by express to any address for only \$1.50. The services of an energetic agent are wanted in every township. Liberal commissions will be paid. Address J. S. Tomlinson, Hickory, N. C. 10-1t.

**COMMODORE VANDERBILT.**—Handsome endowment a University in the South; but Dr. James L. Gilber let a richer legacy to his people by giving them his celebrated Liver Pills. The people living in the Southern portion of the United States are naturally subject to Liver disease, and these pills will always PREVENT, RELIEVE or CURE. Sold by all druggists and country merchants. For sale by Pope & Wardlaw and W. E. Pelham. 12-1f.

**PRETTY.**—Mr. Cash's fifteen dollar parson. To the lady who gets it, it will certainly be a thing of beauty and a joy—not forever, but for many a day. It is made of the finest black silk, lined with white satin. The staff is of ivory, tipped with gold and has also a large gold band and ring just above the handle. The shape of the parson is beautiful, something like a Chinese pagoda. It is only suitable for a very pretty lady. With that in her hand and a pull-back on, she would be perfectly irresistible.

**ESCAPED JAIL.**—Three prisoners escaped from the jail the evening of the 2nd, about 8 o'clock. Their names are Barrell Davenport—committed by a Trial Justice under charge of co-stealing—Joe Sheppard, charged with stealing a mule, and Williams, who had threatened to maul his father-in-law, and was committed for default of a bond to keep the peace—all colored.

The Jailor's account is that they cut through the cell, came down stairs and jumped out a window. It is rather remarkable that the Newberry jail, one of the best in the State, cannot hold its prisoners. There is fault somewhere. The Deputy Sheriff caught Joe Sheppard Wednesday.

**PERSONAL.**—Mrs. Hurd, for a long time a resident of Newberry, but now living in Stratford, Connecticut, spent last week in our town, visiting her many warm friends, who hold her in the highest estimation for her many noble qualities of head and heart. It affords us satisfaction to know that her visit was the pleasantest character, and that she found our little town—though not half so beautiful as Stratford, with its clean shaven, grassy plots, stately, venerable elms and placid waters of Long Island Sound—still fair to look upon in its profusion of roses, evergreens and advanced vegetation.

Mrs. Hurd is a lady of cultivated mind, kindly heart, and vivacious manners, and we regret that her visit was so brief. There are many here in this community who remember her kindness in the past.

We had the pleasure of a call Saturday from Mr. J. H. Goodwin, General Traveling Agent for Foutz's celebrated Medicines. These medicines are highly recommended.

Thos. S. Moorman, Esq., left for New York Saturday, to attend, as delegate, the session of the Supreme Lodge of the Knights of Honor, which convenes in that city the 8th instant.

Rev. Luther Broadus of '96" preached at the Baptist Church Sunday.

Col. B. W. Ball, Solicitor, is in town to attend Court. He looks quite happy for a man who has just had four hundred pounds of bacon stolen from him. Such a misfortune in these hard times would drive any other man into despair and melancholy.

We are glad to learn that Maj. Baxter is improving.

Rev. F. W. Eaton went to Ninety-Six last Thursday to deliver a literary address for the students of Rev. Mr. Broadhead's Academy, Friday.

**ABOUT THE TOWN AND COUNTY.**—Weather unpleasantly cool for some days.

Big hail storm somewhere. Sharp white frost Wednesday morning, but not damaging.

The long-desired rain came Friday evening.

That corn is burning yet. Whooping cough in town.

Several drunks on the streets Saturday night.

A negro was cut by another Saturday night at a dance at Helena.

No machine poetry yet—Spring time is a humbug.

A big hail storm in the Chappell's Depot section Saturday evening.

The latest—Crimoline will be worn soon again. Anything rather than the present skim style.

Flora took the inside track on Jack F. and hence Newberry is a garden of roses.

The Cornets continue their free concerts in Johnstone's woods.

Take the paper and keep yourself informed about what is going on in the world.

Thomas came up on the train Saturday, but didn't get off here. He went on to Hol—ena.

The walls of the old Hotel were pulled down this morning preparatory to cleaning the bricks.

For the benefit of those interested—a part of that load of wood has arrived.

The place to get your job printing done cheaply and expeditiously is at the Herald office.

The fighting editor is absent—urgent jobs which cannot be deferred till his return will be promptly attended to.

Another soul made happy last week with a receipt for twelve months' subscription.

There came near being a runaway on the public square Thursday. Don't put too much confidence in mule nature.

The Senior is booming around Charleston this week, attending the Press Convention.

Cotton came in in considerable quantities last week. Save enough money, friends, to pay your taxes.

The College Building Committee have selected the Architect, Mr. G. T. Berg, of Columbia, and decided upon the old site.

Thos. Q. B. makes a splendid drum major; when the new baton with his silvered ball arrives he will be the observed of all observers. At present he uses a broom stick.

The greater part of last week the market was supplied with the most wretched kind of beef—fortunately but little of it. How the public houses manage is a mystery. Hash, it is supposed, is the standing dish. If it were not for the cat fish from the Saluda our native population would perish, there being only hash enough for the transient drummer.

One proprietor was heard to say he intended making chicken pie of beef cut near the neck.

**FOR THE HEALD.**  
**Our Washington Letter.**  
WASHINGTON, D. C.,  
May 2, 1877.

The extra Session of Congress will be called to vote necessary support for the army. It will find in existence an army of 30,000 men, costing directly and indirectly over \$40,000,000 per year, or about three and one half millions per month. This is more than the average reduction in the public debt and for economic reasons it is thought by many that the army ought to be reduced. Congress, at its extra session, could do this, and thus make a material reduction of current expenses. Besides, the troops should be removed from the South, and that being done, and the country at peace with all the world, there may be no need of so large an army. There will be a decided effort to reduce the force.

The troops should be removed from the South before the House votes any money for the support of the army. There is no need of them there. They are sent into the North freely, and the time may come when they can be sent South with equal propriety, but at present their presence in the South is a menace to the proper State authorities, and to all ideas of constitutional government. The House of Representatives should force the removal of troops from every Southern State. It may be that the President would not use the troops improperly in South Carolina or Louisiana, but the Democratic House has no right to assume that he will not do so.

The reduction of the public debt shown to-day is over \$3,000,000, which is about the amount shown in previous monthly statements. Aside from the humbug and clap-trap which go to make up the usual monthly reductions, the Secretary used in his first report the odds and ends left over by his predecessor. It is to be hoped that, in the not remote future, a Secretary will be appointed who will, as Senator Davis of West Virginia said at the last session of Congress, state the whole truth.

The removal of Isaiah Hanscom from his place as Chief of the Bureau of Construction and Repairs, Navy Department, must be taken as an evidence that this administration does not approve of Secretary Robeson. If, as is said, the Treasury officers who approved the Secretary's accounts are to be removed, it may be put down as certain that the naval reformation is intended to be complete. Messrs. Tabor, 4th Auditor, and Carpenter, 2nd Comptroller, are the Treasury officers who, if there were any irregularities in Secretary Robeson's affairs, must have overlooked it. This retirement is daily expected.

There is a statement afloat to-day, seemingly better founded than usual from that source, that Packard and such friends as he can control, have determined to furnish the "bottom facts" as to the votes in Louisiana at the last election. While not vouching for such report it is safe to say that Packard has not been reconciled, and that no offer the Administration can make will be accepted by him.

Yesterday the Supreme Court rendered a decision of interest to all the States, but specially interesting to those having an extensive seacoast. The decision is as to oysters, but the people of Maine will properly apply it to lobsters, and those of other States to such marine products as they may specially affect. The substance of the decision is this: "A State can prohibit the citizens of other States from planting oysters in the beds of tide waters within her jurisdiction, while permitting her own people to do so. In the ownership of the beds the State represents the people, and the ownership is that of the people in their united sovereignty." This title is subject only to the right of navigation, which is held to be invested in the General Government. RENO.

I make a specialty of a fine Strawberry named the MONARCH OF THE WEST, which ripens ten days earlier than the Wilson Albany, twice as large, and is as sweet as the sweetest. This is one of the most prolific berries in this country. I will canvass the County of Newberry, and can be found while in town at the residence of Mrs. Bradley. 18-1m.

**A Wonder-Working Remedy.**  
No remedial agent has ever been offered to the sick and debilitated as all comparable to Hostetter's Stomach Bitters, in cases of re-ment and present fevers, consumption, nervous ailments, rheumatism, and disorders involving constitutional weakness or physical decay. It is literally "two in one." The botanic ingredients which its spirituous basis holds in solution, act like a chain upon the stomach, and through the stomach upon the liver, bowels and nervous system. There is nothing in its composition that is not salutary. It contains some of the most potent tonics of the vegetable kingdom and the juices of the best cereal and anti-bilious roots and herbs, combined with a perfectly pure stimulating element. The Bitters are peculiarly adapted to those engaged in exacting or unwholesome occupations, as by its use strength is sustained and the ability of the system to resist atmospheric and other influences prejudicial to health largely increased. 18-5f.
