Where shall we buy our Crocker, Glass and China Ware, and other articles indispensable in every well regulated family? This is an important question, but fortunately it can be answered without difficulty. Buyers, and more especially the ladies who have largest experience in such things, like to make selection from a stock which is extensive in variety, and they are right, for they can do better than from a limited assortment which affords no chance to gratify their tastes or suit their pockets. At Messrs. Kingsland & Heath's elegant store in Columbia every possible desire can be satisfied—their stock is one of the largest and best selected in the State. Send an order, or visit them at their store opposite Columbia Hotel. 17-1f.

GOOD ADVICE.
Now is the time for your Pneumonia, Lung Fever, &c. Every family should have a bottle of BOSCHER'S GERMAN SYRUP. Don't allow for one moment that cough to take hold of your child, your family or yourself. Consumption, Asthma, Pneumonia, Croup, Hemorrhages, and other fatal diseases may set in. Although it is true GERMAN SYRUP is curing thousands of these dreaded diseases, yet it is much better to have it at hand when three doses will cure you. One Potte will last your whole family a winter and keep you safe from danger. If you are consumptive, do not rest until you have tried this remedy. Sample Bottles 10 cents. Regular size 75 cents. Sold by your Druggist, Dr. W. E. Pelham. 13-1f.ew.

ADVERTISE.—Advertise and let the people of the County see that Newberry is a live town, and that her merchants have goods to sell and mean to sell them. If you cannot afford to contract for a hundred dollar advertisement as in the good old days, send in a fifty cent one. No matter how small the price or the notice, send it in and show that there is life in this town. Make a run on something, if it's only dried codfish or dried apples, and draw custom by which other merchandise will be sold.

TO THE LADIES.—New and beautiful sheet music, comprising Songs, Duets, Choruses, Waltzes, &c., at publishers' prices at the Herald Book Store.

TO THE BOYS.—A few copies of De Witt's Base Ball Guide for 1877. This book is an authority. Call at once and secure one.

TO YOUNG MEN AND MADMEN who write Bill & Dox, the Herald Book Store is the place where you can find paper and envelopes in the prettiest boxes imaginable.

TO SCHOOL BOYS AND GIRLS.—If you want slates, copy books, pens, pencils, books, pocket instants, &c., ask for them at the Herald Book Store.

TO THE PUBLIC.—At the Herald Book Store can be found the best of paper and envelopes, and every other article of stationery used in this section. 13-1f.

When Edward Scholtz repairs your clock or watch it is warranted for one year. Try him. Satisfaction guaranteed. 35-1f.

DEATH.—An infant son of Mr. G. M. Girardeau, died the 16th instant of Croup.

ASTHMA can be cured by using Shriners' Balsamic Cough Syrup. Sold by Pope & Wardlaw. 20-2t.

TRANSFER OF REAL ESTATE.—Geo. Brown to L. Carrie Moseley and Geo. D. Brown, 105 1-4 acres, \$2,000.

THOMSON, Dentist, Square above Post Office. 35-1f.

Rev. John Kershaw preached at the Episcopal Church Sunday morning and evening, and at Helena in the afternoon.

We have been requested to state that there will be a meeting of the County Lodge of Good Templars at Newberry C. H. on the first Wednesday in June at 12 o'clock M.

M. Quad says that "one of the landscape scenes in Nevada is an English tourist wriggling over the ground to get in position to kill a mule, believing that he has a sure thing on a grizzly."

Under the Governor's Proclamation, the National Bank of Newberry, S. C., will be closed on Thursday next, May 25th. All paper maturing on that day must be attended to on Wednesday.

JNO. B. CARWILE,
Cassiler.

A specimen of the Colorado Beetle or Potato Bug has been shown us by the Rev. H. W. Kuhn. It was found browsing in his garden.

EXECUTIVE APPOINTMENTS.—M. A. Carlisle, Esq., received his appointment and Commission as Trial Justice the 15th instant.

J. B. Eilers, of Prosperity, has also been appointed Trial Justice by Gov. Hampton.

Our devil has not got the hydrophobia if he did spill it wrong last week; but he is mad as fits. A young lady came into the office the other day with her father, to see the mysteries of a printing office, and while up here said she "wanted to see that little fellow set type."

Effects entirely disproportionate to causes are frequently induced by the simplest circumstances. A little pimple, indicative of the beginning of deterioration of the blood, will, by neglect of preventive means, develop into the loathsome Ulcer and sap health or probably destroy life. Dr. Bull's Blood Mixture prevents such catastrophes.

Looking at Mrs. Whaley's new house from the outside, one would think it was deficient in fire-places, there being only one chimney; but that chimney goes up through the house where the corners of the four rooms join, and each room has an excellent fire-place, all in the same chimney. The house is very neatly built.

Mr. Redding, the contractor, who has been in Newberry several weeks, had a valuable horse stolen from his home in Charlotte, N. C., since his stay here. Friday he received information that the horse and thief had been captured in Sumter, and left immediately on the down train for that place.

CORN VS. COTTON.—A good many farmers are going to increase their corn crop by planting rows of corn in their cotton fields, across the cotton rows, sixteen feet apart. This, we think, is a good plan, especially where there is a poor stand of cotton, and every farmer who has not planted enough corn to last him through the year would do well to adopt it.

We made a slight mistake last week in giving Thomas' bondsmen. They are Elijah Phillips, Henry Kennedy, Barr Rains and W. H. Sneed. These bondsmen are beginning to feel a little uneasy, as Thomas does not seem disposed to return to stand his trial. We hope and insist that if the bond be forfeited it will be pushed to the very last dollar.

A LARGE HOUSE.—On our recent visit to Charleston it was our pleasure to go through the extensive establishment of Mr. Henry Bischoff under the polite guidance of Mr. W. T. Quincy. The area now occupied in the transaction of his immense grocery business is one acre, but we learn that it will be largely increased for the fall trade. The attention of the trade is invited to the facilities afforded by Mr. Bischoff.

PINE RIDGE ACADEMY.—We learn from Mr. S. D. Simmons that there will be a public exhibition given by this Academy, Lexington County, Friday the 25th instant at 7 P. M. Mr. D. C. Lake, of this county, who has had charge of the Academy for three or four years, has succeeded in building up a large and flourishing school, and those who attend the Exhibition may expect to be pleased.

NOTICE THIS.—The Proprietor of Clary's Southern Saratoga Mineral Spring, will deliver a lecture on the Discovery and Curative powers of this invaluable mineral water on the evening of the 28th inst. at Hall, commencing at 8 o'clock.

Mineral water from Col. Clary's Spring can be found at Dr. Pelham's Drug Store. M. W. CLARY, Proprietor.

ANSON.—Lewis Montgomery, Tobo McMorris, and Hamp and Burley Davis were up before Trial Justice Packer Friday on a preliminary examination, charged with setting fire to Mrs. Fannie Glasgow's house three weeks ago.

The examination lasted from 11 o'clock in the morning till 9 1-2 o'clock at night. Twenty witnesses were examined. The Judge considered the evidence sufficient to hold the accused for trial, and they were accordingly committed to jail, to await their trial at the next term of the General Sessions.

PERSONAL.—Dr. McIntosh has returned from his visit to Florida, looking well.

Dr. O. B. Mayer, Jr., returned Thursday from his visit to the New York and Baltimore Medical Institutions.

Rev. R. A. Fair will go to Edgefield Saturday for the purpose of organizing a Presbyterian Church in that village.

Mrs. Wardlaw, formerly of Abbeville, has moved to Newberry, and has taken the house on Calhoun-st. formerly occupied by Mr. Simmons.

Rev. Thos. G. Herbert has just returned from a visit to his relatives in Georgia.

L. A. Gor. Simpson, of Laurens, Hon. F. A. Conner, of Cokesbury, and Jno. R. Abney, Solicitor of the 5th Circuit, were in town Saturday.

We are glad to see that Maj. Baxter is improving. He was at Church Sunday; the first time he had been out for several weeks. He cannot walk without his crutches yet, but if he continue to improve as he has done for the past week he can soon lay them aside.

The Rev. H. W. Kuhn will deliver an address before the Young Men's Christian Association of Due West, on Friday, the 25th inst. The occasion is their Anniversary Meeting.

NOTICE.—The Independent Order of Good Templars will meet at Old Fellows' Hall at 7 1-2 o'clock Thursday evening, and the Young Men's Christian Association in Temperance Hall the same evening at 8 1-2 o'clock. The time of meeting is so fixed that there may be a full attendance at both. The ladies are cordially invited to meet with the Young Men's Christian Association, their presence being especially desired, as business of importance will be transacted which can be materially helped by them.

OUT BY MISTAKE.—Trial Justice Packer some time ago sentenced Frank Davenport to jail for fifteen days, and directed the Sheriff, at the time of committing him, to hold him after his sentence had expired, under another charge. Last week Davenport's sentence expired, and forgetting the other charge, the Sheriff turned him out. And now it is said that he stole a calf Saturday night. The officers of the law are after him.

And it is also said that Burrell Davenport, one of the prisoners that escaped jail three weeks ago, has been and still is prowling about the county. Why has he not been re-arrested?

U. S. JURORS.—The two men selected for this county for petit jurors in the U. S. Court at Charleston, which opened last week, were Rev. Felix Torrence and Ex-Representative Isham Greenwood, both colored. In impaneling the jury for the Ellenton case Greenwood was sworn in, there being no objection from either side. When the Reverend Felix was called the defence objected to him for cause, and it was proved that while on his way to Charleston he had said that all those "grand rascals in the Ellenton case ought to be convicted and sent to Sing Sing." Felix was ruled off the jury. He denies that he made use of the language attributed to him.

THANKSGIVING DAY.—Thursday has been appointed by His Excellency the Governor as a Day of Thanksgiving and Prayer. The Pastors of the Methodist and Presbyterian Churches have announced services at their Churches at 11 A. M., and the Pastors of the other Churches, being compelled to be away, have requested their congregations to attend services at one of the above named places.

We hope the people will not make the mistake that they day is to be one of fasting, and that the must put on sackcloth and sit in ashes; for it should be a day of feasting and general rejoicing, with hearts grateful to God for His great blessings conferred upon us as a State and people.

We have just seen a large roll of leather made by Mr. O. B. Matteson, of Morris, Osego County, N. Y., at Mr. Jones' tannery. Mr. Matteson comes to us well recommended as a gentleman and a practical tanner of many years' experience. He comes with the view of settling among us, and we extend to him and all such men a hearty welcome.

We also learn that Mr. Horace Hickok, who lives in the same section of the country which Mr. Matteson came from, has come here to look at the country for himself and others, with a view of making his home amongst us as if he be pleased. He says he can bring many artisans and farmers down with him.

We hope our citizens will afford these gentlemen every facility for seeing our lands and people.

SPLENDID PORTRAITS OF GORDON AND VANCE.—We are in receipt of two magnificent Line Engravings of the statesmen whose names head this article. They form part of a series, embracing the portraits of the distinguished Living Southern Statesmen, which is being published by that leading Southern House, our friends Walker, Evans & Cogswell. They are truthful likenesses—speaking images of the great originals, and executed in the highest style of engraving. They are both splendid works of art, and destined to take their places in the homes of our people, beside Stuart's Washington and other masterpieces.

The manly, noble, generous features of South Carolina's friend, Gordon, stand out as if endued with life. The fire of the undaunted grey eye, the intellect of the massive brow, the battle-scarred cheek, all show the gallant man who has led his people in war and in peace—the prominent statesman who espoused the cause of Carolina, and in the hour of our trouble came nobly to our assistance.

The Vance Portrait is a remarkable likeness, an artistic portrait, and portrays to perfection the cordial, friendly, but decisive features of this great man of the people, who, possessing the tenderness of sympathies, is the friend of every man, and a giant intellect, is the leader and controller of a great commonwealth.

His assistance in the Hampton Campaign can never be forgotten by the people of Carolina. These two pictures should be placed side by side with that of Hampton.

Our enterprising friends, Walker, Evans & Cogswell, are publishing a series of splendid Line Engravings, embracing the distinguished Living Southern Statesmen, and have now on their list, Hampton, Gordon, Vance, and B. H. Hill. Conspiring Agents are wanted in every town in South Carolina, to introduce these works of art. Some of the many patriots who are anxious to serve their country, and cannot beget too many are likewise disposed, will aid a remunerative employment in introducing these portraits. Apply to Walker, Evans & Cogswell, Charleston, S. C. Price, each Engraving, \$2.00.

WAR MAPS.—Scheller's Map of the Black Sea, Asia Minor, the Caucasus, Southern Russia, Roumania, and Eastern Turkey. Engraved on stone, carefully printed and colored. Scale, 1:3,000,000. Size, 22x28 inches. Price, folded and in cover, \$0.40.

This Map is very accurately compiled from the latest and most complete material. It presents, at one glance, the scene of the war, both in Europe and in Asia.

Published by E. STEGER, 22 & 24 Frankfort Street, New York, by whom copies will be promptly mailed upon receipt of price. This publisher has made preparations for bringing out additional War Maps, as soon as such may become necessary.

A PAINFUL ACCIDENT.—Sunday morning while Mr. Shelton Langford was riding across the old field just beyond Col. Leavell's his mule stumbled and fell. Mr. L. was thrown to the ground with great force, and both bones of his left leg below the knee were broken. He was alone when the accident happened, but after a while some little negroes came along and by them the law was informed of the accident, and a buggy was sent for him.

The young gentleman showed good grit. When first found he had rolled up his pantaloons and pulled off the shoe to keep the blood off them, for the broken bone protruded through the flesh and skin. When Dr. McIntosh was setting the bones the patient kept his eyes fixed intently on his foot, to see that it was placed in the proper position; he hasn't uttered a groan since the accident occurred. We sympathize with him in his sufferings, and hope that he will soon get well.

EXCURSION TO NINETY-SIX.—The excursion to Ninety-Six of the Silver Cornet promises to be a very pleasant affair, and will be participated in by a number of ladies and gentlemen from Newberry and stations on the line. For the benefit of those who are not yet informed, we take pleasure in stating that one of the passenger coaches of the G. & C. R. R., will leave the depot 6 P. M. Thursday, for Ninety-Six, where a diversified and pleasing entertainment, consisting of music and the drama, concluding with a ball, will be given. The return will be made at 2 A. M. The price of tickets for the round trip, including the entertainment at Ninety-Six, is fixed at \$1.75, and these can be obtained at the principal stores in town. We advise all who would take a pleasant ride by rail in the cool of the evening and under the benign influence of the moon, with music all the way, and at the same time enjoy the treat at Ninety-Six, to secure tickets and be on board at six o'clock sharp.

THE PICNIC.—The most pleasant affair of the season came off Thursday. Early in the morning vehicles of every description were carrying their precious freight (this applies only to the girls and baskets) to the beautiful grove near Cline's Spring. Everybody and his wife went, and everybody else and his sweet-heart. A few of the merchants tried to stay in town and keep their stores open, but they got so lonely they had to shut up, and the town was left to take care of itself.

Ample provisions had been made for amusement. A neat floor, laid upon the ground and well polished, and shaded by the tall trees, served better for dancing than frescoed halls. Most of those who didn't dance themselves looked on while others tripped the light fantastic, wishing they could do likewise, but fearing to venture. Others formed themselves into squads of two, in accordance with the law of "natural selection," and seeking a quiet and retired nook, talked in low, dove-like voices of politics and the hard times, of course. The big swing was a fine piece of workmanship and afforded infinite pleasure to the young misses and children.

The Swedish dance, participated in by a few, was a sort of compromise between a dance and "a-bobbin' around and around" a May-pole in the shape of a tall pine tree, and not being attended with music, was not calculated to put an undue quantity of life and mettle in their pedestals.

Here and there lovers of the mallet and the ball whiled away the time in that intensely absorbing game called "Croquet."

The Silver Cornet made the grove resound with music, contributing much to everybody's enjoyment, and calling back to the minds of the men the 14th of September, when that same grove rang with the campaign speeches of Hampton, Simpson, Aiken and Ball—the remembrance of that day giving a zest to the enjoyment of this.

Besides Newberry's own fair daughters, Cokesbury and Columbia contributed of their beauty and wit to the pleasures of the day.

The dinner—well, the preparation of that belonged exclusively to the ladies, and was, of course, all that could be wished for by the most fastidious epicurean.

The sun had almost set before the large crowd began to disperse.

After tea the disciples of Terpsichore reassembled in Temperance Hall and enjoyed another pleasant dance.

Thursday was a red letter day for Newberry. Would that we could have more such.

COMMODORE VANDERBILT Handsomely endowed a University in the South; but Dr. James L. Glider left a richer legacy to his people by giving them his celebrated Liver Pills. The people living in the Southern portion of the United States are naturally subject to Liver disease, and these pills will always RELIEVE, RESTORE and CURE. Sold by all druggists and country merchants. For sale by Pope & Wardlaw and W. E. Pelham. 12-1f.

ABOUT THE TOWN AND COUNTY.
It is decidedly cool—ice.
Another ball on the tapis.
Monday was the hottest day yet.

Were the May apples all killed?
Helena has a fine patch of wheat.
Fans and sunshades are in demand.
Newberrians are eating Irish potatoes.

The playful canine is still waiting around.
Can't somebody start a soda fountain?
Another mad dog was killed in town Monday.

Street sprinklers are much needed—they are cheaply made.
The young men in town have organized another base ball club.

The young men in town they beat the Benedicts dancing Thursday.
The perspiring Newberrian looketh for the ice-cream, but findeth none.

A coop of chickens came in Friday for sale. They went like lightning.
Base balls, Moore's ink, and checker men for sale at the Herald Book Store.

Mr. Cline has a brick-yard in operation on the railroad beyond his shops.
A bachelor member of the Bar has been taking lessons in one of the fine arts.

There is as much variety this season in the style of hats as there was in Joseph's coat.
The Odd Fellows will have a Ball in Odd Fellows' Hall the night of June 13th.

Mr. Hamp Harris has nearly completed his dwelling house on the street leading to Helena.

In the election for Chief Justice, Corwin and Bridges voted for Willard, and Keitt for McGowan.

The blackberry crop looks promising and we have strong hopes of living till the middle of summer.

Excursion train to Ninety-Six Thursday for the Ball and Concert by the Newberry Silver Cornet Band.

That little cannon brought up from Charleston wakes the welkin, and all the boys who see it are delighted.

The brick-yard is in full blast. Those tarheels know how to work. They are turning twelve thousand bricks a day.

Two or three Northerners were prospecting around Newberry last week. They like the country, and will probably move down.

A gentleman in town says that boys in the summer ought not to be allowed to wear anything but—but—see Tom Hood's song.

Another look and key have been stolen from the cemetery gate, and cows browse on the shrubbery which adorns the lot. It is too bad.

There was a black cloud of witnesses in town Friday to testify in a case of arson. As they passed along Caldwell street chickens went to roost, thinking night had come.

Mr. Jas. F. Kilgore has been selected as Referee to take testimony at Newberry in the Senate contested case of Lipscomb versus Corwin. The examination of witnesses is going on daily.

The Truck of the Hook and Ladder Company was beautifully decorated with flowers by the young ladies Thursday, and the young firemen made a fine appearance in their uniforms of red and black.

Three workmen laid twenty squares of flooring in the Singley building Friday. Quick work. They were working by the job. The floor is put down in such a way that not a single nail is visible.

He ought to have known better than to "pop the question" Thursday in the bright glare of the noon-day sun. If you wish to be successful choose moonlight, gaslight (or lamplight, not too brilliant), or, better still, twilight.

A distinguished Judge remarked Thursday at the picnic while looking at the graceful dancers, that no place can show a finer array of beauty than Newberry. He's about right too. With a slight sprinkling from Cokesbury and Columbia, we can beat the State.

A little four year old in town, not getting as much milk at dinner as he wanted, informed his mamma that he was going to buy himself two cows. Being asked what he wanted with two, he said he wanted a sweet milk cow and a clabber milk cow. As unsophisticated as the young housewife who asked her milk-maid what cow gave the butter-milk.

"Newberry is in a bad fix. Nearly all the county officials are declared ineligible."—Phoebus.

Not a bad fix by any means, considering the kind of officials they are.

H. in November. Trees warranted to live 12 months. Printed instructions in regard to planting, pruning and cultivation given on day of delivery. I make a specialty of a fine Strawberry named the MONARCH OF THE WEST, which ripens ten days earlier than the Wilson Albany, twice as large, and is as sweet as the sweetest. A Wonder-Working Remedy.
No remedial agent has ever been offered to the sick and debilitated at all comparable to Hostetter's Stomach Bitters, in cases of remittent and intermittent fevers, constipation, nervous ailments, rheumatism, and disorders involving constitutional weakness or physical decay. It literally "works wonders." The botanic ingredients which its spirituous basis holds in solution, act like a charm upon the stomach, and through the stomach upon the brain, liver, bowels and nervous system. There is nothing in its composition that is not salubrious. It contains some of the most potent tonics of the vegetable kingdom and the juices of the best aperient and anti-bilious roots and herbs, combined with a perfectly pure stimulating element. The Bitters are peculiarly adapted to those engaged in exhausting and mentally occupying pursuits, by its strength is sustained and the ability of the system to resist atmospheric and other influences prejudicial to health largely increased. 18-1f.
