The Italian with the panorama says he was robbed near Norcross, Georgia, the other day of fifty-two dollars and sixty-five cents, by two white men in masks. He thought they were tramps.

At the meeting of the State Medical Association last week in Greenville, Drs. John M. Thompson, of Silver Street, and O. B. Mayer, Jr., of Newberry, were elected among the delegates to the American Medical Association.

THE IMAGE OF HER MOTHER.—This is the title of a novel to be published in the Savannah Weekly News, one of the largest and best weekly papers published in the South. Subscribe for the News and secure a first rate novel. Send \$2, to J. H. Estill, Savannah, Ga.

One trial of Foutz' mixture or liniment will convince you of its wonderful merit. Sold everywhere in the United States.

SEASIDE NOVELS.—A complete set of the popular Seaside Novels will be received at this office by Friday or Saturday. Read list on another page, make your selections and call and get them. First come, first served. Such cheap reading was never offered before.

Have you consumption or any disease of the throat and lungs? If so, call at your Drug store, and get a trial bottle of Thrash's cure; it is a great cure of Thrash's cure; trial size 50c., large \$1.50. For sale by Dr. S. F. Fant.

EASTER.—Next Friday, the 19th, is Good Friday. Services will be held in the Episcopal Church that day and also on Sunday—Easter. The church has been beautifully decorated.

The Lutheran Church has also been decorated for the occasion.

WET, OR DRY?—At the municipal election in Prosperity, the 9th instant, the "wet ticket" was elected by about two to one, composed of the following gentlemen: Intendant—A. H. Wheeler. Wardens—A. L. Wyse, P. P. Beacham, L. S. Bowers and M. L. Long.

KNIGHTS OF THE SHINING BLADE.—A fight took place in the colored band room Thursday night between Charley Gary and Calvin Jackson, in which Gary received a fearful gash from a knife in the abdomen and another in the back. His wounds are serious.

LADY OF LYONS.—This splendid play will be presented to the Newberry public the evening of the 24th. A large audience will no doubt greet the amateur actors. Many persons in Laurens have expressed a desire to see it, and there will probably be an extra train to accommodate them.

BUY THE RIGHT to make and use Davenport's Preserving Fluid, and you will be satisfied that it is the best thing which has ever been brought to light. With a knowledge of the cost and mode of preparation we can assure the reader that it is the simplest and cheapest process for preserving meats, fruits and vegetables which has ever come under our observation. The purchase of a right from Dr. Fant and S. W. Teague, will enable you to put up sufficient of the products of summer to last you all winter.

ABOUT HAMPTON.—Anything relating to our Chief Magistrate is in order now, and especially since the turkey egg story got out. Well, our Governor went fishing last week, and his success was most wonderful. The biggest trout in the Waccamaw considered it their duty to bite at his hook. Another incident worth relating is that while on the way to the big meeting at Anderson, he stopped at Alston for dinner, and having heard so much about Mrs. Elkin's famous milk farm and Ku Klux clan he refused to partake of anything else but butter milk and corn bread. Mrs. Elkin will vote for him now to the very last.

EXCURSION TO CHARLESTON.—The city of Charleston will wear a festive garb next week. Among the attractive features will be the meeting of the State Press Association, the Grand Division of the Sons of Temperance, the Grand Lodge of Good Templars, the Floral Fair, and, best of all, the grand Easter Festival, which will be given in honor and aid of the Washington Light Infantry. Round-trip tickets will be sold at stations on the G. & C. R. R., at the following rates from the 19th to 23d: Chappell's Depot, \$7.25; Newberry, \$6.50; Prosperity, \$6.25; Pomaria, \$6.00; from Clinton, \$7.75; Martin's Depot, \$7.50.

PERSONAL.—

Judge Kershaw arrived on the up train Monday, and is now holding Court.

Drs. James McIntosh and O. B. Mayer, Jr., attended the State Medical Association in Greenville last week.

Prof. Kelly was in town on Monday. His engagements in Laurens will close in a week or two, when he will go to Clinton.

Maj. W. R. Cathcart, the popular Cotton Buyer and Broker of Columbia, visited Newberry last week on business. He was accompanied by a very fair specimen of a "chip of the old block" in the shape of a seven year old boy.

A REMARKABLE RESULT.—It makes no difference how many Physicians, or how much medicine you have tried, it is now an established fact that German Syrup is the only remedy which has given complete satisfaction in severe cases of Lung Diseases. It is true there are yet thousands of persons who are predisposed to Throat and Lung Affections, Consumption, Hemorrhages, Asthma, Severe Colds settled on the Breast, Pneumonia, Whooping Cough, &c., who have no personal knowledge of Boschee's German Syrup. To such we would say that 50,000 dozen were sold last year without one complaint. Consumptives try just one bottle. Regular size 75 cents. Sold by all Drug-gists in America. 12-cow.

VARIOUS—

Good rains. Now for corn. Some sickness. Weather propitious. Set out cabbage plants. Everybody take the Herald. Standing advice—plant corn. Capital beef in Market last week. Advertise and break the monotony. The Lenten season will soon be over. Wheat and oats are growing off finely since the rain. Narrow escape from frost Thursday night. The inmates of the Penitentiary have been reduced to bread and water fare. Has Smokey Town mixed with the circumambient heavens? A few tomato plants still to spare at this office. Chickens will be needed next month—meeting of Synod. The root of the sassafras placed in hen's nests will destroy lice. Some writers have a river of words, but only a spoonful of thoughts. The best way to keep an umbrella—dig a hole fifteen feet deep and bury it. It does the heart good to look at the fruit trees—they are loaded. Gardens too never looked better at this season. Beans are talked of. Little folks are advised to examine the rabbit nests next Sunday. The visit of the Atlanta Surgeons to this place was entirely too brief, many failed to see them. The color "ashes of roses," is again revived. Some one has been stirring up the ashes of the past. The lock boxes in the Post office look brighter since they have been polished than when first put up. One of the ways to build up the town is to send your Job Printing abroad. The money is lost. The campaign has commenced and there will be lively work. Subscribe for the Herald and keep posted. A few radishes grown with cucumbers or melons will save the latter from the ravages of bugs; they do not on radishes. Getting into debt is like a mouse in a trap; it is very easy to get in but hard to get out. Enough of some things is enough, but it is our opinion that we can never have too much corn. Plant more. John S. Fair, Esq., had English peas for dinner the 10th inst., early for this place. No cards. Mr. J. D. Cash has a fine new safe, very large, from the Hall's Safe Manufacturing Co., Cincinnati. Treasurer Whites has a Liberia copper coin. On one side is a woman's head, and on the other a palmetto tree. It is a two-cent piece. Mr. W. T. Wright has kindly given Mr. Emanuel Livingston and family the use of a house till they can get one of their own. Our carrier was weather bound Tuesday last, hence his patrons received the Herald through the Post office. He is on time once more. A hundred and sixty pound poetess years 'to twitter as a bird on some lone spray.' If she gets on one, there will be a good local item. Charity covereth a multitude of sins, but giving the water in which eggs have been boiled to a hungry beggar woman, would cover two a cent. Liberty Hall is a trump section, and the Herald circulates freely. A few old crusts borrow their reading, and we want that stopped. We desire information about every man in the county who borrows the Herald, so that we may be able to write biographical sketches of them. A game of baseball was played Thursday afternoon on the College Campus between the town nine and the college nine. The town nine beat. When that buggy upset on the corner of Pratt Street the other evening, persons in the neighborhood thought they felt an earthquake. There was a large gathering of colored people from town and various parts of the County on Sunday at the Helena Church. The exercises were impressive. It is said that there was some bad behavior in one of the churches Sunday night. Those who do not know how to behave in decent society should keep out of it. There are some persons whom you cannot approach with anything like a request for accommodation. As soon as ask a rhinoceros for the privilege of sitting in an hour on his horns. Measles has been in town for several weeks. It seems to be a light form of the disease. Though a great number of children have had it there have been no deaths. Out worms and white grubs can be driven away or destroyed by a light sprinkling of salt. A table spoon full of saltpetre to a bucket of water; pour a little around the roots of plants. This is another remedy. Burns' friends will be glad to know that he did not have it long. He traded it off to his neighbor Pope. If any man can take care of an elephant and preserve his equanimity Dr. Pope is that man. The monotony of Main Street was relieved on Saturday by the appearance of a Diorama on wheels. Everybody who had ten cents invested in it and were made happy by seeing a half dozen very ordinary looking pictures. J. V. Landrum, famous for fine stock, and one of the best looking drovers

ever seen in this market, has a fast trotter, the possession of which will make some man happy soon. Oh that an editor could buy it.

A little damsel, being aggravated beyond endurance by her big brother, fell upon her knees and cried, "O, Lord, bless my brother Tom. He lies, he steals, he swears. All boys do; my girls don't. Amen."

It was a picture to see little chaps from four years old and up locked arms with little misses promenading the hall at the "Cravat party." They treated to cream and lemonade like men. There was one boy more than girl, and it was said to see him looking for a girl.

"John, my dear," said a loving wife, "I thought you said that the dodo bird was extinct." "So it is," he replied. "Well, but, Charlie, some one has sent in a bill to-day, and it says: To one julep, do. To three smashes, do. To twenty braces, do. Charley, please don't buy any more dodos; they must be horrid things." The dodo is common at present.

The best feeling man at the "Cravat Party," Wednesday night, was the handsome drover Landrum, he displayed a bouquet over the region of his heart, as big as two sun flowers. He was not acquainted with the divinity who pinned it on, but his recollection after recovering from the swoon into which he was thrown, is that she was as pretty as new pink shoes. Poor fellow he has it now.

QUERY: "Why will men smoke common tobacco, when they can buy Marlburg Bros' 'Sea of North Carolina,' at the same price?"

Who Did It?—The most disconcerting man the night of the "cravat party" was our friend Pat, who sleeps under the Hall. Having no need of a cravat he voted to remain in his room; the shuffling overhead, however, was not conducive to sleep, so he concluded to steal out into the night air to cool his fevered brow, and calm the agitation in his breast; but, alas, just as he emerged, and without any warning to stand from under, down came a basket of slop, washings of coffee cups, greasy plates, &c. How much of the conglomeration struck our friend is not known. The question to solve now is who took the starch out of Pat Duckett's shirt collar. It is said that his feelings were so overcome that he expressed himself in some very appropriate language.

Go to H. A. Burns for Canned Tomatoes, Green Corn, Peaches. At Low Prices.

JALAPA SNAPS.—

Fine rain seasons the past week, wheat and oats are consequently much improved, and the prospect is cheering. Farmers are busy, some are putting in cotton while others are getting ready to do so. Corn is not forgotten. Mr. J. B. Campbell lost a fine grey horse last week. While running about it struck against a tree. A post mortem examination proved that the animal had burst its gall bladder.

A base assault with intent to kill was made on the person of Tilda Swindler, colored, living on Dr. Clark's place, Friday night. The miscreant, concealed in a fence corner close to the house, fired four shots from a pistol as she was about to enter the door. Two took effect, one in the hip and one in the shoulder. Two others struck the house. Wounds not dangerous. Who fired the shots is not known. An old blind man named Hudson was arrested here last week by the U. S. Marshal, for selling liquor without a license. Hudson is much to be pitied; formerly he had been employed as a tank tender by the L. R. R. Co., the only thing he could do; discharged from that he tried to support his family in the way above stated. He has the sympathy of all Jalapa.

Business is very dull, and the clerks amuse themselves with the study of Natural History. The lesson last week was "rats."

Our Democratic Club meets on Saturdays with that most offensive and loathsome of all diseases—catarrh. My taste and smell were completely destroyed. I procured a supply of Dr. Sage's Catarrh Remedy and your Golden Medical Discovery, which I used according to directions, and a complete and permanent cure was speedily effected. I take pleasure in recommending them to all afflicted. Ever thankfully yours, CLARA E. HUNT. WADING RIVER, Burlington Co., N.J., Feb. 28th, 1877.

DR. PIERCE: Dear Sir—I suffered for twelve years with that most offensive and loathsome of all diseases—catarrh. My taste and smell were completely destroyed. I procured a supply of Dr. Sage's Catarrh Remedy and your Golden Medical Discovery, which I used according to directions, and a complete and permanent cure was speedily effected. I take pleasure in recommending them to all afflicted. Ever thankfully yours, CLARA E. HUNT. WADING RIVER, Burlington Co., N.J., Feb. 28th, 1877.

DR. PIERCE: Dear Sir—Your Golden Medical Discovery is the best medicine for coughs, colds, and consumption, I ever knew. It has saved my life. Respectfully yours, HELEN B. MCANNEY.

NINE NOVEMBER FAIR.—The great market of the eastern world has been held at this junction of the Volga and Olga Rivers, in Russia, every summer for hundreds of years. Here the nations of Europe and Asia meet with their products for trade. Cossack, Chinese, Turk and Persian meet the German and the Greek with every variety of merchandise that waikid employs from sapphires to grid-stones, tea, opium, fur, food, tools and last but not least, medicines. J. C. Ayer & Co.'s celebrated remedies from America were displayed in an elegant bazaar where the Doctor himself might sometimes be seen. They are known and taken on steppes of Asia as well as the prairies of the West, and are an effective antidote for the diseases that prevail in the courts of the North as well as the huts and cabins of the western continent. [Lincoln (Ill.) Times. 12-5t.

Sad Things.

"Of all sad words of tongue or pen, The saddest are these, 'It might have been.'" Whittier.

More sad are these we daily see, "It is, but hadn't ought to be." Bret Harte.

But of all sad words to "beats," and tramps, The saddest are these "I'm out of stamps." New York Weekly.

And of all sad words to the tailor sleek, The saddest are these, "call round next week." New York Commercial Advertiser.

But sadder than these have ever been, Is the servant's answer, "she isn't in." Burlington Hawkeye.

But saddest of words to printers said, Are, "his subscription is still unpaid." Southern Watchman.

But sadder than all, when news-boys call, Are the words, "we never subscribed at all." Bulletin.

Sadder by far, and worse than all, When a promise is made to pay in the fall. NEWBERRY.—We had the pleasure of a trip to that most thriving and attractive town, Newberry, last week, and our appreciation of the place prompts us to give expression to the admiration we have for the business qualifications of its business men and the hospitality and kindness of all its citizens. Newberry has for a number of years held the honor of being the best cotton market in the up-country. Its business facilities enable it to offer advantages which have not been appreciated by the buyer, as is evidenced by the rapid growth of the place and the air of prosperity which pervades everything.

The professions are ably represented by men whose names are familiar to the people of this State, and known even beyond its borders. Two of the best county newspapers in the State are well supported there. Banking facilities are within the town. The morals of the people are well cared for by the pastors of churches of nearly every denomination. The educational wants are amply provided for, there being, besides its numerous schools, the Newberry College. En passant, the building up of this College is a matter of grave interest to the entire State. It should receive, as it deserves, the hearty support of our citizens, as it offers the advantages of the highest education at HOME. The new college building promises when completed, to be an ornament to the town. Whilst not so handsome, perhaps, as the old one, it is far more durable and convenient.

Newberry needs either a "vigilance committee" or a fire company to check the numerous fires which have been prevailing there lately.

So much for the material beauties and advantages of the town. "Place aux dames"—who shall speak of the beauties of those ladies! Whose tongue so eloquent or pen so facile as to do justice to their charms! Certainly not ours. But in honest admiration of their beauty their grace, their cultured, elegant manners, we lend our feeble words to their praise.—Ninety-Six Guardian.

Abandoned at Sea.

At all times ships of one kind or another are floating about the sea, abandoned by officers and crew, in what seems a hopeless condition. Some are dismantled and mere hulks, some are swimming keel upwards, some are water-logged, but being laden with timber will not sink, but are driven hither as the wind and waves may direct. So people afflicted with catarrh, bronchitis, and consumption, are abandoned by physicians and friends as incurable, yet thousands of such are annually restored to perfect health by the use of Dr. Sage's Catarrh Remedy and Dr. Pierce's Golden Medical Discovery. The Catarrh Remedy is unequalled as a soothing and healing local application, while the Discovery purifies and enriches the blood and imparts tone and vigor to the whole system.

VIDOLIA, La., April 17th, 1877. DR. PIERCE: Dear Sir—I suffered for twelve years with that most offensive and loathsome of all diseases—catarrh. My taste and smell were completely destroyed. WHAT IT BRINGS.—Now that Spring is at hand, a general activity is witnessed in well-regulated households, the good house-wife over-hauls everything, flower and vegetable gardens are seen to, rooms from basement to attic are examined, bed-rooms, dining room and kitchen undergo scrutiny not thought of through the cold, dark days of winter. Strange, if in all these places there be not something lacking: may be a water-pot, towel, flower-pot, some article of crockery, china, glass, wood, tin, iron, willow, etc. She takes the situation in a glance, and determines that things must be "set to rights;" a list is prepared and sent to Kingsland & Heath of Columbia, who she knows will fill her bill in the most satisfactory manner. A word to the wise is sufficient.

Tortures that Need not be Endured.

People suffer a great deal of pain unnecessarily. Among tortures that need not be endured are those inflicted by the rheumatism and gout, since the acid element in the blood which produces them by contact with the sensitive covering of the muscles and joints may be eliminated by the use of that material, Hostetter's Stomach Bitters, before the inflammatory symptoms are developed to any great extent. When it is considered what excruciating tortures rheumatism inflicts, and what a tendency it has, when fully developed, to attack the heart, the advisability of an early use of such a reliable antidote becomes at once apparent. The rheumatic virus is expelled from the blood by the increased action of the kidneys—which act as strainers—produced by the Bitters, and the sufferer will find, if he uses this sacred remedy, that he will be protected against a return of the agonizing complaint. Dyspepsia, fever and urge, liver and bowel complaints and other maladies, are also cured by this admirable remedy.

Cheaper than Physician's Bills.

"A THING OF BEAUTY IS A JOY FOR EVER."—"What is it? Something prepared for women only, and to be used with discretion, exclusively." It is adapted especially to cases where the womb is disordered, and will cure all irregularities of the "menstrues," or "monthly courses," by restoring the discharge in every instance, whether acute or chronic. Where is it? Dr. J. Bradfield's Female Regulator—Woman's Best Friend—is prepared and sold by J. Bradfield, Atlanta, Ga., and may be bought for \$1.50 per bottle at any respectable Drug House in the Union.

We, the undersigned druggists take pleasure in recommending to the trade Dr. J. BRADFIELD'S FEMALE REGULATOR, believing it to be a good and reliable remedy for the diseases of the female system. It is sold by W. A. LANSDALE, Atlanta, Ga. PEMBERSON, TAYLOR, & CO., Atlanta. REDWINE & FOX, Atlanta, Ga. W. C. LAWRENCE, Atlanta, Ga. W. ROOT & SONS, Marietta, Ga. For sale by Drs. S. F. Fant, Pope & Wardlaw, W. E. Peilham and W. F. Pratt. 15-2t.

Go to H. A. Burns for your Cigars, Smoking and Chewing Tobacco, all of which are sold at Bottom Prices. 13-4t.

ECONOMY IS WEALTH.

Poor Richard says. If this be true, then it is wise in every family to use Duryea's Sain Gosh Starch in preference to any other, because it is the most economical ever manufactured. It is the most economical because it is the best; it is the cheapest because it is the best. It is purer, whiter, and stronger than any other starch. It has been the highest award ever given to it in the four quarters of the globe. Don't be deceived by your grocer. Ask for Duryea's Improved Corn Starch for food, and Duryea's Sain Gosh Starch for laundry purposes, and take no other.

I respectfully offer my professional services to the citizens of Newberry and surrounding country. I can be found during the day either at the residence of Mr. L. E. Folk, or at the Drug Store of Dr. S. F. Fant. At night at the residence of Mr. L. E. Folk. JAS. K. GILDER, M. D. March 20, 1878 3m

NOTICE

U. S. INTERNAL-REVENUE SPECIAL TAXES.

Under the Revised Statutes of the United States, Sections 3222, 3237 3238, and 3239, every person engaged in any business, vocation, or employment, which renders him liable to a special tax, is required to procure and place and keep conspicuously in his establishment or place of business a stamp denoting the payment of said special tax for the special tax year beginning May 1, 1878. Section 3244, Revised Statutes, designates who are liable to special tax. A return, as prescribed on Form 11, is also required by law of every person liable to special tax as above. Severe penalties are prescribed for non-compliance with the foregoing requirements, or for continuing in business after April 30, 1878, without payment of tax. Application should be made to E. M. Brayton, Collector of Internal Revenue, at Columbia, S. C.
