In Union, Victory; In Division, Defeat.

We desire to make a few preliminary remarks to begin with. The fact that the legislative nomination by the Convention has produced widespread dissatisfaction is too apparent to attempt to deny or to conceal it. That such a nomination would not give satisfaction we were fully convinced beforehand, and therefore gave such advice three weeks ago as we thought and still think would have obviated all dissension and trouble. The sentiment of a large majority of the voters of this County is against the nomination of two lawyers for the Legislature. Whether there is any foundation for such a sentiment does not affect the matter. The fact certainly exists, and since the nominees are to be elected by the voters of the County, if elected at all, this sentiment is entitled to consideration. But it is too late now to argue such questions: the nominations have been made; and the only question before the Democracy of Newberry now is, shall we support the nominations? We answer, Yes, support the whole ticket from first to last. We hope we have seen the last Nominating Convention in this County; yet so long as we have a Convention we should abide by its action. This is the only safe course. We are not yet out of the woods. If the Democrats will only stick together this Fall they can rescue the County from the very last vestige of Radical rule; but one false step may ruin everything. We must remember that we have an enemy, strong, united and watchful, whose policy is to divide and conquer. Let the Democrats fall out and divide; let them put two opposing tickets in the field, and this old party of corruption and hate will have no trouble in running in a ticket of their own. Their greed for office and power has in no wise diminished; their organization is more complete and as firmly united as ours; they outnumber us; they have declared that they intend to have representation, and they will have it, and the Democratic party will be ignominiously defeated, unless it be united. Let every Democrat then stand by the regular nominees, and do what he can to secure their election.

Fat Man Made Happy--Loses 61 lbs.

Prattville, Ala., July 20th, 1878.
BOTANIC MEDICINE CO., Buffalo, N. Y.
Gentlemen--About three months ago I commenced using your "Anti-Fat," at which time my weight was 219 pounds. By following your directions carefully I have succeeded in reducing my weight to 158 pounds. This is all very satisfactory and pleasant; but just previous to my commencing the use of your medicine, I had purchased two suits of fine clothes at a high price, and find to my dismay, that they are entirely useless to me now. When I put one of my coats on, my friends tell me it looks like a coffee sack on a bean-pole, and when I put the pants on,--well, description fails. My object in writing is to ascertain whether you have not in connection with your medicine business, an establishment where your patrons, similarly situated, could exchange these useless garments for others that would fit. I think you ought to have something of the kind, as it would be an inducement for many to use the Anti-Fat, who now object to using it, in consequence of the loss they would sustain in throwing aside valuable garments. Just turn this matter over in your mind. A "Clothing Exchange" is what you want in connection with your Anti-Fat business.

Yours truly,
GEORGE BOYD.

The Yellow Fever.

MEMPHIS, Sept. 20.--The official report of Yellow Fever deaths in Memphis up to date is 2,240. Many deaths were never reported.
Sept. 21.--68 deaths yesterday, and 64 to-day.
NEW ORLEANS, Sept. 20.--69 deaths, including 22 children under seven years of age. The fever is spreading in portions of the city, and many are dying in the surrounding country on the plantations.
Sept. 21.--62 deaths, among them 26 children under seven years of age.
Sept. 22.--Deaths 40; new cases 195. Total cases to date 7,887; total deaths 2,470.
GREENVILLE, Miss., Sept. 20.--Total number of cases to date 350; deaths 133--for the last 24 hours, 18.
VICKSBURG, Sept. 21.--12 deaths; 19 deaths at Vicksburg the 19th. Grenada, Baton Rouge, Holly Springs, Canton and other places are still suffering, but most of the inhabitants have either fled or died, and consequently the death rolls are comparatively small.
Within the last seventy years New Orleans has had twenty-seven visitations of Yellow Fever.
New York up to the 22nd had contributed \$218,907.00; Philadelphia, \$95,000.00; Chicago, \$87,838.00; St. Louis, \$69,350.00; Boston, \$48,000.00; Baltimore, \$50,000.00; Cincinnati and Pittsburg, each \$20,000.00; San Francisco, \$48,400.00; Charleston, \$11,294.77. The above is only a sample taken from some of the largest cities.

Butler Gets Nominated Twice.

The Democratic Convention of Massachusetts met at Worcester, the 17th, to nominate a Governor. A majority of the delegates elected to the Convention were in favor of B. F. Butler, familiarly known as "Spoon Butler," or "Beast Butler." The State Executive Committee had previously declared their intention to exclude all delegates who were in favor of Butler. The Butler delegates, numbering nine hundred and seventeen, taking time by the forelock, met in the Hall at an early hour and resolved to hold the fort. They nominated Butler for Governor, and also nominated other State officers. The State Executive Committee declared the Convention adjourned, to meet in Faneuil Hall, Boston, the 25th instant. As the Convention was composed of 1,440 delegates, and Butler got the votes of 917 of them, it looks very much as if Butler has got the Democratic nomination.
Butler had previously been nominated by the Greenbackers. He stands a very fair chance of being the next Governor of Massachusetts.

Noble Woman.

The Memphis Avalanche says, that since the breaking out of the Yellow Fever in that city parents have fled and deserted their children, children have deserted parents, husbands have deserted their wives; but not one wife has deserted her husband or her children.
"O, woman, in our hours of ease,
Uncertain, coy and hard to please,
And variable as the shade
By the light, quivering aspen made--
When pain and anguish wring the brow
A ministering angel thou."

Now, Go to Work.

We do not think that candidates ought to work for their own nomination; but after they are nominated it is their duty to do all they can to make their election sure. Let the nominees go to work and stump the County. They will never be elected unless they do work.
Judge Bond, at Baltimore, has decided that a Receiver must be appointed for the South Carolina Rail Road. Mr. Jno. H. Fisher has been appointed Receiver. The case of the G. & C. R. R. will come up next December in Columbia.
Among the convicts at the Auburn Prison are forty-two lawyers, twenty-seven clergymen, and thirteen physicians.
F. L. Cardozo, ex-State Treasurer, has been appointed a first-class Clerk in the Auditor's Office at Washington.
The official statement of the cotton crop of the United States for the year 1877-8, is 4,773,865 bales.
The Massachusetts Republicans nominated Thomas Talbot for Governor.
The Greenback party in Maine polled between 30,000 and 40,000 votes.

WASHINGTON, D. C.,

What Macaulay says of the causes which have strengthened and perpetuated the great churches is full of instruction to all who desire the success of an organization of men. He eloquently tells how those who, by reason of their peculiarities or weaknesses, would have been causes of dissension in any other church, have by wise policy become the most zealous and able propagators of the essential beliefs of his one. Perhaps the Democrats of Massachusetts and not a few other States would profit by a careful reading of Macaulay at this time. The all important task before them, and before all lovers of Constitutional Government in this country, is to wrest from Radical control every place of power--the Congress, the State Governments, and the General Government. They should insist on "unity" in this. They will hardly suffer from proclaiming "charity" in all else.

Large and Enthusiastic Rally of the Democracy at Longshore's.

The campaign opened on Saturday, the 21st inst., at Longshore's. The representative men of Township No. 6, the Williams, Burtons, Longshores and Petersons were there, and a considerable number of colored men. Mr. Higgins called the meeting to order, and introduced as the first speaker Hon. C. H. Suber. Mr. Suber gracefully acknowledged the compliment paid him in his nomination--a position he had not sought--and then urged the importance of an united Democracy in the coming contest. He warned the colored portion of his audience of the delusion about to be practiced in changing the names of parties; that there were only two real parties, "The Democratic" and "The Republican"; that the attempt to induce them to join a new party under the name of Greenback or National Labor, would be like the traveller who, allured by a dazzling light in the distance, reaches it only to find it a mirage. "To think oneself be true, and it follows as the night the day thou canst not then be false to any one."
Hon. George Johnstone was introduced as the second speaker. In a forcible manner he drew a picture of the happy condition of the people now, and by an able analysis he contrasted the periods of 1876 and 1878. He called to the attention of his hearers the striking fact, that from two millions of taxes yearly they had been reduced to less than eight hundred thousand dollars. He challenged the examination of his record in the last Legislature, to prove that all the pledges he had made to the colored as well as to the white man, he had faithfully carried out, and then in conclusion eloquently called on the voters of Township No. 6 to vote the whole ticket as nominated by the last Convention.
The two "scarred veterans" of No. 6 were present, and in brief but graceful manner announced that when elected they would do their duty.
The feeling in Township No. 6 is very harmonious and the ticket will receive an unanimous vote of the white and colored voters.
As a pleasing incident it should be recorded that three of the candidates, Dr. William M. Dorroh, Andrew J. Livingston and Euclydus C. Longshore reside in Township No. 6.
There is no record of a single failure of DR. HARTER'S FEVER AND AGUE SPECIFIC to effect a speedy and permanent cure. Its use has robbed this disease of its terrors, in rich sections of our country.

The Stepping Stone to Health.

The acquisition of vital energy is the stepping stone to health. When the system lacks vitality, the various organs flag in their duty, and chronically irregular, and disease is eventually instituted. To prevent this unhappy state of things, the debilitated system should be built up by the use of that infallible tonic, HARTER'S STOMACH AND BILE PILLS, which invigorates the digestive organs, and insures the thorough conversion of food into blood of a nourishing quality, from whence every muscle, nerve and fiber acquires unwonted vigor, and the whole system experiences the beneficial effect. Appetite returns, the system is refreshed by healthful nourishment, the nerves grow strong and calm, the despondency begotten of chronic indigestion and an uncertain state of health disappears, and that salient appearance of the brain peculiar to habitual invalids, and persons deficient in vital energy, is replaced by a more becoming tinge.

Heroic Devotion at the South.

Catholic and Protestant, Jew and Gentile, Have Faced Danger to the End.
The Chicago Times, which has had exceedingly full reports from the fever-stricken cities of the South, says: "The singular truth appears that from the outbreak of the fever at Grenada, through its ravages in New Orleans, Memphis, Vicksburg, Greenville and in many smaller towns, it has never been charged that a clergyman of any denomination fled from his charge or failed to do his duty. Some fathers have left their families, some doctors have run away from their patients, but there is not a single instance reported, from the beginning of the plague until to-day, of any representative of any form of religious belief deserting his post. Hardly a day has passed in which some clergyman, or some sister has not given up life while in the discharge of the tenderest offices. It is a record in the presence of which the bitterest blasphemer cannot find it in his heart to jeer or jibe. It is a manifestation of practical religion that touches every heart. The devotion has been every where, to no sect. Catholic and Protestant, Jew, Gentile and even Buddist have faced the danger unflinchingly and have braved it to the bitter end."
While Judge T. J. Mackey was holding court at Aiken, an intoxicated fellow walked into the court room, and approaching his Honor, said: "Judge, do you allow spectators in this court?" "Yes sir; you may take a seat," replied the Judge. The seat was taken, but after a short silence the court was astonished with a peremptory demand that "This court will now come to order," coming from said individual. "Mr. Sheriff," said the Judge, "put this man out gently, for he is a practitioner at the bar, yet it is evident he has not learned the rules of court."

The Stepping Stone to Health.

The acquisition of vital energy is the stepping stone to health. When the system lacks vitality, the various organs flag in their duty, and chronically irregular, and disease is eventually instituted. To prevent this unhappy state of things, the debilitated system should be built up by the use of that infallible tonic, HARTER'S STOMACH AND BILE PILLS, which invigorates the digestive organs, and insures the thorough conversion of food into blood of a nourishing quality, from whence every muscle, nerve and fiber acquires unwonted vigor, and the whole system experiences the beneficial effect. Appetite returns, the system is refreshed by healthful nourishment, the nerves grow strong and calm, the despondency begotten of chronic indigestion and an uncertain state of health disappears, and that salient appearance of the brain peculiar to habitual invalids, and persons deficient in vital energy, is replaced by a more becoming tinge.

Married.

On the 22nd September, 1878, at the residence of Thos. P. Silder, Newberry C. H., at 10 o'clock, by Rev. A. M. Childs, Mr. J. A. P. Coleman and Miss Lucie Gilchrist; both of Edgefield County.

Tribute of Respect.

WHEREAS, it has pleased Almighty God in His mysterious providence to take from us our highly esteemed and beloved brother, JOHN A. CANNON, thereby depriving this Lodge of a true and noble brother, the country of an excellent citizen, and society of one of its most valued members; therefore, be it

Resolved, That while we deeply deplore the loss we have sustained in his death, we acknowledge the hand of Him who doeth all things well, and bow in humble submission to His divine will; and that we, as social qualities and lofty character render his memory dear to all who truly knew him.
3. That in his death the country has lost a man, whose heart was as a Mason, true and faithful; as a Christian, humble, consistent and steadfast; as a husband, provident and affectionate; as a father, kind and indulgent; and as a friend, generous and benevolent.
4. That we tender to the bereaved, grief-stricken family of our deceased brother, the assurance of our tenderest sympathy in their sad bereavement, prayerfully commending them to Him who is a Father of the fatherless and a Judge of the widow.
5. That while we mourn our loss in his departure hence, we indulge the well-founded hope that he has been welcomed to the Celestial Lodge above, and now sits in heavenly places, enjoying the approving smiles of God and the companionship of angels and spirits of just men made perfect.
6. That in memory of our deceased brother, the Lodge be clothed in mourning for the next 60 days.
7. That a page in our minute book be inscribed to the memory of a copy of these resolutions be spread upon the minutes, a copy sent to the family of the deceased, and a copy to the Newberry Herald for publication.

Heroic Devotion at the South.

Catholic and Protestant, Jew and Gentile, Have Faced Danger to the End.
The Chicago Times, which has had exceedingly full reports from the fever-stricken cities of the South, says: "The singular truth appears that from the outbreak of the fever at Grenada, through its ravages in New Orleans, Memphis, Vicksburg, Greenville and in many smaller towns, it has never been charged
