Mr. Holloway graduated at Newberry College, while it was located at Walhalla, in 1875, with distinction a few years ago he took charge of St. Mathew's Academy, in Orangeburg County, and has built up a fine school. The subject of his address was, "Popular Education based upon a sound Morality the only enduring Hope of a Republican Government." The speaker handled his subject with consummate ability; his thoughts were practical and clear, dealing with living issues of the day, and logically arranged. We can only give a few of the leading thoughts: (1) In a democratic government, where ideas are establishcase of Miss Lewis there was no appeal to our sympathy, or necessity for our partial | ed and public opinion is controlled by admiration, and the exquisite success of the people, education is a public neces her every effort won justly our enthusiastic sity-there can be no guaranty of permanence and prosperity without it. He spoke some good thoughts, and said that true moral courage never shines more brightly than when relying upon one's self, and that true greatness does not consist in following others-moral courage showing itself more fully in the many who resist the current. His speech was well delivered and equally as well composed.

Andrew J. Bowers, of Helena, came next. His subject, "The Ruins of Time," was well sustained in its dress of chaste sentences and beautiful thought, with apt illustrations from the history of the past, for he said go where we will we can see memorials of the wrecks of time. He also spoke of the ruins of time discernible in the animal life. His guage, and with a little more animaaddress was well composed.

"Despise not Small Beginnings" was chosen by Jacob Ehrhardt, of Barnwell County, and he began by saying, after an illustrative anecdote, that all nature was crowded with witnesses on this point, and that the small beginnings of life's estate should not be disregarded. as also education and civilization. his style was quite forcible. The eighth and last speaker was John W. S. Sheppard, of Helena, who spoke of "Progress." He reviewed the progress of science and art, the study of the stars, and the advancement of our own country. He spoke also of the progress of Christianity from the time when it was considered a crime to be a Christian. The seven members of the Senior Class delivered their graduating speeches. J. W. Daniel, of Oconee, spoke of "The Field for Southern Literature," in a spirited address, deprecating the exreme utilitarian ideas of our people, who care more for money than culture, and ignore as useless and unworthy everything that does not help to make the almighty dollar. E. P. Aull, of Newberry, chose for his theme, "Acting from Principle," maintaining that prudence, justice, fortitude and order should be the grand controlling principles by which man's life should be directed. S. O. Kaminer, of Lexington, discussed "The Future Gentleman" in an entertaining style. His address was graceful and easy, and he caused considerable merriment by some of his happy hits of the "gentleman of the period." W. W. Daniel, of Oconee, spoke of the "The Past and Future of our Earth." His speech was geological, and he succeeded in making a dry subject interesting by the clearness with which he treated it. J. F. Hobbs, of Edgefield, chose for his subject, "Socialism"-a lively subject, which he treated in a lively and forcible manner. Mr. Hobbs has the material for an orator in him. J. E. Berley, of Newberry, discussed "The Unseen Universe." His speech was chaste in thought and lantion his delivery would be excellent.

The next part of the programme was the delivering of

The plan for the proposed hotel on the old "hotel lot" has been drawn by him; f the hotel be built according to that plan it will be a magnificent structure. Col. M. Wills Clary, proprietor of the Southern Saratoga Mineral Springs,

situated in Edgefield County, paid us a visit on Friday last. The Colonel says he never was better, and is a living monument of the virtues of his water, and further that he intends to live always. There is universal regret that Profes-

sors Arrington and Haltiwanger have resigned their positions in Newberry College. Besides being efficient and successful instructors, they had made many friends in Newberry during their residence here, and the community suffers a loss in their departure. ·Prof. Arrington returns to Danville,

Va., and Prof. Haltiwanger goes to Columbia to study law. Various and all About.

Commencement is over, and Newberry enjoys her usual quiet.

The amount of buggy driving and horseback riding last week beyond doubt exceeded that of any period in Newberry's previous history. We have some fine stock here. Messrs. Christian & Smith did a lively business, and their Kentucky stock showed off their speed and mettle in fine style.

A splendid opportunity is afforded by the Wilmington, Columbia & Augusta Rail Road to parties wishing to go North. The Excursion Season is open and the revised schedule published this week tells by what routes and how pleasantly it can be done. Round Trip ickets will be good until Nov. 1st.
