

Last Moments of Congress.

The Adjournment—Preparations for the Old Campaign—Effects of the Veto of the Marshals' Bill.

WASHINGTON, July 1.—Congress adjourned amid general good humor and with no traces of bitter feeling between the members of opposite parties.

In some Republican quarters it was pretended to-day that the failure of the marshals bill would put a stop to all proceedings in the Federal Courts and inflict terrible calamities upon the country.

Those who suffer from nervous irritations, itching uneasiness, and the discomfort that follows from an enfeebled and disordered state of the system, should take AYER'S SARSAPARILLA and cleanse the blood.

The Marshals' Bill Vetoed.

What the President Has to Say About It.

WASHINGTON, June 30.—The President approved the bill making appropriations for judicial expenses, but vetoed the bill making appropriations to pay fees of United States marshals and their general deputies.

Indian Depredations.

The fair reader shudders when she thinks of the settler's wife watching, from the door of her rude hut, the retreating form of her husband going out to his daily labor—going out perhaps to return no more.

Jesse Bunker, a mute, son of Chang, one of the Siamese twins, has just completed his course at the New York Institution for the Deaf and Dumb.

The Herald.

THOS. F. GRENEKER, EDITOR. W. H. WALLACE, EDITOR.

NEWBERRY, S. C. WEDNESDAY, JULY 9, 1879.

A PAPER FOR THE PEOPLE. The Herald is the highest respect a Family Newspaper, devoted to the material interests of the people of this County and the State.

The Decline of Oratory.

There are those who insist on thinking that the former times were better than these in every respect. They say that the race is deteriorating, and, in support of their position, point to what they regard—the fact that our present statesmen are inferior to those of the past.

Those who suffer from nervous irritations, itching uneasiness, and the discomfort that follows from an enfeebled and disordered state of the system, should take AYER'S SARSAPARILLA and cleanse the blood.

The Marshals' Bill Vetoed.

What the President Has to Say About It.

WASHINGTON, June 30.—The President approved the bill making appropriations for judicial expenses, but vetoed the bill making appropriations to pay fees of United States marshals and their general deputies.

Indian Depredations.

The fair reader shudders when she thinks of the settler's wife watching, from the door of her rude hut, the retreating form of her husband going out to his daily labor—going out perhaps to return no more.

Jesse Bunker, a mute, son of Chang, one of the Siamese twins, has just completed his course at the New York Institution for the Deaf and Dumb.

Quick Work.

A wonderful piece of railroading was accomplished a few days ago. The St. Louis Iron Mountain Railroad, extending from St. Louis to Texarkana, was five feet wide.

Congress Adjourned.

The extra session of Congress which met the 18th of April adjourned the 1st instant. We can only give a general resume of what has been accomplished.

The "Raging Canawl."

The Board of Directors of the Penitentiary began work on the Canal the 1st instant. The last Legislature appropriated \$11,000 for cleaning out the canal and building a dam so as to utilize the water power for the penitentiary.

Corbin Rejected.

The Senate, the 28th ultimo, rejected the nomination of D. T. Corbin as Chief Justice of Utah.

Not Even President.

The trouble with Hayes is that he is trying to play the part of President, Senate and House all at the same time.

A primary election has been ordered in Edgefield County for the 23d inst., to nominate a candidate for the House in place of Thomas Jones, deceased.

Mr. James A. Fowler, proprietor of the Spartanburg Carriage and Wagon Factory, died the 26th ultimo, in the 52nd year of his age.

The insurance companies have paid the widow of Dr. Jno. T. Darby \$30,000 insurance on his life.

Congress has passed a bill allowing the importation of guanine into this country free of duty.

Editorial Correspondence.

To Spartanburg—Over the Blue Ridge—Hendersonville—Barbecue and Speeches—Still Alive.

SPARTANBURG, July 5, 1879. The trip from Newberry and the low country to the mountains is not such an undertaking as it used to be.

would be able to get their eating and sleeping in Hendersonville, dropped off at Spartanburg, to await the extra train the next morning.

Pisciculture.

BY W. NO. 2.

Such is the nature of man that it is difficult to break down long preconceived, established notions and customs. If for successive years a people have followed certain habits and ways which have become ingrained, even though these peculiarities may have become stale, unprofitable, eye-injurious, and to a certain degree offensive, it requires extraordinary exertion to counteract the influences of the same.

Our Washington Letter.

WASHINGTON, D. C. July 2, 1879.

The session which closed yesterday did much to familiarize the people with the methods of Government which have been in force for the last few years, and therein was profitable to the Democratic party and the people at large.

We have a population to-day in the United States of 50,000,000. In twenty-five years hence, with the progressive strides made in this respect, we will number 90,000,000.

Gov. Jarvis, of N. C., delivered the address of welcome: the barbecue dinner was disposed of in short order, and the speaking began.

Your correspondent is still living, but the doctors say one more speech would have proved fatal.

There was only one accident to mar the pleasures of the excursion: a Mr. Garrison jumped off the train at Tryon Station, and broke his leg.

A pleasant and cheerful room is essential to the health of the baby, and the usual pains and ills of the young ones soon vanish after the use of Dr. Bull's Baby Syrup.

If for successive years a people have followed certain habits and ways which have become ingrained, even though these peculiarities may have become stale, unprofitable, eye-injurious, and to a certain degree offensive, it requires extraordinary exertion to counteract the influences of the same.

Well, let us see how matters stand. We will have to refer to the pages of Hewitt, Adair, Williamson, Mills' Statistics, Ramsay, Logan, Carroll's Compilations, Gibbs, Johnson's Reminiscences of South Carolina, and they inform us that once the Santee, the Wateree, the Congaree, Broad, Saluda, Edisto, Savannah, Keowee, Seneca, Sandy Flat, Ecoree, Tyger and Catawba Rivers, together with Paeolet, Thickety, Turkey, Bullock's, Stevens', Long Cane, Indian and Daneau's Creeks, with many other tributaries, were famous in days gone by for an overflowing abundance of fish, as sturgeon, pike, trout, bream, perch, mud-fish, suckers, rock, shad, herring, cat, gar, eel, soft shelled turtle, terrabee and cray fish.

A pleasant and cheerful room is essential to the health of the baby, and the usual pains and ills of the young ones soon vanish after the use of Dr. Bull's Baby Syrup.

Let us for information, in regard to what we should do in our own State, take up the action of the State Government of Maine, New Hampshire, Vermont, Massachusetts, North Carolina, Rhode Island, New York, Pennsylvania, with many other States, and see what has been done.
