There was a little fire in the stove in the store Saturday evening; but the stove and piping were in good order, and this circumwere in good order, and this circumstance, in connection with the fact that stance, in connection with the fact that the fire occurred so late in the night, gives strong probability to the theory of incendiary.

Mr. Christian speaks in the highes terms of Dr. Chisolm's skill and of the kindness with he was treated. He says the doctor has patients from all parts following officers installed for the quar- of the country. A day or two before he left he saw the doctor perform a very critical operation. A man in splitting wood had one of his eyes knocked out. The other eye became affected through sympathy and gave him excruciating pain. In a short time that eye would have been gone too. He hadn't slept for three weeks when he went to the doctor. The doctor took the good eve out of the socket, and let it hang down on the patient's cheek while he clipped around in the socket a few seconds with a pair of scissors, and then put the eye back in position, all in less than a minute—and the man was all right. All pain was gone and the eye was saved. Mr. C. says that in a short time the poor fellow was sleeping as sweetly as an infant in its mothers arms.

MESSRS. EDITORS: Mentioning in your issue of last week the shooting contest which took place at Hendersonville, July 28, you say that the News and Courier improperly reported us as the "Newberry Club." This appearing in your columns in addition to a report which has been circulated to the effect that we wished to be known as a team from Newberry village, is calculated to leave an erroneous and unjust impression concerning us on the minds of many, if left uncorrected. Why we were reported as the "Newberry Team" we will give the facts: In less than two hours after our arrival at Hendersonville, pools were sold on us as Newberry Team. Only one of our members was present at the time, and he asked that the name be changed to Enoree; but some of the pools having already been sold, and there being no other team from the county, it was refused. The next morning when entering the team on the field our Captain again asked that the correction be made. The Secretary desired to know if we were the only team from Newberry County," and upon an affirmative reply, said that pools had been sold on us as the Newberry Team, and as we were the only team from Newberry, it
