Smith's Scrofula Syrup and Star Curie are purely vegetable. Why will you suffer with Cancer, Cancer, Catarrh, Rheumatism, Kidney and Liver Diseases, when a few bottles of these two great remedies will cure you?

From C. D. McCurry, Newnan Co., Georgia.—I take great pleasure in recommending to the public Dr. Cheney's Expectant and Croup Preventive. My little son had been a great sufferer from Spasmodic Croup during the night. Dr. Cheney, about two years ago, prescribed for him his Croup Preventive, which has since been beneficial in all cases of Coughs. I consider it a blessing in my family. Every one should keep in their houses.

Try Smith's Scrofula Syrup for your blood. It removes all skin eruptions and will give you a beautiful and clear complexion. For sale by Dr. W. E. PELHAM. 50—1y.

If You Want

A strictly first class Piano, at the same price you are required to pay for an inferior instrument, buy a Mathushek. It possesses four grand points of superiority: 1. Immense volume and richness of tone, with an absolutely perfect scale, not a false note in it. 2. Durability and capability of standing twice as many years of actual service as any other piano ever made. 3. Power of being kept in tune at one-fourth the usual expense. 4. Moderate cost as compared with all other first class instruments. The verdict of the very best musicians of the world is that the Mathushek Piano is the only perfect piano yet produced and must eventually become the leading and favorite piano of the world.

Very Provoking.

It is enough to stir a man's choleric commences reading a blood curdling account of some terrible disaster and to find the end in a certain marvelous soap, or wonderful specific which cures "every ill which flesh is heir to". Society should put its feet on such miserable attempts to deceive. We believe in a legitimate form of advertising and take this occasion to say that Messrs. Kingland & Heath, of Columbia, can give you the most satisfactory showing in China, Glass, Crockery and Fancy Ware. Just try them and you will be convinced.

WADLEY, EMANUEL CO., GA., Oct. 10, 1879.

Gentlemen: While attending the General Assembly this summer, I tried your Star Curie on my leg, it being affected with an old sore caused by a wound received during the late war. After having thoroughly tested it I am compelled to say that it is a success, for I have had experience with different physicians and remedies, and found nothing to cure me, until I used your Star Curie, which has cured a remarkable bad case. Wishing you success, I am yours, respectfully,
JOHN BELL.

Rahm will preach Sunday morning; subject, "The Sonship of Christ"; Prof. G. W. Holland, alternate. Revs. S. P. Hughes and J. A. Sligh were selected to address the Sunday School Sunday afternoon.

The Christian at Work.
If any reader, whose eye shall meet this, wants a cheery, bright, religious paper, we advise him to send three dollars at once to The Christian at Work, and give it a trial. The Christian at Work is non-sectarian; that is, it does not confine itself to the interests of one denomination, but gives the news of all. It has valuable Sunday School Lessons; its Editorial pens traverse all subjects of current interest; its Family and Home Departments are as peculiar as they are unexcelled; it gives the latest news from the Mission fields. It also has a capital Farm Department, which gives it additional interest to all interested in rural life.

The Christian at Work is the healthiest, the most stimulating, the best religious weekly published. Try it in your home for a year, and see how the old folks and the young folks and the middle-aged folks like it. Boys and girls reading The Christian at Work will not seek the flashy literature of the day; and they will learn that religious reading need not be dull reading. Try The Christian at Work, and see if it is not so.

Peterson's Magazine
Has some new feature every month; is always progressive and in the advance. The February number is now before us, and its new feature is a colored pattern for embroidery on net, the last 'new thing' in art needlework. Every lady ought to have the number, if only to get this new pattern. The stories are unusually fine. There is a spirited tale, "Beyond His Reach," illustrated; a weird one, "The Egyptian Amulet"; two novelets, one by Ann S. Stephens, both powerful; a sketch by that inimitable humorist, "Josiah Allen's Wife"; and numerous other stories, by Frank Lee Benedict, and others, all original, and all by American writers. The principal embellishment is a steel plate, "The Lost Babe in the Woods," one of the most charming things we have ever seen. The patterns for fashion for the work-table, etc., etc., are almost countless. It is impossible to conceive how a lady's book could be better. Peterson's is undoubtedly, as it claims to be the cheapest and best of its kind. The terms are but two dollars a year, with great reductions to clubs, and beautiful premiums to the person getting up a club. Now is the time to get up clubs. Specimens are sent gratis for this purpose. Address Chas. J. Peterson, 309 Chestnut Street, Philadelphia, Pa.

From B. F. Moore, A. M., President of Moore's Southern Business University, Atlanta, Ga.—This is to certify that I have used Dr. Cheney's Expectant in my family for several years, and can recommend it as an invaluable remedy for Coughs, etc., and have found it superior to any other remedies that I have tried.
