Mr. Patrick Scott died at his home in Newberry Monday, 28th ultimo, at 6 P. M., of pneumonia.

From Winstboro' he moved to Columbia, and in 1855 he came to this place; he followed the business of merchandising in each of these places.

Mr. Scott was a true and honest man, and a good citizen. His age was between seventy-five and eighty.

His remains will be taken to Columbia this (Tuesday) afternoon, and will be buried in the Catholic Cemetery by the side of his wife, who died in 1855.

Suing a Rail Road. Dr. J. M. Westmoreland, of Greenville, who was injured in a collision between two freight trains on the C. & G. R. R., near Pomaria, last December, has begun a suit in the Circuit Court of Greenville for \$10,000 damages against the road.

We had the pleasure of examining Mr. J. Taylor's new "Dexter Queen Buggy" and pronounce it the very acme of perfection. It is the most perfect in its spring of anything ever manufactured, and must get into favor at once. Mr. Taylor is just putting the finishing touches on the first one and will be pleased to exhibit it.

Successful Industry. Washington Brown, colored, is the successful proprietor of a thriving establishment near Mrs. McKellar's handsome suburban residence, and built by this lady. He makes and repairs harness and bridle, besides turning out a good and substantial shoe. Wash. deserves credit—but we hope gives none—and is doing a first rate business. He has proven the truth of the adage that "where there is a will there is a way."

Helena Shops. A visit to the Helena Work Shops Thursday afternoon was rendered very pleasant by the polite attentions of Mr. Parrish, the Superintendent. Everything moved smoothly and every one looked lovely, smart and grace excepted. We were pleased to see so much life in the old place. A noticeable feature was a new car for the officers of the road which is being fitted up in handsome style and with all the modern improvements. Next to being an editor we should like to be a rail road official.

To Mr. E. George Keitt, of Newberry, for an invitation to the annual commencement of the College of Physicians and Surgeons of Baltimore the 1st instant.

To our young and amiable friend, Miss Lizzie Simmons, who so kindly remembered us last week. Verily she is an expert in fixing up things for the sick.

Taken for an Escaped Lunatic. The following is too good to be withheld from our readers. Our friend C. G. J. visited the Asylum in Columbia last week. He was in there about three hours, and saw and heard so much that on coming out it is not surprising that he did not know what direction to take for his hotel. An old woman happening along just at this moment he asked her to show him, who, seeing him touching all the trees and posts in the way—one of his peculiarities—jumped—two feet high—to the conclusion that he had just eluded his keepers. Seeing her fright, and fearing she might attract a policeman, he fished out a quarter from his pocket and offered it to the old woman. This clinched the matter, but fortunately for him she fled, and he escaped.

Fire. The bar-room of Mr. S. P. Baird, on the corner of Pratt and Nance Streets, was burned this (Tuesday) morning about 4 o'clock. The fire was discovered on the inside, and had made very little headway. Mr. Jno. Henry Chapman says that when he reached the place he found a back window broken open, and the floor on fire. He threw a bucket of water on the fire which seemed to make it burn more furiously, leading him to believe that either kerosene or spirits had been poured over the floor and ignited. There seems no doubt that the fire was incendiary.

Nothing was saved except one barrel and one cask of spirits.

The adjoining building, belonging to the Cash estate, and occupied by J. B. Leonard as a bar and grocery, was in great danger, and would very probably have gone but for the strenuous efforts of a few men. Messrs. I. W. Walter, C. A. Bowman, R. W. Boone, S. S. Langford and Coleman Jenkins, colored, climbed out upon the roof of the Cash building, and with buckets of water kept the fire from breaking through the windows.

Mr. Baird was insured for \$2,000—\$1,000 in the Queen on stock; and \$1,000 in the North British & Mercantile on building.

Speaks for itself. That the road is open in the South for the colored as well as the white man to realize a competence by industry and economy the following facts, will show; Lewis Duckett, a colored man living within a few miles of Newberry, is now the owner of a valuable plantation of 796 acres, bought and paid for by himself since the war. Duckett thus related his post bellum history to a Daily News reporter; "I was freed in 1865, but continued working with my former master for one year, making that year nothing beyond my living. From that time until April 1867 I rented land from Mr. Duncan, taking one-third of the crop. I sold my share in April 1867 and realized enough from it to put me through the following year and had over \$400, which I lent out at 15 per cent interest. While renting land at a cash rent of \$1,200 a year, I was was burned out, losing 600 bales of cotton and 1,400 bushels of cotton seed. I commenced buying land in 1869 and have continued adding to my original purchase of 130 acres, and now own 796 acres. I own besides 8 head of stock, 10 milk cows, 4 yearlings and 25 hogs. My crop this year made on the part of the farm I manage myself is 61 bales of cotton, averaging 600 lbs. to the bale, 1,000 bushels of corn, and 800 bushels of red rust proof oats. My renters made 57 bales of cotton, 700 bushels of oats and 150 bushels of wheat. My farm would bring at auction \$7,000 but I would not take anything like that price for it. Mr. Duncan, cashier of the Newberry bank, can substantiate all that I have said, and that my property is all paid for and has not a cent of encumbrance on it." Mr. William Whitmore, also, a gentleman thoroughly conversant with Lewis Duckett's affairs, more than endorses the statement as to value given by him. The real value of his property is considerably in excess of that statement in Mr. Whitmore's opinion.

Are colored people permitted in the South to own land? I asked recently an intelligent Northern gentleman of a Southern brigadier. A very emphatic affirmative answer is given to this question in the above simple and true statement of Lewis Duckett, planter of Newberry county.—Greenville News.

Smith's Scrofula Syrup and Star Corine are purely vegetable. Why will you suffer with Cancer, White Swelling, Catarrh, Rheumatism, Kidney and Liver Diseases, when a few bottles of these two great remedies will cure you?

From C. D. McCurry, Newbern, S. C., Georgia.—I take great pleasure in recommending to the public Dr. Cheney's Expectant and Croup Preventive. My little son had been a great sufferer from Spasmodic Croup during the night. Dr. Cheney, about two years ago, prescribed for him his Croup Preventive, which has most miraculously cured him. I find it equally beneficial in all cases of Coughs. I consider it a blessing in my family. Every one should keep it in their houses.

Try Smith's Scrofula Syrup for your blood. It removes all skin eruptions and will give you a beautiful and clear complexion. For sale by Dr. W. E. PELHAM. 50-1y.

The editors of the HERALD will not attend the Garfield Inauguration: they don't approve of Republican inaugurations anyhow.

Mr. Allen M. Wyse, of Prosperity, is the happiest man in ten Counties: he has two pretty bouncing boy babies just a week old to-day.

Are you subject to pains of any kind? If so go at once to Dr. Fant and ask him for an ounce or two of the new remedy just introduced.

Fruit trees are budding, and it will be a blessing if they are not nipped in the bud. The early bird catcheth the worm, and is sometimes caught.

Overhaul tools, machinery, wagons, etc., now, and have any repairs that may be needed made at once, before the busy season is upon you.

Several new and handsome quilts seen at a residence not a hundred miles from the Steam Saw Mill give rise to the thought that there is something up. All mail matter destined for the North or West should be mailed before the close of the up-mail, as it will reach its destination quicker by going via Greenville.

If put in the down-mail it will be taken to Columbia and go by the W. C. & A. R. R. without delay.

All those who have made up their minds to be jammed, squeezed, mashed, and possibly knocked into the middle of the next week, will now get ready to start for the inauguration. If they reach Washington they will have to take the chances for hash and lodgings.

The Municipal election in Prosperity comes off some time this month. We hear that there will be an effort made to elect a dry ticket. A petition has been gotten up and signed by many people in the surrounding country asking that the sale of liquor be prohibited in Prosperity.

Judge Hudson took occasion to compliment the Newberry Trial Justices very highly while holding Court. He said the papers they sent up to the Circuit Court, both criminal and civil, were the best he had met with anywhere. In the appeal cases their decisions were sustained in nearly every instance.

The proprietor of the HERALD has been trying to make ends meet by keeping a stock of Stationery; and now that the Dry Goods, Drug and other dealers are going into the business, he will be forced to keep needles, thread, calico, with paragon, castor oil and other like things. Where will the end be.

"A dumb priest loseth his benefit," so he that bloweth not his own horn receiveth neither honor or profit. We would have it known, therefore, by all men and women, and the rest of mankind, that we have a complete stock of Stationery and Books, which we are selling at bottom prices. Come and see.

J. Foster, the Spiritualist who exhibited in Newberry a few weeks ago, has got into trouble. He exhibited to a large crowd at Danville, Va., the night of the 21st ultimo, and after the entertainment was over one of the audience got out a warrant for his arrest on the charge of obtaining money, from the sale of tickets, under false pretenses. He took the night train and "lit out."

We are gratified to know that the labor and trouble we took to give a full report of the testimony in the Stolbrand Aiken contest last week was appreciated by our readers. The Democrats all over the County now know the kind of testimony upon which Stolbrand expects to obtain Aiken's seat in Congress; they know the showing of the other side. When Col. Aiken comes round to take testimony in his behalf, there will be quite a different showing.

Frank Leslie's Popular Monthly. There can be no question as to the great merit and cheapness of this magazine; in these respects it is not excelled by any similar publication. The number for March contains, as does every copy, 128 quota pages and over 100 illustrations, together with a beautiful colored frontispiece, "No Rose without a Thorn." The articles "Der Monsier Telephone System" by Noel Ruthven (15 illustrations); "A Dash Through Congress," by N. Robinson (9 illustrations); "The Trent Affair," by an Eye-witness (6 illustrations); "The Story of the Diamond Necklace" (6 illustrations); "The Pine-apple Trade in the Bahamas" by Mrs. Frank Leslie (8 illustrations); "Why the Clouds Float, and What the Clouds Say," by Robert James Mann (8 illustrations); and many other articles, are deeply interesting and replete with information. There are excellent stories, sketches, adventures, etc., by celebrated writers; some admirable poetry, and a very large amount of miscellany, embracing history, science, travels, fun, etc., etc. A single copy of this delightful periodical can be obtained for 25 cents; the annual subscription is \$3; six months \$1.50, four months \$1, sent postage-free. Address Frank Leslie's Publishing House, 53, 55 and 57 Park Place, New York.

WADLEY, EMANUEL CO., GA. Gentlemen: While attending the General Assembly this summer, I tried your Star Corine on my leg, it being affected with an old sore caused by a wound received during the late war. After having thoroughly tested it I am compelled to say that it is a success, for I have had experience with different physicians and remedies, and found nothing to cure me, until I used your Star Corine, which has cured a remarkable bad case. Washing your remembrance, I am yours, respectfully, JOHN BELL.

New & Miscellaneous. A GRAND MUSICAL DISCOVERY! THE STUDY OF MUSIC SIMPLIFIED. The Labor of Years Accomplished in Weeks by the New Inductive Method for the PIANO AND ORGAN!

Mrs. W. H. Clark Has Opened a STUDIO over R. Y. Leavell's Furniture Store for the Reception of Pupils. Having Taught this Method in the North with Unparalleled Success; also in Greenville, S. C., now offers her Services and the Method to the CITIZENS OF NEWBERRY AND VICINITY. It is impossible to set forth ALL THE ADVANTAGES this Method has over the Old System, in an advertisement, but invite all interested to Call at the Studio, or Send for Circular. IT SAVES TIME AND MONEY. It is so simple that even a Child of Five Years can understand it. It does away with years of drudgery. It takes the Pupil almost immediately into the Science of Musical Compositions, and continues the same throughout the whole Course of Instruction. It is not a superficial method, but educes to all Music precisely as it is written, without any change whatever. It comm
