BONES ON THE FARM.

A solution of potash will reduce bone to a fine condition, and make it available for plant food. Most farmers still use wood for fuel, and ashes from the fifteen or twenty cords used in a year, if saved, would reduce all the bones ordinarily within reach of the farmer. The old fashioned leach that used to stand at almost every farmer's back door for soap making, was a good contrivance for reducing the bones. But any tight, strong cask or box, will answer quite as well for this purpose. Water poured upon the ashes makes a lye, or solution of potash, strong enough to decomose the bones. The casks should stand under cover, so that the quantity of water applied to the bone and ashes, may be under control. The time it will take to reduce the bone to a powder, will depend upon the amount of potash in the ashes, and attention bestowed upon the process. It is essential that the ashes and bone should be closely packed in the mass, and that they be kept in a moist state, adding water as it evaporates from the surface. The finer the bone before it is packed in the ashes, the sooner will it be reduced. The process can be hastened by putting into the mass a few pounds of common potash. But this is only neccessary to save time. Ashes from hickory, or any of the hard woods, contain sufficient potash to decompose the bone. When the mass is soft enough to break down with a spade or shovel, it can be mixed with land plaster, dried peat, or loam, to make it convenient for handling. It is a concentrated fertilizer, to be used with discretion in the hill, or applied as a top dressing to growing crops in the garden or field. We are quite sure that any one who uses this preparation of bone and wood ashes, and sees the vigorous push it gives to garden and other crops, will be likely to continue it. But many farmers near about, if it seems to be saying, 1, 2, to resort to a hand or horse mill to use up the waste bones. Small mills are extensively used by poulcan be adjusted to break the bone coarsely for hen feed. The oil and gelatine of bones have an alimentary

in American Agriculturist for June. RAISING CALVES .- If it is intended to raise any of the calves it may be well to allow them to such the cow for the first two or three days but no longer. Then for a short time give them milk directly from the cow, not quite as much as they each load of a different kind from will drink, as it is desirable to keep their appetite good all the time. During the first week it is better to feed three times a day, rather than twice. After the first week they may be put upon one-half skimmed milk, which may be gradually changed to all skimmed milk Cream is of no value to the calf for building up the frame. All the elements for making bone or muscle are in the skimmed milk. An im- by explosions of dynamite that's portant item, however, is having the milk sweet, and of the same temperature as the milk from the cow, until the calf is well grown. When two months old it will usual ly drink sour milk readily, and in hot days will prefer cold milk. If troubled with the disease known as that she was only twenty. At a the "scours," which kills more calves than any other, remember that it usually proceeds from indigestion, by improper feeding, and that a spoonful of pulverized charcoal beat up with an egg, to correct | was ?" the acidity of the stomach, will us ually relieve, while more care about feeding will effect a cure. - Cultiva-

WARTS ON CATTLE .- A corespondent of the Country Gentleman Mary has such quiet ways. Good writes: I have for years cured warts very easily on all animals, no mat- old gentleman came up, we were ter where located, by applying butyr | just talking of Mary, and the lady of antimony with a feather two or was quite surprised to hear me say three times, at intervals of two or she was so young; you know she's three days. If the warts are dry only twenty." scalded I scrape them lightly at first. It simply dries the wart down to hardness, when it drops for I've heard you tell it for the last off without leaving soreness or irri The best milking-cow which I owned I purchased out of a drove of beef cattle on account of her superiority in having all the excellent milking-points, and the discovery that her teats were literally covered with pointed warts, which I had no doubt was the rea- fulness of space." His malady beson why she had been fattened and gan while acting as night editor of | a blanket newspaper.

Humorous.

WHAT WON A SOLDIER.

A small but distinguished company of lawyers sat in the Supreme Court room, Boston, recently, talking over old times. Among them was Colonel Charles S. Spencer, who told the following story:

"I was restrained," he said, "by an ex-soldier of the war to sue for the recovery of \$1,800 which he had loaned a friend. The late Edwin James was counsel for the defendant. James cross examined the plaintiff in his usual forcible

"You loaned him \$1,800?" James asked.

"I did sir."

"It was your own money?" "It was, sir,"

"When did you lend him the nonev?"

"In July, 1866."

"Where did you get that money from?"

"I earned it sir ...

"You earned it, eh? When did vou earn it?"

"During the war, sir." he said, in a very humble tone.

"You earned it during the war Pray what was your occupation during the war? Mr. James inquir-

"Fighting, sir," the man replied modestly.

"Oh, fighting!" Mr. James said, some what taken down.

"I smiled triumphantly. James was half mad. Well, we went to the jury; and I of course, had the last to say. I sailed away up to the glory. I spoke of the war of the lives and treasure which it cost us, of the awful battles which decided the fate of the Union, of the self-denial and bravery of our menwho left home, and wife, and child ren, and father, and mother and everything dear to them, and went fourth to fight for firesides and freedom and the salvation of the nation. I pointed to the plaintiff as the sort of man who had fought our battles.

HOW TO DETECT CLASSICAL MUSIC.

seaports and railroad stations, use 3, hop, hop, hop, or 1, 2, 3, bang, coal mainly for fuel, and will have bang, bang, you may conclude at once that you are listening to something of a very low order, which it is your duty to despise. But when try men, for crushing oyster shells you hear something that sounds as as well as bone, and the machinery | if an assorted lot of notes had been put in a barrel and were being persistenly stirred up, like a kind of harmonious gruel, you may know it's a fugue, and safely assume an value, and, turned into eggs, pay expression of profound interest. If much better than when used as a the notes appear to have been dropfertilizer for the soil.-Wm. Clift, ped by accident and are being fished up at irregular intervals in a sort of placid or drowned condition, is likely to be a nocturne; and nocturnes, you know, are quite too utterly lovely for anything. If the notes seem to come in carloads, the last, and if the train seems to be an unreasonably long time in passing a given point, it will turn most likely to be a symphony; symphonies are just the grandest thing that ever were. If the notes appear to be dumped out in mases, and shoveled vigorously in heaps, and then blown wildly into the air rhapsody; and rhapsodies are among the latest things in music.

> ONLY TWENTY .- A lady with a daughter of uncertain age, gave out party one evening she was speaking of her daughter and a lady re-

"How old did you say Mary

"Mary is just past twenty." "Ah! I should think she was

"Yes, everybody takes her to be older than she is, because you see evening, Dr. Jones," she said as an

SWEPT INTO THE STREAM

One Thousand Acres of Land and 'Right Smart of Bears.'

On the deck of a big Mississippi steamboat stood an aged Southern planter. Indicating by a sweep of his arm the waters the boat was passing over, he said to a passenger from the North: "When I was twelve years old I killed my first bear on a new plantation my father was then cutting out of a forest thatt grew directly over the waters of this bend. That was a mighty good plantation, and there was right smart of bears there, too. But that one thousand acres of land went into the Mississippi years ago.

It is putting no strain upon the figure to say that great forests of youthful hope, womanly beauty and manly strength are swept in the same way every year into the great, turbid torrent of disease and death. Yet it should not be so. That it is so is a disgrace as well as a loss. People are largely too careless or two stupid to defend their own interests—the most precious of which is health That gone, all is gone. Disease is simple, but to recklessness or ignorance the simplest things might as well be complex as a proposition in Conic Sections. As the huge Wes-tern rivers, which so often flood the cities along their shores, arise in a few mountain springs, so all our ailments can be traced to impure blood and a small group of disorder-

The most effective and inclusive remedy for disease is PARKER'S TONIC. It goes to the sources of pain and weakness. In response to its action, the liver, kidneys, stomach and hear; begin their work afresh, and disease is driven out. The Tonic is not, however, an intoxicant, but cures a desire for strong drink. Have you dyspepsia, rheumatism, or troubles which have refused to yield to other agents? Here is your help.

TORPID BOWELS. DISORDERED LIVER,

and MALARIA.

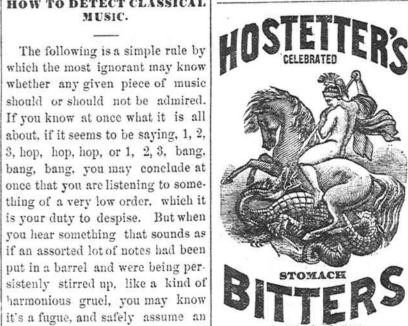

From these sources arise three-fourths of the diseases of the human race. These the diseases of the human race. These symptoms indicate their existence: Loss of Appetite, Bowels costive, Sick Headache, fullness after cating, avers... on to exertion of body or mind, Eructation of food, Irritability of temper, Low spirits, A feeling of having neglected some duty, Dizziness, Fluttering at the Heart, Dots before the eyes, highly colored Urine, CONSTIPATION, and demand the use of a remedy that acts directly on the Liver. As a Liver medicine TUTT'S PILLS have no equal. Their action on the Kidneys and Skin is also prompt; removing all impurities through these three "scavengers of the system," producing appetite, sound digestion, regular stools, a clear skin and a vigorous body. TUTT'S PILLS cause no nausea or griping nor interfere with daily work and are a perfect.

ANTIDOTE TO MALARIA. HE FEELS LIKE A NEW MAN.
"I have had Dyspepsia, with Constipation, two years, and have tried ten different kinds of pills, and TUTT'S are the first that have done me any good. They have cleaned me out nicely. My appetite is splendid, food digests readily, and I now have natural passages. I feel like a new man."

W. D. EDWARDS, Palmyra, O. Soldeverywhere, 25c. Office, 41 Murray St., N.Y.

Office, 44 Murray Street, New York. TUTT'S MANUAL OF USEFUL RECEIPTS FREE July 19, 29-1y.

All who have experienced and witnessed ne effect of Hostetter's Stomach Bitters the effect of Hostetter's Stomach Bitters upon the weak, broken down, desponding victims of dyspepsia, liver complaint, fever and ague, rheumatism, nervous debility, or premature decay, know that in this supreme tonic and alterative there exists a specific principle which reaches the very source of the trouble, and effects are absolute and permanent cure.

For sale by all Druggists and Dealers generally.

A Physician's Testimony.

I was called to see Mr. John Pearon who was confined to his bed with what appeared to be consumption of the worst form. As all of his family had died with that dread disease (except is half brother), his death was regarded as certain and soon. After exhausting all the remedies. I finally as a last resort sent for a bottle of Brewer's Lung Restorer, and it acted like magic. He continued the use of it for some time and has been fully restored to health. So far as I could discover, he had consumption, and Brewer's Lung Restorer saved his life. J. O. HOLLOWAY, M. D.,

Barnesville, Ga.

The Horse Doctor. We have heard of a "cure all," but

when a father is taking a bottle of medicine for the summer complaint to his family in the country his horse has a sudden attack of cholera from overfeeding, is given the contents of the bottle and is soon restored, as was a case we have just heard of. Dr. Biggers' Southern Remedy should certainv relieve men of diarrhace, dysentery and children teething. This, with a ottle of Taylor's Cherokee Remedy of Sweet Gum and Mullein, combining the stimulating expectorant principle of the sweet gum with the demulcent healing one of the mullein, for the cure of croup, whooping cough, colds and consumption, presents a little MEDI-

Cancer.

The development of the treatment of Cancer CANCER for 14 YEARS.

SANCER for 14 YEARS.

Spartanburg, S. C., March 14, 1884.

I have for 14 years been a sufferer from a running sore on my face that everybody called a CANCER. I have used over \$330 worth of medicine and found no relief. About four months ago I bought one bottle of Swift's Specific from Dr II E Heinitsh, and since have bought five others, have taken it, and they have cured me sound and well! My face is as free from a sore as anyhold; and my health is perfectly restored. as anybody's, and my health is perfectly restored I feel like forty years had been lifted off my head. Yours thankfully, ELIZA TINSLEY. Mr. B F Burns, Hope, Ark., says, under date

of Jan 22, 1834; "I have taken five bottles of Swift's Specific for a sore on my temple—said to be a cancer. I have been wonderfully benefitted and will soon be a well man."

Mr W R Robinson, David-boro, Ga., writes, under date Jan 3, 1884: "I am getting on finely, the ulcer is gradually healing. I feel that Switt's Specific will cure the horrible cancer which has been feeding on me for over 20 years. Mr. W H Gilbert, Albany, Ga, says:

Mr. W H Gibert, Albany, Ga, says:

"A gentleman named Moore near this city had an enting cancer on his face, which had caten away his nose and his under lip, and had extended up until it had nearly reached his eye. The cancer was eating his gums and had rendered his teeth so loose that he thought they might at any time drop out. He has been taking Swift's Specific about three months, and its effect has been wenderful. It has desire the swirts special about three ments, and at ser-fect has been wonderful. It has driven the poison from his system, the cancer has already healed greatly, his teeth have become strong again, and he thinks he has been rescued from an awful death. He is the most enthusiastic man

Out of Jaws of Death.

This gentleman who outlines his case below his is a man considerably advanced in life; and is noted for his sterling integrity, His post-office is Yatesville, Upson county,

Ga. The following is Mr. John Pearson's State-

ment. In the Spring of 1882 I was attacked with In the Spring of 1821 was attacked with a very bad cough, which continued to grow worse until fall, when I got so weak that I could not get about. I tried a great many kinds of medicines but continued to grow worse. I was notified that I had consump-tion and would probably die. Dr. Holloway finally told me to try Brewer's Lung Re-storer. They sent to Ward's Store and got a bottle and I commenced taking it right away. After taking two or three doses, I began to improve, and by the time I had used up one bottle I was able to get on my feet again. I am now in excellent health. I am again. I am now in excellent health. I am confident that the Lung Restorer saved my life and my neighbors are of the same opinion. It is the best Lung Remedy ever made in my opinion. Dr. H. promised me that he would write to the manufacturers and tell them of the mentageneral area it made in my confident. the wonderful cure it made in my case.

Statement of Benj. F. Hearndon.

Early in November, 1881, while sewing on the machine, my wife was taken with a severe pain in her side, which was soon fol-lowed by hemorrhages from her lungs and a severe cough. Fever commenced, she could neither eat or sleep, and in a few weeks she was reduced to a living skeleton. The at-tending physician told me that he thought one of her lungs we; entirely gone. She could not retain the most delicate nourishment on her stomach, I then agree with Dr. Sullivan, my family physician, to call Dr. Holloway in consultation. They made a final examination of the patient and pro nounced the case hopeless. Dr. Holland then suggested the Brewer's Lung Restorer as a last resort, I sent for a bottle and gave her a dose. I found that she could retain it on her stomach and after about the third close. I began to notice some improvement close, I began to notice some improvement, it her condition. I continued the medicine regularly and by the time she had taken two bottles, she was able to walk about the house. She is now in better health than she has enjoyed for several years. I believe the Lung Restorer saved her life. We have have a family of six children, some of them grown.

grown. Mr. Hearndon's post-office is Yatesville. Upson county, Ga. He is a thoroughly re-Feb. 28-1m.
