

the United States sloop-of-war St Mary's, appeared in the allied camp, and commenced negotiations with Gen. Mora for the surrender of Walker and the remnant of his force.

The following is the General Order issued by Gen. Walker to his troops after the capitulation. You will observe the phrase, "in parting for the present," etc., in the document:

HEAD QUARTERS OF THE ARMY, Adjutant General's Office, Rivas, Friday, May 1, 1857. General Order, No. 59.

The Commander-in-Chief, in communicating to the Army the following agreement, thinks it proper to state that he entered into it on the solemn assurance from Captain Davis that Col. Lockridge, with his whole command, had left the San Juan River for the United States.

In parting, for the present, with the brave comrades who have adhered to our cause through evil as well as good report, the Commander-in-Chief desires to return his deep and heartfelt thanks to the officers and soldiers under his command.

Reduced to our present condition by the cowardice of some, the incapacity of others, and the treachery of many, the Army has yet written a page of a Mexican history which it is impossible to forget or erase.

When Gen. Walker surrendered, he had what he calculated as four days' provision, viz: two bulls, two horses and three mules.

The fact that only 80 of Walker's men remained sick at Rivas at the capitulation, shows that at least 100 must have died within a few days from neglect and starvation, as the number when Walker commenced to eat dogs and mule meat amounted to 170.

A special committee of ten from the General Committee of Reception, left the city in the 10 o'clock train last night for Summerville, where they met the main body of the delegation and accompanied them to the city.

The first welcoming address was made at the depot by J. W. R. Pope, esq., Chairman of the Special Committee, and he was followed by Wm. E. Martin, esq., Chairman of the General Committee.

The military company from Memphis, the German Rifles, was received and escorted by the German Artillery, and the German Riflemen and German Fusiliers, of this city, to their quarters, at Military Hall.

The procession was quite large and imposing, reaching from Line street to Calhoun, accompanied by an array of flags, banners and martial music.

The first that attracted our attention in passing up was one suspended upon a line between the stores of Messrs. Fogarty & Stillman on the West, and F. Von Santen on the East, and was gotten up, we learn, by the former enterprising and public spirited firm.

Further up, and just beyond Wentworth street, was suspended another beautiful banner, which was gotten up by the invincible and indefatigable Cohen, of the Carolina Clothing Depot.

The number which arrived in the cars this morning was very large, probably not falling far short of one thousand persons.

The attendance thus far is as large as was to be expected, and the weather being fine, though rather warm and dusty, there is ev-

ery prospect of a joyous and successful occasion. For the succeeding exercises, and ceremonies of the celebration we refer our readers to the published programme.

The Ball at the Institute Hall. The ball at the Institute Hall was, perhaps, the most perfect entertainment of the kind that has ever been exhibited in Charleston.

The night was warm but pleasant—breezes sported through the windows, all of which were open; the music of Bissenden's brass band was never more enchanting; at all times there was room abundant for those who strolled about; the company was unusually select; the fairest daughters of South Carolina had come to meet and welcome the fairest daughters of the West; and over all, there was the repose and breeding of the most cultivated society, and what with the radiance of light, and the beams of happiness, and the charm of dress and decoration, and the enchantment of grace which rose from each, and swelled in gentle undulations over the whole assembly, all were resistlessly inclined to linger.

It would be but justice to remark that very much of the charm of this entertainment was attributable to the efficient police, by which its general movements were regulated. The officers found some difficulty in clearing the supper table for the second course of ladies, but in every other respect, the exhibition came off according to the programme, and some four hundred carriers discharged and received their prizes with all the regularity of the most ordinary occasion.

Utah. The Washington correspondent of the Journal of Commerce in a recent letter details a plan for the solution of the present difficulties in Utah, which strikes us as embracing much merit.

The American portion of the population are prepared for an insurrection against Brigham Young's rule, but they are not willing, by a feeble movement, to hazard their own lives and property.

The first thing for the Federal Government to do is to supersede Brigham Young in his office as Governor. This they ought to have done long ago, before the state of things became so bad.

The moment Brigham Young is stripped of Federal authority he will become partially paralyzed. He must then quietly submit to a loss of his despotic powers, or he must, backed by his army, resist the United States Government; and at this point, half of the Mormons will join the United States against Brigham, and he and his force will be put down.

As no troops will be wanted in Kansas, except enough to garrison the forts, the government will be able to send to Utah a body of about twenty five hundred troops—a force not more than equal to that of Brigham Young.

It is the opinion of some of those with whom I have conversed, that a discreet and suitable man, as Governor, might put down Brigham Young, and restore a due administration of justice in the Territory, without firing a gun.

St. Louis, May 23.—The St. Louis Republican publishes a letter from Mr. Brown, the editor of the Herald of Freedom, to Brewerton, the correspondent of the New York Herald, which shows that a serious difficulty has occurred between Gov. Robinson and Mr. Brown.

The former has charged the latter with an attempt to sell the Fugate State party to Governor Shannon on condition of being released from prison, which charge Brown denies and calls Robinson an unmitigated liar, and requests Brewerton to represent him.

Gen. Harnoy and Hon. J. L. Orr, of South Carolina, have arrived in the Territory. The latter was tendered a complimentary dinner, but declined.

WASHINGTON, June 1.—At the election held in this city to-day, a serious riot occurred, in which knives and pistols were

freely used, causing considerable bloodshed. The marines were ordered out, and one hundred and ten proceeded to the polls, and were attacked by the mob, who were preparing to fire a swivel, when the marines charged upon them, took the swivel, and fired upon the rioters, killing several.

CINCINNATI, May 29.—Deputy United States Marshal Churchill, and eleven assistants, left this city last Tuesday, to arrest four persons in Mechanicsburg, Champagne county, Ohio, charged with harboring fugitive slaves nine months ago.

The arrests were made on Wednesday, when a writ of habeas corpus was taken out; but before it could be served, the United States officers, with their prisoners, were beyond the bounds of the county.

The United States officers resisted, and several shots were exchanged; but finally the United States officers were overpowered, taken prisoners and brought to Springfield for trial, for resisting the sheriff in the discharge of his duty.

Judge Leavitt, United States District Judge, issued a writ of habeas corpus to-day, and the Marshal has gone to Springfield to serve it. In case resistance is offered, it is reported that the United States troops will be called out.

BOSTON, May 26.—Gov. Gardner to-day vetoed the resolutions passed by the Legislature for the relief of the settlers in Kansas, because in his judgment they contravene the provisions of the Constitution of Massachusetts, and believing them inexpedient.

FAMINE IN MICHIGAN.—The Detroit Advertiser of last Tuesday, to correct some misconception which exists in respect to the character of the suffering which prevails through certain counties in the Lower Peninsula, explains that it is only such as is incidental to a newly settled country, and adds:

"This year, these usual privations are enhanced by a series of disasters, almost unprecedented. The prevailing fires of 1856, the heavy August frost, which cut off corn and buckwheat, and nearly ruined potatoes, the miserable crops of other vegetables, and a bitter winter, have combined to depress the standard of life to a point of absolute starvation.

COWHIDER AFFAIR.—There was a prodigious excitement in a saint Charles street restaurant last evening, at late supper hour, (says the New Orleans Crescent of Friday), caused by one young gentleman giving another a most unmerciful horse-whipping.

TORONTO, May 29.—The boiler of the steamer Inkerman exploded this afternoon at 4 o'clock, instantly killing two men and dangerously wounding six.
