TO THE MERCHANTS OF THE SOUTH AND SOUTHWEST.

WE, the undersigned, merchants of the city of Charleston, S. C., encouraged by the increased patronage received last Spring, and by the assurances that have reached us from all sections of the South and Southwest, that our Goods have compared advantageously, and competed successfully, with those bought in New York and other Northern cities, and believing that being found faithful to the pledges made in our former card, we will receive still greater patronage, have prepared ourselves for a largely increased Fall business.

Our Importers and Jobbers of Foreign Merchandize have all been represented in the markets of Europe, this Spring and Summer, either by members of their respective firms, or by agents fully competent to select goods for the Southern trade. They have bought for cash, or its equivalent, and their selections will form full and attractive stocks for the inspection of the interior merchants. Our facilities for obtaining Domestic Goods direct from the manufactories, are unsurpassed by the merchants of any city in the Union.

We, therefore, confidently invite you to inspect our FALL STOCKS of FOREIGN and DOMESTIC GOODS, feeling assured that all who may do so, *without prejudice*, will make their purchases in this market. Our stocks will be complete early in August, when we will be pleased to receive the visits of our old and new mercantile friends.

BLUE RIDGE HOUSE,

Pendleton, S. C.

THE SUBSCRIBER, who has had several years experience in Hotel business, (having been sole proprietor of the Williamston Springs Hotel for nine years,) is now proprietor of the BLUE RIDGE HOUSE, where he will be glad to see all his old friends and patrons and also the travelling public. His house will be provided with everything necessary for a well-kept house, both from the sea board markets and surrounding country, and his Bar with choice Wines, Liquors and Cigars. He has good servants, and every attention will be paid to his guests to render their sojourn agreeable. The good society of Pendleton Village—the proverbial good health of its inhabitants—its fine cool water and bracing atmosphere—its proximity to the mountains and its accessibility by Railroad, all contribute to make it one of the best summer resorts in the upper country. Persons arriving here on the cars, and wishing to visit the mountains or any other point of the surrounding country, can be accommodated with good conveyances and careful drivers from the Livery Stable kept here.

THE BUE RIDGE RAILROAD.

1300 Acres of Land,

WITHIN ONE MILE OF THE WALHALLA DEPOT.

THE RAILROAD is the line for near one mile, presenting some of the handsomest building sites. The lands are mostly in the forest, rich bottom and upland lying on both sides of the north fork of the Coneross Creek, for one and a half miles. I intend laying off ten Lots of twenty acres each, running to and fronting the Railroad, and to attach to each Lot one hundred and fifty acres of land, or to make the quantity to suit purchasers.

ALSO, my Poor Mountain Tract, containing Two Thousand Five Hundred Acres, with a large quantity of bottom and rich mountain valleys. If this is not capable of being made one of the best grazing farms in Pickens District then you will have to hunt the oldest man in Pickens District to point the other. A man that is afraid to invest money in Lands near Railroads, would be called a slow-cart, for the history of the world is that they have raised the price of lands so as even to astonish the incredulous. I am determined to sell—one-fourth cash, balance in one and two years.

Don't be afraid to come and look. The cars won't run over you. They only want, and that for the next hundred years, your timber, for cross-ties and fuel, and pay out on the road for all time forty dollars out of every hundred dollars that they make. If this would not put a man in a good humor then please start some invention that will do more for mankind than Railroads have done.

Please call on me at Wayside, and if I can't sell you land I shall know that you are not a railroad man. JAMES OVERTON LEWIS.

PLOWING MADE EASY

For the Man and Light for the Horse.

I HAVE recently purchased the Right, for Pickens District, of the Adams & Co's. celebrated Patent Plow Stock. This plow stock is of Georgia invention, and is being used, generally, amongst the best planters of that State.—It is the common stock, with concave Foot and Rod and Heel-pin combined in one; and the different plows are attached to the Stock upon the principle of that of attaching the bayonet to the gun. The Stock, when made of ash, weighs 12 pounds; made of white-oak, 16 pounds.

I consider it far superior to any Stock I have ever seen, chiefly on account of its combination of lightness and strength. I will soon commence making them, and will deposit them at the different places of resort in the District. I will sell Plantation Rights for $1.25 each. To persons who only work one horse I will sell the Right for 75 cents.

I will send a specimen Stock to Pickens C. H., Pickensville, Walhalla and Pendleton, in a few days.
