Our price for announcing a candidate is five dollars, cash in advance. Positively no announcement will be inserted without the cash accompaniment.

Remember, that you have only to the 20th of July to make your tax returns.

Our town is full of visitors in attendance upon the commencement exercises.

Read the notice for a meeting of the stockholders of Adger College on July 6th.

Concert by the Dixie Cornet Band at the Brewery Park on Friday night at 8 1/2 P. M.

Blank Liens just printed and for sale at this office, for the cash.

Preaching in the Baptist Church on Sunday morning at the usual hour by the pastor.

The entertainment, at Biemann's Hotel, on Thursday evening, will conclude the enjoyment and pleasures of commencement week.

Mr. W. J. Ellington, who lives on the farm of J. D. Sheldon, Esq., had a cotton bloom 21st, which is the earliest report in the county.

A cotton bloom was plucked from the field of Mr. John P. Simmons, near Fair Play, on the 24th instant.

A second hand cooking stove, in good repair, for sale. Price \$10. Apply at Buras & Hayes' store, Main street.

Query: "Why will men smoke common tobacco, when they can buy Marburg Brothers' Seal of North Carolina, at the same price?"

We are requested to announce that there will be preaching at the Presbyterian Church on next Sabbath night at the usual hour.

When a merchant advertises during the dull summer months it is an evidence that he is at least doing some business.

A good boy may not become a handsome man, but a nice boy will surely become a handsome woman.

With the exception of delinquent subscribers, everything is about a fortnight earlier than usual this year.

Hon. J. R. Chalmers, member of Congress from Mississippi, favors us with congressional matter of great interest. He has our thanks.

The Second Quarterly Conference for Westminister Circuit will be held at Fair Play, Saturday next, the 29th instant. Rev. O. A. Darby will be present and preach Saturday and Sunday.

Mr. Thomas Broom was kicked severely by a horse on Monday last. He lingered until the next day, when he died from the effects of the hurt. Mr. Broom was over fifty years of age, and one of our best citizens.

We notice by an advertisement in the Greenville News that Gen. Meise, Adjutant and Inspected General, will "inspect" the "State troops" or "Militia" of Oconee County, at Wallhalla, August 1, 1878.

The charades Monday night, for the benefit of the Female College, was well attended, and the acting very creditable. The income of the evening amounted to forty-two dollars and forty-five cents.

Our office was favored on Tuesday by a call from Prof. W. A. Curtis, of the Rabun Gap High School, of which we gave a notice in our paper some weeks ago. The professor is on a visit to the commencement exercises of our colleges.

The commencement of the Columbia Female College is announced with a graduating class of ten. Among the number we are pleased to announce the name of Miss Lula Mickler, of West Union. The subject of her essay was "What is Success?" The graduating class was highly commended by the Columbia papers.

We regret to learn of the death of the infant son of Mr. and Mrs. L. B. Lee, aged about twenty months, which occurred at their residence on Keowee River, on the 25th instant, after a short illness.

The commencement exercises of Lucy Cobb Institute, at Athens, Ga., has just closed. A correspondent of the Augusta Chronicle speaks well of the efforts of the young ladies. Among the "Junior Compositions" we notice that of Miss Lizzie Norton, of Wallhalla. "If We Know" was her subject. This essay by young lady is at home enjoying her vacation.

The Columbia Register states that the wheat crop which is already being harvested in many parts of the country is a large one. It is estimated that the yield will reach 400,000,000 bushels, or ten bushels for every man, woman and child in the United States, calculating the population at forty millions. All the grain crops are considered promising. The potato crop in many of the States will be of immense magnitude, though it has been damaged in some parts of the country by excessive rains. The outlook for peace and plenty is truly encouraging.

The Charleston Journal of Commerce is represented here in the person of Mr. Barker, who has been diligently employed, for the past few days, in writing up the exercises of the two colleges in our midst. He honored our sanatorium with a visit on Wednesday morning. Mr. Barker is a young man of promising appearance and winning manners, and in making his notes he keeps one eye on our beautiful mountain girls, who we think, have already made a favorable impression upon him. He will no doubt have something to say in the excellent paper he represents about them.

Professor Sloan has our thanks for a nice basket of ripe peaches. He tells us he has had them ripening from the first of June and with his select varieties he will have fruit until frost. He is conversant with all the branches of farming as well as a thorough scholar and scientist. Our people have the climate for fruit growing, especially peaches, grapes and early apples and they should devote more attention to improved fruits. We propose to say something on this subject at a future time.

We were pleased to meet in Wallhalla this week Mr. W. B. McDaniel, of the Columbia Register. Mr. McDaniel is here in the interest of the Register to write up our commencement exercises. We recommend Mr. McDaniel and his paper to the kind consideration of our readers.

We understand that there was a large crowd in attendance at the picnic of the Councilors of Temperance at Fairview Church on Saturday, the 22d instant. A good number of persons from Seneca City and Wallhalla were present. Interesting speeches were made by Rev. Fletcher Smith, Col. J. J. Norton and Rev. O. A. Darby. The exercises were interspersed with music by the Dixie Cornet band, of Wallhalla. A long table, filled with the substantial as well as the delicacies of an enticement nature, was also prepared, and full justice was done it by all present. No one went away hungry, as there was an abundance and to spare for all.

Mr. J. A. Wren has opened up a new photographic gallery, over Verner & Strubling's store, where he is fully equipped to make first class pictures. Now is the opportunity to secure the shadow ere the substance fades. Mr. Wren comes from our sister town of Anderson, where he has been busily engaged for several months past at his profession. He will remain only two weeks. See his advertisement.

The great commoner, Alex. H. Stephens, has arrived at Augusta from Washington. He made a ten minutes speech and was received with great enthusiasm by his friends. The Radical Democrats who have been gnawing at his reputation as a Democrat have commenced to "sing low."

THE LABORATORY OF THE SYSTEM.—The stomach is the laboratory of the system in which certain mysterious processes are constantly going on. These result in the production of that wonderful vivifying agent, the blood, which in a state of health rushes laden with the elements of vitality to the remotest parts of the system. But when the stomach is semi-paralyzed by dyspepsia, blood manufacture is carried on imperfectly, the circulation grows thin and sluggish, and the system suffers in consequence. Moreover, indigestion reacts upon the liver and bowels, rendering the first sluggish and the latter constipated. The brain also suffers by sympathy, and sick headaches, sleeplessness and nervous symptoms are engendered. Hostetter's Stomach Bitters reforms this state of things, gives permanent tone and regularity to the stomach and its associate organs, the bowels and liver, and ensures complete nourishment and increased vigor of the system. It is the most popular as well as the most efficient anti-dyspeptic and tonic in America.

Philosophers say that closing the eyes makes the hearing more acute. Clergymen, however, should speak louder. It looks rather suspicious to see half the congregation sitting with closed eyes, in order that they may more distinctly hear the sermon—especially as many of them fail to open their eyes when the contribution basket is shoved under their nose.

Two of the three negroes hanged in Goldsboro, N. C., expressed a firm belief that they were going direct from the scaffold to heaven; but the third was equally sure that he was going to hell. "I will breakfast with the devil to-morrow," he said.

It is said that Montana, with a population of 50,000, has not a business failure in a year. This circumstance is said to be due to the custom of hanging those who are unable to make satisfactory arrangements with creditors.

Redmond, the outlaw who has been interviewed by Judge Lewis, of Pickens, says he is willing for his whole life to be published, and that he has done nothing that he is ashamed of.

The Organ War.—A 100 Lb. Solid Shot.

If any man insults your common sense by offering a first-class 9 Stop Organ for \$65, "Shoot him on the spot." All necessity for buying such inferior Organs is forever done away with. \$100 cash, or \$110 on easy terms, now buys a magnificent Mason & Hamlin Parlor or Church Organ with Four Sets Reeds and Ten Stops, in Elegant New Style Case with Illuminated Panels. Speights' Daily Newspaper states that Maj. S. S. Kirkland, who recently accepted the office of Chief Engineer of the Edgefield and Aiken Railroad, has now been tendered the same position on a new line projected between Mount Airy and Greensboro', North Carolina.

Rev. Dr. Joseph S. Key, pastor St. Paul's Church, Columbus, Ga., writes: "We gave Dr. Moffett's Teethina (Teething Powders) to our little grandchild with the happiest results. The effects were almost magical, and certainly more satisfactory than from anything we ever used." R. E. Norman & Bro. and all Druggists keep Teethina.
