Lightning bugs can be seen "lightning" at 12 o'clock in the day time in Wm. B. Kelley's corn field.—John S. Goodman. Mr. J. W. Shelor and wife left Walhalla on Tuesday last, for Calhoun, Georgia, where they intend to reside.

James H. Robins, Esq., informs us that Mr. Thomas Smith, who lives at the upper end of Walhalla, has a five acre field of cotton that will average waist high. Preaching at West Union on next Sunday afternoon at 4 o'clock, by Rev. F. M. Morgan. Subject—"Vileous faith." The public are invited to attend.

The afternoon Sunday service in the Baptist Church has been changed from 4 o'clock P. M. to 8 o'clock P. M. The prayer meeting on Thursday has been changed from 8 o'clock P. M. to 6 o'clock P. M.

There was only one piece of property sold by the Sheriff on Monday, being ten acres of land, more or less, near Seneca City, which brought \$700, or \$70 per acre. We suppose there must be a gold mine on this land.

Summer excursion tickets are now being sold at the ticket office in Columbia, over the Greenville and Columbia Railroad, good to return at any time previous and up to November 1st, 1879, to Spartanburg, Hendersonville, Greenville and Walhalla.

R. E. Norman & Bro., druggists, will pay 15 cents cash for good dried and sound Pink Root. Nice, large, fine lemons always on hand. Also a fine lot of candies, nuts and fruits just received.

The next regular meeting of the Teachers' Union for Oconee County will be held at Seneca City on the 3d Saturday, 19th of July, at 10 o'clock A. M. The public are invited to attend.

We are requested to announce that there will be preaching in the Walhalla Methodist Church on next Sunday morning at 11 o'clock A. M. We regret to announce in this connection the continued feebleness of Rev. Neville, the pastor of this church. Although he does not inform us, yet we suppose some one else will fill his pulpit for him on Sunday. We hope to hear of his improvement soon.

Mrs. M. E. Britton, editress and proprietress of the Home Circle, a weekly literary journal published in Charleston, paid our office a visit last Tuesday. Mrs. Britton has been canvassing for subscriptions to her paper in Georgia and South Carolina for several weeks, and we are pleased to hear she has met with as much success as she could expect in her new enterprise.

Oconee County Sunday School Convention. The following is the programme for the Oconee County Sunday School Convention, at Westminster, S. C., on the first and second days of August, 1879:

ON THE DEATH OF B. STYLES STRIBLING. "Weep not for him that dieth, He sleepeth and is at rest, The bed whereon he lieth Is the green earth's quiet breast."

The United States Marshals

Must look to Congress at last for relief from their distress occasioned by the folly of the Pollicio-veto-President. WASHINGTON, July 3.—Attorney General Devens has written the following letter to General Matthews, United States Marshal, at Detroit, in reply to a telegram asking whether the latter should continue to serve warrants in criminal cases as heretofore:

The Furman (Baptist) University, Greenville, S. C., has been forced to suspend. The faculty resigned because they were not paid; they were not paid because the trustees made tuition free—depending on endowment bonds \$225,000—to bring interest sufficient to run the institution. The interest on the bonds was not collected—hence suspension.

DEATH OF CAPTAIN W. A. POTTS.—The friends of Capt. W. A. Potts, the well known railroad contractor, will be both surprised and grieved to learn of his death in this city last evening. He expired at 8:30 P. M. at his room in the Wilson house, the fatal malady being congestive cholera.

The orchard is situated on the East bank of the Hudson River, on high, rolling table land, and contains more than 24,000 apple trees, 1,700 pears, 4,000 cherries, 500 peaches, 200 plums, 200 crab-apples, 1,500 vines, 6,000 currants, and 200 chestnuts. The varieties grown are: Rhode Island greenings, 7,000; Baldwin, 6,000; King of Tompkins County, 4,000; Astrachans, 800; Northern Spy, 500; Wagner, 500; Gravenstein, 400; Cranberry Pippins, 200; Bon Davis, 200; Dutchess of Oldenburg, 200; with Jonathans, Hubbardstons, Cayugas, Vendevours, Pearmains, Peak's Pleasants, 20 ounces Pippins, Russets, and others in less number.

All statements made that there will be another session of Congress before the regular session in December are unfounded in fact. When the President decided not to recall Congress upon its adjournment last Tuesday, it was after the conclusion had been reached that if Congress should be reconvened before that regular time, it was evident that it would still refuse to make any of the provisions included in the marshals' bill.

Thomas W. Knox writes from the Lotus Club, New York, to Postmaster-General Keys, that he received back two letters, mailed by him on the 12th of March, to go round the world in opposite directions. The Eastward letter made the circuit in 80 days, including four days detention at Yokohama, and the other circumnavigated the globe in 110 days, thirteen of which were consumed by a detention at Yokohama, which would have been avoided by an arrival at that port two days sooner.

An extraordinary scene has been witnessed at the meeting of the Presbyterian General Assembly in Belfast, Ireland, where the ministers and elders present, numbering nearly 400, and a large audience besides, continued sitting out all night a debate on the introduction of hymns until a quarter past 3 A. M.

Cousons' Honey of Tar will relieve severe coughs of long standing, and prove a blessing to all who suffer with affections of the throat and lungs, and is confidently offered the public as the best remedy in the world. In our rigorous climate, where coughs and colds prevail, this favorite remedy should have a place in every household.

We earnestly request all those who are indebted to us for subscription and advertising past due to come forward and pay up.

"No One to Love."

Dear Editors—Having seen in the columns of your paper of July 24, if I mistake not, an editorial in regard to the lonely, yes, deplorable, condition of the old bachelors, I thought as I was one of that class, and probably senior of it, that I would make one or two suggestions as to the remedy. But first allow me to return my sincere thanks to you for your sympathy, for if there was ever a class that needed sympathy we are surely one. You state that we have no one to love. How true! How sad the thought!

P. S. Now I am not sure that I am the Senior Bachelor of this place; for I remember that we have a County official from whose appearance must be my Senior, and also a divine who looks very suspicious; then I will just subscribe myself BACHELOR. Paper is now used as a substitute for wood in the manufacture of lead pencils. It is rolled around the core of the lead to the thickness of an ordinary pencil, and is made to adhere by some adhesive material, and after drying is colored, gilt and varnished, and resembles in appearance the well known common cedar pencil.

FOR CHOLERA INFANTUM.—The whites of two eggs, well beaten; then mix with pure water, add one teaspoonful of orange flower water and a little sugar; a tablespoon every hour. It will cure the worst case of cholera infantum, the eggs costing the bowels.

A last farewell—a shoemaker giving up business. A morning glory—when you know it is unnecessary to get up and make the fire.

When a baby stuffs his toe into his mouth he little realizes how hard it will be for him in later years to make both ends meet. For a true specimen of awkwardness personified comment us to the new grocery clerk struggling to do up a pound of sugar in an artistic manner.
