Meeting of the County Executive Committee.

The County Executive Committee of the Democratic party are requested to meet in the law office of Keith & Verner, at Walthalla, S. C., on Monday, the 5th day of April next, at 11 o'clock A. M. Important business demands a full attendance.

Emigration.

The Atlanta and Charlotte Air Line Railway has a plan on foot to settle the Piedmont section of country with good people. Dr. Moorman has been selected by the company to register all the lands for sale along its line.

Good Health.

No temporal blessing is equal in value to good health. Without it money, good living and other physical comforts are mockeries. It cannot be bought or sold, but by proper attention to dress and policy it can be preserved.

The Errors

And bungling of our last Legislature has no parallel in the past history of South Carolina. We do not know where the fault lies, but no one can deny its existence and harmful influence.

Our Danger and Our Duty.

We publish this week the proceedings of the County Republican Convention, held at Walthalla on the 27th ultimo. The tone of the meeting showed a disposition to organize the party anew and press for success at the coming election.

The June Convention.

We gave last week a brief notice of the propriety of calling the convention as early as June for the nomination of State officers, giving our views in opposition to the call.

The Annual Orator.

Mr. James P. Cary was the anniversary orator. Subject—"The True Object of a College Course." This is one of the very best addresses we have ever heard of on a like occasion.

The Florals Offerings.

We noticed that on this as well as on a recent similar occasion, the very interesting celebration of the Piedmont Society, the floral tributes were profuse and elegant.

A Circular to the Democratic County Chairman.

COLUMBIA, March 26.—Gen. John D. Kennedy, Chairman of the Democratic Executive Committee of the State, has issued the following address:

Richmond, Va., March 27.—Judge G. L. Christian, of the Husting Court, has ordered the summoning of two colored men on the venire for the next term of his court.

Subscription for the Courier.

Mr. William L. Bolt has removed from this place to Seneca City, where he will embark in merchandising. He has been the faithful and efficient scribe in the office of the Clerk of Court for the past eight or nine years.

We can remember but one change as to time of holding the courts made by our Legislature before reconstruction, while if the jury law was ever changed we cannot remember it.

Anniversary Celebration of the Carolina Literary Society of Adger College.

The Carolina Society placed the community under very pleasant obligation by the entertainment of its annual festival last Friday evening. This entertainment was on the scale for a previous evening, and had been postponed on account of the weather.

The Debate.

Query—"Have false systems of religion caused more misery than false systems of government?" The affirmative was represented by John L. McLees, of Greenwood, S. C., and the negative by Mr. James F. Cooper, of Kingstree, S. C.

The Republic County Convention.

The Union Republican Party of Oconee County met in the court house at Walthalla Saturday, March 27th. The convention was called to order by M. H. Bryce, county chairman. The chair stated the object of the convention.

The Blue Ridge Railroad.

The Charleston News and Courier is not by any means sure that the Air Line Railroad has secured the Tennessee end of the Blue Ridge Railroad connection. That paper further says: It is certainly high time that something was done to make the South Carolina section of the Blue Ridge Railroad available as a part of a great Western line.

The Action of Charleston.

CHARLESTON, March 29.—A special committee of the Charleston Chamber of Commerce appointed some weeks ago to consider the question of the Western Railroad connections, submitted an elaborate preliminary report to day, showing the advantages of Charleston as a port of entry and export for the Northwestern States with Europe and with Central and South America and West Indies.

Moon Made of Green Cheese.

A DINNER CALCULATED TO MAKE A CONGRESSMAN SWEAR IT. [From the Augusta Chronicle.] Col. D. Wyatt Aiken, of South Carolina, a grave man and one of the best experimental farmers and writers in the South, staggers us with this statement: "I am only afraid that all the old cows in the country will soon cease to give milk to be used in making butter."

Some few farmers are planting corn this week.

Nice time and good weather. This is my choice week to plant corn. Early corn is nearly always the best and surest crop.

Some of the people are beginning to be careful of debt this year.

They are holding off of liens as long as possible. "Burnt children dread the fire." Money is so close that locals are nearly closed out at present.

We are up to the opening of a full door of candidates.

From Governor down to the lowest office in the gift of the people. I believe there will be many aspirants this time, but there seems to be extreme reticence just now.

Savannah, March 29.—An important railroad meeting was held at the Pulaski House this morning.

Ex-Governor Brown, Gen. Alexander, Gen. McRae, and C. J. Brown, of Atlanta, Central Railroad directors, were present. The tariff passed by the Railroad Commission was discussed.

Register from Birmingham says:

While workmen were engaged in digging a well near the rolling mills, a sudden current of gas began to flow, and immediately after petroleum started and is still flowing at the rate of ninety barrels per day. The wildest excitement prevails.

The directors of the Cincinnati Southern Railway Company

have decided to submit to the stockholders a proposition to increase the capital to two million dollars, for the purpose of providing more rolling stock and other necessary facilities.

Mr. William L. Bolt has removed from this place to Seneca City,

where he will embark in merchandising. He has been the faithful and efficient scribe in the office of the Clerk of Court for the past eight or nine years.

COLUMBIA, March 29.—The Republican State Convention to nominate delegates to the National Convention will meet here in four weeks. From interviews with the leaders of the party and officers of the executive committee it seems that there are dissensions in the council. The Presidential question has been discussed in the executive committee.

THE LANGUAGE OF THE HAIR.—Straight hair, stringy looking hair, indicates weakness and cowardice. Curly hair denotes a quick temper. Frizzy hair, set on one's head as if each individual hair were ready to fight its neighbor, denotes coarseness. Black hair indicates persistent resolution in accomplishing an object, also a strong predisposition to avenge wrongs and insult—real or fancied. Brown hair denotes fondness for life, a friendly disposition, ambition, earnestness of purpose, capacity for business, reliability in friendship, in proportion as the hair is fine. Very fine hair indicates an even disposition, a readiness to forgive, with a desire to add to the happiness of others. Persons with very fine light brown or auburn hair, inclined to curl or friz, are quick tempered, and are given to resentment and revenge. Light brown hair, inclined to redness, with a freckled skin, is a certain indication of deceit, treachery, and a disposition to do something mean to a friend who can no longer be used to advantage. We give this as we find it, and it is about as true as such things generally are.

WHICH IS THE MOST PROFITABLE CORN.

It is a question worth considering in what direction we shall "breed" our seed corn. Whether it is better to encourage a growth of one large ear upon each monstrous corn stalk, or aim at getting two or more smaller ears, upon a medium sized stalk, one which may be used for fodder, and thus allow the whole plant to be utilized. In the West the aim is to have one large ear, of which 100 will produce a bushel of shelled corn at least. In the East some corn growers are striving to "breed" a corn which shall produce two or more ears upon a stalk of which 150 will yield a bushel of shelled corn. With three ears upon a stalk of this character, it is evident that the product will be at least double that of the larger eared variety. In addition to this grain, the stalk of the smaller variety is not so coarse, and may be nearly all consumed, and the ears are better fitted for feeding whole, or for cutting into feed together with the stalk. These items should all be taken into account in determining to what end we shall direct our efforts in the improvement of this, the most valuable of all our crops.

The American revisers of the New Testament

from seven denominations, as follows: Ex-President Woolsey, Congregational; New Haven (chairman); Professor Thayer, Congregational; Andover; Professor Ezra Abbott, Unitarian; Cambridge; Dr. Burr Methuen, New Jersey; Dr. Thomas Chase, Methodist, Pennsylvania; Dr. Howard Crosby, Presbyterian, New York; Professor Timothy Dwight, Congregational, New Haven; Dr. Kendrick Bantist, Rochester, New York; Bishop Leo, Episcopal, Delaware; Dr. Riddle, Episcopal, Hartford; Dr. Schaff, Presbyterian, New York; Dr. Charles Short, Episcopal, New York; Dr. E. A. Washburn, Episcopal, New York.

A meeting of the Executive Committee of the State Press Association

was held in Greenville last week, when it was determined to hold the next annual meeting of the Association at Greenville, on Thursday, June 17. It is hoped that there will be a full attendance.
