

LOCAL MATTERS.

Mr. C. L. Reid leaves for New York to day to lay in his fall and winter stock of goods. Attention is directed to the advertisement of Mr. H. D. Booser, offering for sale or rent his nice cottage residence on College street.

Mr. J. F. Ritter's house, on Main street, has been treated to a coat or two of paint, which has improved its looks wonderfully.

We are requested to announce that a protracted meeting will begin at Double Springs Church on next Saturday at 11 A. M.

We are glad to see the genial countenance of Prof. S. P. Booser again among us. He is looking well and hearty.

The school for little boys, under the charge of Miss Amanda Morgan, will open in the store room of Mr. Pitchford, on Thursday morning, and continue there for the present.

Adger College opens on Thursday, the 15th instant. All the professors are in town ready to enter upon their duties. A few students have already come from a distance.

The bridge over lower Conners Creek is to be let for re-building on Tuesday, the 4th of October. See notice of County Commissioners in another column in reference to the same.

Fox hunters in the neighborhood of Bechole's Retreat will find it to their interest to read the advertisement of Dr. McClanahan, Mr. Lemuel Verner and others, published in this issue.

Dr. Smeltzer's College opened last Thursday with forty-five scholars and the number had increased on last Tuesday to sixty. A good many have come from other counties and others are expected.

The Sandy Springs Campmeeting, in Anderson county, began on Wednesday night and will continue until Saturday morning, at which time it will break up—so we were informed by the Presiding Elder of this District.

The tax books open at Wallhalla on the 15th instant. The advertisement of the County Treasurer will inform our people of the days the Treasurer will be at different points in the county for the convenience of taxpayers.

Mr. S. K. Dendy, who has been in business in our town for several years, leaves for New York this week to buy his fall and winter stock of goods for Piedmont, to which place he will soon remove. Mr. Dendy is a good citizen and a good merchant and we regret his departure from among us.

Tickets for a cheap excursion from the up country to Charleston will be sold at all stations on the Columbia and Greenville Railroad on the 10th and 11th of October and to be good until the 17th inclusive. The price of tickets from Wallhalla is \$10.25 for the round trip.

By an Act passed at the last session of the Legislature, deer can now be killed between the first day of September and the first day of March. The same Act declares it to be unlawful to hunt birds at any time other than between the fifteenth day of October and the fifteenth day of March.

The District Convention of the Young Men's Christian Association will be held at the Baptist Church in Wallhalla on Friday, the 16th instant, to Sunday, the 18th instant. An address will be delivered in the church on Thursday night by Mr. C. S. Kennedy, State Secretary. The convention embraces the territory of Anderson, Pickens and Oconee. Delegates from various towns in these counties and from the country will be in attendance and a discussion of subjects promotive of temperance, morality and religion will be had each day. All Christian workers, whether connected with the association or not, and the public generally are invited to attend and aid in the laudable work of the convention.

Under the new rules which went into operation on the Columbia and Greenville Railroad July 18, the depots are required to open at 8 A. M. and close at 4 P. M. from September 1 to May 1, and to open at 7 A. M. and close at 5 P. M. from May 1 to September 4. These rules are no doubt made with the view to give the force time to do the office work, which is no small amount of the business. Of course, when passenger trains are scheduled out of these hours, persons having business with these trains will be attended to. Another rule requires consignees to remove their freights in a reasonable time or else storage will be charged. It will repay all who have any dealings with the freight department to read these rules carefully.

Penitentiary News.

Senator Bradley, of Pickens, returned from Columbia yesterday where he attended the meeting of the Board of Directors of the State Penitentiary. He gives a very favorable account of the workings of that institution. The new shoe factory in the penitentiary is making good progress, turning out about 900 pairs of shoes per week with the expectation of soon largely increasing the production. This work is done by contract labor for which the proprietors of the factory pay fifty cents per day for men and 37 1/2 cents per day for women and boys. The shoes made are excellent goods and nothing of the shoddy kind. The penitentiary farm near Columbia, worked by convict labor, will produce this year from 400 to 500 bales of cotton and about ten thousand bushels of corn.

The Board were applied to recently by phosphate companies for the hire of 200 convicts at 10 1/2 dollars per month, the demand for labor of this kind being greater than the supply.

From the income of the penitentiary the board have on hand in bank cash profits amounting to \$9,000, with the last State appropriation of \$16,000 also in bank untouched. These figures contrast very favorably with those of the days of Radical profligacy when the penitentiary was a yearly expense to the State of about \$30,000 and even then the convicts were poorly fed and otherwise cared for.

Under the present management the convicts are well treated, and the penitentiary is not only not an expense, but is an actual profit to the State.—Greenville News.

Latest from the President.

Long Branch date of September 13, says the President was able to sit in a reclining chair for a short time. His general condition is better and his physicians are now hopeful of a favorable result.

Cotton Market.

The following are the quotations of the Wallhalla cotton market on the 14th: Good middling, 11; middling, 11; low middling, 10 1/2. NEW YORK, September 13.—Cotton 12 1/2. CHARLESTON, September 13.—Cotton 10 1/2 to 11.

BEAUTIFIERS.—Ladies, you cannot make fair skin, rosy cheeks and sparkling eyes with all the cosmetics of France or beautifiers of the world, while in poor health, and nothing will give you such good health, strength, buoyant spirits and beauty as Hop Bitters. A trial is certain proof.—Telegraph.

Gen. Burnside, of Rhode Island, is dead. Sunflowers are recommended as a preventative of malaria. They are unguity enough to prevent the approach of anything.

The starling appearance of the sky caused many of the Adventists in Woonstock, Rhode Island, to put on their ascension robes on Tuesday.

Col. Richard S. Jeffries, a prominent lawyer of Atlanta, committed suicide at the Alabama White Sulphur Spring Friday morning. In the election for lieutenant and wardens for the town of Union, on the 12th instant, the wet candidates were elected by one hundred majority.

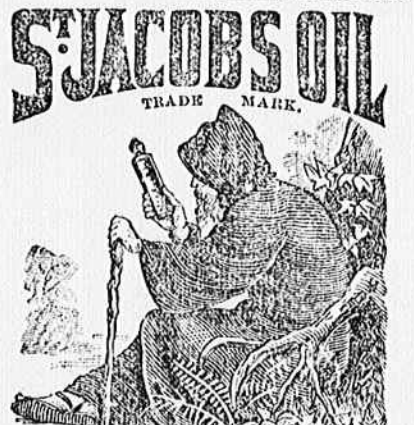

Anderson handled 18,567 bales of cotton during the season just closed, which is an increase of 3,251 bales over the previous year.

The Democratic Executive Committee of Edgefield, twenty-five of thirty-two cities being represented, has voted down a proposition to have primary elections on the stock law question. This kills the law to that country for the present.

The publishers of Jeff Davis's book have delivered 20,000 copies to subscribers at the South, where the book meets a much more rapid sale than at the North. As the book retails for \$10, these sales alone must mean a profit to the author of from \$20,000 to \$25,000.

The mountain regions of Nevada, Utah, Montana, Idaho, Wyoming and Arizona are crowded with explorers and surveyors, looking for passes and locating routes for railroads. Many rival companies have parties in the field, and jealousy is not the least among the incentives for rapid and thorough work.

New York is likely to get a pretty good revenue in the future out of her railroads, besides collecting some back dues, but for some years the companies have enjoyed their privileges almost without cost. The companies are required to pay not only licenses for their cars, but also have their tracks taxed as real estate. The elevated roads also have all their superstructures, stations, &c., taxed as real estate, and the rate in New York makes this tax very heavy.
