Oconee's County Chairman Replies to Our Richland Correspondent. ... MESSRS. EDITORS:—In your issue of the 17th instant I notice that your Richland correspondent complains of the Oconee Democracy generally, and intimates that the County Chairman may have intentionally omitted Richland Club No. 2 in the call for the recent meeting of the County Executive Committee. "R" is not a member of the Executive Committee, and he will see that the County Chairman does not determine who constitute the County Executive Committee. Neither does the committee decide this matter. Each local Club recommends one man from the Club as their choice for a committeeman and he is elected by the County Convention. Now the records show that Richland Club No. 2 had no representation in the County Convention which confirmed the list of the Executive Committee, as it appears in the Corner of the 16th instant. This list was published as a matter of information to the public, without any personal or political animosity toward any Club or individual. I hope to see Richland Club No. 2 come into the next County Convention under the constitution.

S. Y. STREIBLING, County Chairman.

Our Richland Correspondent Re-Affirms his Charges Against the Oconee County Democratic Convention, of 1890. ... RICHLAND, S. C., March 22, 1892.

DEAR COURIER: Of course we saw Mr. John L. Smith's letter in your issue of the 17th instant, and also noted his efforts to show the line of truth in our previous communication. His statement of the facts, as far as he chooses to follow up the ups and downs of our two Clubs (No. 1 and No. 2) are about correct, but he stops with his explanation just where the trouble ("robbery") began.

Mr. Smith says that "when the regular Richland Club met 53 members answered to their names," as if "the Club had already been organized and members enrolled. Now the fact is that we furnished a list of the membership of 1888, together with any other whom we thought might be induced to join this Club, the whole numbering about 80. Now if this roll (list) was ever revised we never heard of it; and, besides, we know that some of them belonged to other Clubs at the same time. At this first meeting "the regular Richland Democratic Club" proceeded to elect 5 delegates to the first County Convention, 1890, two (there being about 19 present) after which members composing Club No. 2 (there being organized 10 present) withdrew and afterwards organized into Club No. 2, with about 19 members, and every member whose name appeared on the roll of Club No. 2 was elected on in person, by the Secretary of said Club, and is now a fully obtained. The names of about 15 members of Club No. 2 being on the roll (list) of Club No. 1, the Chairman of said Club was requested to have them stricken out, which would show the membership of Club No. 1 to be about 60 to 65, which would entitle to 4 delegates in the second County Convention. We are almost positive that this Club sent 5 delegates to the second County Convention also, and will Mr. Smith not be convinced, or will he go now to our County Chairman and look up the record? Delegate from Club No. 2 was allowed a seat in the last County Convention of 1890, but if Club No. 1 sends one more delegate than they are entitled to, is not Club No. 2 robbed of representation? We believe that Mr. Smith thought that he had good grounds for attacking us as he did, and no doubt he made Governor Verner blind and deaf to his facts before your readers that they may judge as to whether or not Richland Club No. 2 was cheated out of its representation." In conclusion, on this subject, let us remind Mr. Smith (as he does not seem to know it) that truthfulness is our special hobby.

Due Pds. ... [Correspondence KEOWEE COURIER.] There has been a considerable change in the weather for the last few days, and the farming interest has come to a standstill on account of the cold weather.

The fruit crop is killed in this section, especially peaches, and if the apples get killed, we won't have anything to fall on for fruit but blackberries.

Some of the farmers aimed to have their corn planted last week, but the weather would not permit. ... The small grain crop looks promising in this section, especially where it was sown in the fall. The farmers are taking more interest in this crop than they have in the past years. They say where a man has got his own bread at home he is the independent man. They are right.

Mr. Myers is one of our oldest citizens, and is living at or near the place where his grandfather settled about one hundred years ago. The Myers were among the oldest settlers of this section, and it is very interesting to hear Mr. Myers tell of the years when he was a boy.

Mr. W. H. Ables is still confined to his room and has been for some months past, but we hope he will be able to be out soon. ... Mr. Joe Baits left this section last Monday for Texas. We wish him success in the Lone Star State.

Miss Bessie Shirley, of Honea Path, S. C., returned home on Monday. She has been visiting her sister and other friends in this section for the past week. Miss Bessie is a lively young lady and we hope she will come again soon.

We have a flourishing school at Pine Grove under the competent teacher, Miss Jennie Shirley, of Honea Path, S. C. She says she has enrolled fifty-four pupils and her school still increases. Miss Jennie is a splendid teacher and we think the patrons did well in getting her to teach their children. She says she will vacate her school the last Friday in April, but will be with us again in the summer. We think Miss Jennie ought to give us a little exhibition or entertainment of her school at its close.

Where are the candidates for this year? We want them to know who or shake a bush, for we want to know who to fix our tickets for in the next election.

Meeting of the County Democratic Executive Committee. ... The Oconee County Democratic Executive Committee met at Wallahalla, March 14, 1892, pursuant to the order of the State Democratic Executive Committee. J. H. Barnett was elected Secretary.

Article I. There shall be one or more Democratic clubs organized in each township or ward, each of which clubs shall have a distinct title, "The Democratic Club," and shall elect a President, one or more Vice-Presidents, a Recording and a Corresponding Secretary and a Treasurer, and shall have the following working committees of not less than three members each, viz: A Committee on Registration, an Executive Committee and such other committees as each club may seem expedient.

Article II. The meeting of the clubs shall be frequent after the opening of the canvass and some member of the club or invited speaker deliver an address at each meeting if practicable.

Article III. The President shall have the duty of calling the members of the club to assemble for the transaction of business.

Article IV. The clubs in each county shall be held together and operate under the control of a County Executive Committee, which shall consist of one member from each club, to be nominated by the respective clubs and elected by the County Convention; and these powers to the said Executive Committee do not carry with them the power to pass on the election of members to the County Convention or their qualification to sit as members, for this power belongs to the members of the convention through the appointment and action of a Committee on Credentials, whose report shall be acted upon as to the members of the convention may seem proper.

The Executive Committee, when elected, shall appoint its own officers and fill all vacancies which may arise when the convention is not in session. The tenure of office of the Executive Committee shall be until the first Monday in May of each election year, at which time the County Conventions shall be called together to reorganize the party.

Every Presidential election year these County Conventions in May shall elect delegates to the State Convention, called for the purpose of electing delegates to the National Democratic Convention and to elect the member of the National Democratic Executive Committee from this State, and such State Convention shall exercise no other power. This State Convention shall be called by the State Executive Committee to meet every Presidential election year on the third Monday in May.

Another State Democratic Nominating Convention shall be called by the State Democratic Executive Committee to meet on the third Wednesday in September of each election year.

Article V. County Democratic Conventions shall be composed of delegates elected by the several local clubs, one delegate for every twenty-five members and one delegate for a majority fraction thereof, with the right to each County Convention to enlarge or diminish the representation according to circumstances.

The County Conventions shall be called together by the Chairman of the respective Executive Committees under such rules not inconsistent with their Constitution, as each county may adopt, and when assembled shall be called to order by the Chairman of the Executive Committee, and the convention shall proceed to nominate and elect from among its members a President, one or more Vice-Presidents, a Secretary and a Treasurer.

The clubs recognized by the respective County Conventions, which send delegates to the State Convention which met on the 13th day of August, 1890, shall be recognized as the only legal clubs; provided, however, that any County Convention may permit the formation of a new club or clubs by a two-thirds vote of its members; provided further, that in all cities with a population of 5,000 and over there may be two clubs in each ward. They shall be organized in obedience to this Constitution, as are the clubs elsewhere in this State; and in organizing said clubs they shall have

representation in the County Conventions, respectively, as said conventions shall declare in accordance with this Constitution.

Article VI. The State Nominating Convention for the nomination of Governor, Lieutenant Governor and other State officers in 1892, and thereafter, and for electors for President and Vice-President in the same year, and every Presidential year thereafter, shall be composed of delegates from each county, in the numerical proportion to which such county is entitled in both branches of the General Assembly; said delegates are to be chosen by primary elections to be held on the last Tuesday in August of each election year, the delegates to be elected to receive a majority of the votes cast. At this election only white Democrats shall be allowed to vote, except that negroes who voted for General Hampton in 1876, and who have voted the Democratic ticket continuously since, may be allowed to vote. The club rolls of the party shall constitute the registry list, and be open to inspection by any member of the party, and the election under this clause shall be held and regulated under the Act of the General Assembly of this State, approved December 22d, 1888, and any subsequent Acts of the Legislature of this State. Second primaries, when necessary, shall be held two weeks later.

Article VII. The officers of the State Convention shall be a President, one Vice-President from each Congressional District, two Secretaries and a Treasurer.

Article VIII. The State Executive Committee shall be composed of one member from each county, to be selected by the respective delegations and elected by the convention. When elected, said Executive Committee shall choose its own officers; shall meet at the call of the Chairman or any five members, and at such time and place as he or they may appoint.

The member of the National Democratic Executive Committee from South Carolina shall be elected by the May State Convention in 1892, and every five years thereafter, and when elected shall be ex-officio a member of the State Executive Committee. Vacancies on said Executive Committee by death, resignation or otherwise shall be filled by the respective County Executive Committees. The State Executive Committee is charged with the execution and direction of the policy of the party in the State, subject to this Constitution, the principles declared in the platform of principles and such instructions by resolution or otherwise as a State Convention may, from time to time, adopt, and shall continue in office for two years from time of election, or until the assembling of the State Nominating Convention, which meets in September of each election year. If any vacancy shall occur on the State ticket or for electors by death, removal or other cause, the committee shall have the power to fill the vacancy by a majority vote of the whole committee.

Article IX. When the State Convention assembles, it shall be called to order by the Chairman of the State Executive Committee. A temporary President shall be nominated and elected by the convention, and after its organization the convention shall proceed immediately to the election of permanent officers and to the transaction of business; when the business has been concluded it shall adjourn sine die.

Article X. There shall be a primary election in each Congressional District in this State on the last Tuesday in August, 1892, and every two years thereafter, to nominate candidates for Congress, to be conducted as is heretofore provided.

Article XI.
