FEDERATION OF WOMEN'S CLUBS.

Harmonious and Delightful Session Held

The fourth annual convention of the south Carolina Federation of women's clubs closed its session yesterday afternoon, and this city has felt honored by the presence of so many fair women from other parts of the State. The meetings have been largely attended by local visitors, including a few venturesome men now and then, and the orderly conduct of the proceedings is a good model for other conventions. Nearly a hundred delegates were in attendance, representing forty-seven clubs from different parts of the State.

Tuesday evening there was a reception given to the club women and invited guests by Mrs. Fannie Perry Beattie, at her spacious and elegant residence on North street, where there were assembled about 300 ladies and a sprinkling of the opposite sex. It was the most

THE KILLING OF YERNON WATSON.

Story of the Tragedy and How Dillingham Captured the Criminal.

[Anderson Daily Mail, April 28.] Will Owens, the youthful negro slayer of Vernon Watson, is a son of George Owens, who was committed to jail here some time ago under sentence to serve on the chain gang thirty days or pay a fine. His fine was paid by Mr. F. G. Brown, and Owens made a contract with him to labor on his Rivoli farm this year. Soon after entering upon his contract he skipped out and has not been seen since.

Last Friday Mr. Watson, who was the manager of the plantation, discovered that Owens' family was preparing to move off. He had sold Owens a couple of small pigs which were to be paid for out of his labor, and as they had not been paid for he went to the negro's house to get the pigs, which were already boxed up preparatory to the removal.

Owens' wife interfered with him and elaborate and attractive entertainment attempted to prevent him from going to the box. Young Owens, who had made the house and seized his double-barreled shotgun and fired, the load wounding his mother in the left arm and left breast Seeing his danger and being unarmed he started off, when the negro fired the other barrel into his back, the load penetrating his kidneys and bowels, causing death in about two hours. The shooting was witnessed by a white man by the name of Cappell and there were other white men soon there, but the negro was allowed to escape. The mother of the negro shut herself up in the house and raged like a caged lion, breathing out

defiance and threatening to any white man who should attempt to molest her. The scene of the tragedy is about eleven miles from this city, and Deputy Sheriff Dilliugham reached there with been done toward the capture of the tation to meet under the shadow of the negro nor was any assistance rendered him in any way, as the crowd seemed to and gifted speaker, and her address was be rattled. He immediately began a search to get on the trail, and, after a

considerable time, the dogs struck it and followed it across Earle's bridge, on Seneca river, to the fork of the road above the Sharpe place, and there it left the read and took through the fields and woods, down the river. Dillingham left his buggy here and followed on foot, and near the new ferry, about three or four miles below, in a pathway in the woods, he ran right on the negro, face to face, and soon had him under arrest. This was about sunrise, and by 9 a. m. yesterday the prisoner was in jail here. It was the hardest chase Dillingham has ever had, and he says it is the first time he
