—A Deep Mystery.
It is a mystery why women endure backache, headache, nervousness, sleeplessness, melancholy, fainting and dizzy spells when they are pregnant. Dr. Electric Bitters will quickly cure such troubles. "I suffered for years with kidney trouble," writes Mrs. Phoebe Cherry, of Peterson, Iowa, "and was so much pained so I could not dress myself, but Electric Bitters wholly cured me, although 73 years old. I now am able to do my own work." It overcomes constipation, improves appetite, gives perfect health. Only 50c. at all drug stores in the county.

On last Saturday night, near the Shallow Ford, on the road between Walhalla and Paul Littleton on one side and Elisha Holden and William Contell on the other, a cutting affray was indulged in between William Littleton and Paul Littleton. Grant, Magistrate, warrants being sworn out by the Littletons charging Holden and Contell with assault and battery with intent to kill, while Holden has procured warrants for the Littletons charging them with a similar offense.

Death of a Centinarian.
Mr. Henry Fricks died at the home of his daughter, Mrs. Massy, in Franklin county, Georgia, on the 25th day of September, 1901, aged 102 years, 3 months and 10 days, having been born on the 9th day of June, 1799. He was well known in Oconee county, having been born near the site of the town of Walhalla. He was about fifty years old when Walhalla was founded. He lived in this county until a few years ago, when he removed to Georgia to make his home with his daughter. He had many friends in Oconee county who will be grieved to learn of his death. He was a man of remarkable activity, energy and industry. Until within the last few months a walk of thirty or forty miles a day was an easy task for him. His was a life of temperance, sobriety and honest toil. He was a true and loyal citizen, and he has at last laid his armor by, and entered upon the reward of a well spent life.

Important Tax Decision.
The State Supreme Court has rendered the most important decision relative to taxation. It holds that County Boards of Commissioners are authorized to levy and collect taxes for county purposes, or in other words it holds "That the power to collect the taxes for the subdivision of the State conferred by the Constitution upon the fiscal authorities of such subdivision whether the tax was created by any act of the General Assembly or by the said corporate authorities under an act of the General Assembly."

County Commissioners of Oconee imposed an additional levy of one cent mill for road tax. The Southern Railway paid under protest. The Circuit Judge held that the tax levied by the County Board was illegal. The Supreme Court reverses the Circuit Court and holds that the county has the right to impose an additional road tax to the one mill for road tax already in the Oconee county supply bill as passed by the General Assembly. This question of counties having the right to directly levy and collect their own taxes has often been mooted and seems to be sustained by the Supreme Court.
