The Hand of Death.

Fell asleep in Jesus, on January 24, 1902, Little Jessie Ray, the beloved child of Mr. and Mrs. Will Huscamp, aged 10 months and 7 days; also his little brother, Matta Goy, died on the 27th, aged 4 years and 5 months. Their little bodies were laid to rest in New Hope cemetery. They were sick only a short while with scarlet fever. We sympathize deeply with these grief-stricken parents, who are thus bereft of two of their children in less than one week. More especially do we feel for the mother, who will so-sorely miss the cherub voices and the tiny foot falls, and upon whose heart the deathly stillness of the house will press like a load of lead. There is nothing that can compensate for this sorrow but the blessed hope of being with them in the paradine of God. the blessed hope of being with them is the paradise of God. A True Friend.

DEAFNESS OR HARD HEARING NOW CURABLE

HEAD NOISES CEASE IMMEDIATELY.

Il history of my case, to be used at your discretion. About five years ago my right ear began to sing, and this kept on getting worse, until I lost hearing in this ear entirely. my hearing in this car entirely.

I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent car specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected car would be lost forever.

I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain Very truly yours.
