Can Bury His Wife Alive.

Emporia, Kansas., November 14.— Judge Madden in the District Court last night decided that a man had the right to bury his wife alive. The case was in the City of Emporia vs. Prof. Vanora et al., an injunction being issued to pro-hibit the professor giving an exhibition of hypnotism by burying his wife under ground and leaving her buried six days. The city claimed the exhibition en-dangered life. The hypnotist claimed the city had not the right to draw a dis-tinction against this kind of exhibition.
