A small amount of money was raised for the school library fund.

\$17,000 Fire at Lavana, Ga.
 Lavana, Ga., February 20.—Just before daylight the morning a big fire occurred here. Twelve buildings were burned to the ground. Among them were: The Lavana Hotel, J. C. Burden, grocery; The Lavana drug store, Dr. G. L. Whitworth, grocery; Dr. Bonner's drug store, the post office building, Dr. Corning's office, H. H. Chandler's law office. The loss is estimated at \$17,000 to \$20,000, with very small amount of insurance. Miss Wilkinson, a daughter of the hotel proprietor, was fatally injured, losing her life from suffocation. She was asleep when the flames originated, and her door had to be forced in and she was carried to a place of safety.

Fatal Shooting in Raleigh.
 Charlotte, N. C., February 21.—The greatest social and criminal sensation Raleigh has ever known, developed at 4:20 o'clock this afternoon. Ernest Haywood shot and killed Ludlow Skinner. The prominence of the case is due to the fact that Haywood is a grandson of the late State Treasurer, John Haywood, and son of the late Dr. E. Burke Haywood, and one of the leading lawyers in the city. Skinner was a grandson of the late Mr. Ludlow, of New York, and a son of the Rev. Dr. Thomas E. Skinner, of Raleigh, one of the best known Baptists in the South. At least a hundred persons must have seen the shooting, certainly that number saw the victims of Haywood's revolver as he reeled and fell from his horse. A car track in front of the post office and Yarborough House, and not forty yards from the Court House, was the scene. Haywood was taken to the Court House, where he was held for a few days. A preliminary hearing, taking only Separk's testimony, upon which he was indicted for the murder of Skinner's wife is the daughter of the late Major John C. Windsor. The rumor here is that the tragedy was the result of a secret marriage in the family of one of the men concerned.

Better than Gold.
 "I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H. "No remedy helped me until I used Scott's Emulsion. It did me more good than all the medicines ever used. They have also kept my wife in excellent health for years. She suffers from indigestion and is a great tonic and invigorator for weak, run-down women. No other medicine can take its place in our family." Try Scott's Emulsion. Satisfaction guaranteed by all druggists.

Fifteen persons were burned to death and twice that number were seriously injured in a fire that destroyed the Cliff Hotel, at Cedar Rapids, Iowa, at 2 a. m. on February 20. There were 120 guests in the hotel when the fire broke out and most of the dead are buried in the debris.

When you feel blue and that everything goes wrong, take a dose of Chamberlain's Stomach and Liver Tablets. They will clean out the bowels, regulate your stomach, regulate your bowels, give you a relish for your food and make you feel that in this old world is a good place to live. For sale by W. H. Bell, druggist.

On February 18, within ten minutes ride of Los Angeles, Cal., two unmasked men held up and robbed a carload of passengers on the Los Angeles and Pasadena Electric Line. Thirty-two passengers, one-half of whom were women, were forced, at the point of revolvers, to surrender their money. The amount of between \$500 and \$700. John W. Gay, agent of the Raymond-Whitcomb excursion, narrowly escaped being shot by the robbers, who resisted his attempts at pushing the robber back. Instantly the man shoved his revolver towards Gray's face. The latter struck the weapon upwards just as the trigger was pulled and the bullet passed through the roof of the car. No distinction of sex was made, and the women gave over their money and watches without a show of reluctance.

Consumption
 Salt pork is a famous old-fashioned remedy for consumption. "Eat plenty of pork," was the advice to the consumptive 50 and 100 years ago.

Salt pork is good if a man can stomach it. The idea behind it is that fat is the food the consumptive needs most.

Scott's Emulsion is the modern method of feeding fat to the consumptive. Pork is too rough for sensitive stomachs. Scott's Emulsion is the most refined of fats, especially prepared for easy digestion.

Feeding him fat in this way, which is often the only way, is half the battle, but Scott's Emulsion does more than that. There is something about the combination of cod liver oil and hypophosphites in Scott's Emulsion that puts new life into the weak parts and has a special action on the diseased lungs.

A sample will be sent free upon request. Be sure that this picture in the form of a label is on the wrapper of your bottle of Emulsion you buy.

HUNTER, Dendy & Co.
 Seneca, S. C.

This is the season when all good house-keepers are planning for their spring clothes, and when they can take a day off and go to one store where they can get all they want and know they are getting value as well as right prices. Such a place we are doing our best to keep. And then the landlord wants to place his business where he knows all his wishes can be gratified without having his business scattered; where he can get good Fertilizer, good Agricultural Implements, and tools of all kinds, and when he wants Flour he gets the good old-fashioned kind that is not sticky. The Coffee he buys of us carries him back to his happy boyhood days when it was "fit for a king." We make a study of these things, and if you will do yourself the justice to look through our stores before buying, we will promise to give you the best service possible and show you a stock of high-class goods—second to none in the up-country.
