

TO THINE OWN SELF BE TRUE AND IT MUST FOLLOW AS THE NIGHT THE DAY, THOU CANST NOT THEN BE FALSE TO ANY MAN.

BY JAYNES, SHELOR, SMITH & STECK.

WALHALLA, SOUTH CAROLINA, MARCH 18, 1903.

NEW SERIES, NO. 250.—VOLUME LIII.—NO. 11.

THE FIRST REQUISITE OF A SHOE

The very first requisite of a shoe is that it shall fit the foot with absolute accuracy—closely, but not tightly—with no waste space, yet with no pressure. "Queen Quality" is the one shoe for women which is made so that it fits the foot just as a Paris-made glove fits the hand.

C. W. & J. E. Bauknight Have Sole Right of Sale.

MASTER'S SALE. STATE OF SOUTH CAROLINA, COUNTY OF OCONEE.

Francis E. Pickens, Defendant. BY virtue of Decreeal Order in the above entitled action, signed by his Honor R. O. Purdy, Judge Presiding in the Eighth Judicial Circuit, on March 5th, 1903, I will sell, at public auction, in front of the Court House door, in Walhalla, South Carolina, on Wednesday, April, 1903, within the legal hours of sale, the following described real estate, to-wit:

NOTICE TO DEBTORS AND CREDITORS.—All persons indebted to the estate of JOHN ROSE, deceased, are hereby notified to make payment to the undersigned, and all persons having claims against said estate will present the same, duly attested, within the time prescribed by law or be barred.

NOTICE TO DEBTORS AND CREDITORS.—All persons indebted to the estate of JOHN MANLEY, deceased, are hereby notified to make payment to the undersigned, and all persons having claims against said estate will present the same, duly attested, within the time prescribed by law or be barred.

ROAD TO BUILD.—The Board of Road Commissioners will let on TUESDAY, MARCH 24, 1903, the contract to build a road in Keowee township, beginning at Ferguson Road place and leading to the new Steele's Ford iron bridge. Contracts will be let in 40-foot sections. Road to be made sixteen feet wide and six inches deep, roots, rocks, etc.

NOTICE OF SPECIAL ELECTION. THE undersigned trustees of the free public schools of Westminster School District, No. 17, in Oconee county, S. C., pursuant to the provisions of an Act of the General Assembly of South Carolina, approved 20th day of February, A. D. 1902, hereby order an election to be held at Westminster, S. C., on the 21st day of MARCH, A. D. 1903, the polls to open at 4 o'clock a. m. and close at 4 o'clock p. m.; at the said election the question of issuing bonds of said school district in an amount not to exceed Ten Thousand Dollars, to become due and payable in twenty years after date, and bearing interest at a rate not to exceed six per cent per annum, payable annually, and the coupon for said interest, when due, shall be receivable in payment of all taxes levied or due to said school district—submitted to the qualified voters resident in said school district.

THE undersigned trustees of the free public schools of Westminster School District, No. 17, in Oconee county, S. C., pursuant to the provisions of an Act of the General Assembly of South Carolina, approved 20th day of February, A. D. 1902, hereby order an election to be held at Westminster, S. C., on the 21st day of MARCH, A. D. 1903, the polls to open at 4 o'clock a. m. and close at 4 o'clock p. m.; at the said election the question of issuing bonds of said school district in an amount not to exceed Ten Thousand Dollars, to become due and payable in twenty years after date, and bearing interest at a rate not to exceed six per cent per annum, payable annually, and the coupon for said interest, when due, shall be receivable in payment of all taxes levied or due to said school district—submitted to the qualified voters resident in said school district.

President Roosevelt's Policy.

Impracticability—the motto apparent of our present Presidential administration—seems to be the paramount issue of to-day. Our President's attitude toward the negro has aroused a just feeling of indignation throughout the South, where the real negro element is known in its sophisticated condition. It is only a repetition of a saying, grown trite by continued usage, to say that the President's policy is one which, if allowed by the people to terminate, will end in a disaster, humiliating even to Mr. Roosevelt.

It requires only a small taxing of our memory, and a slight rehearsal of history, to show us the inevitable result when the white man and the negro meet on terms of equality. When this is the case, what naturally follows? A pollution and degradation of our already degenerate race. How seldom do we find a pure type of the original Graeco-Aryan blonde, who should be the direct ancestry of our Caucasian blood. We see evidences of the amalgamation of races on our streets daily.

In an article written by Mr. Roosevelt and published in The Forum some time before he was exalted to the Presidency, he says: "Our nation is that one among all nations of the earth which holds in its hand the destiny of coming years. We enjoy exceptional advantages, and are menaced by threatening dangers. And all signs indicate that we shall either fall greatly or succeed greatly."

His social attention to the negro, crowning his insistent appointments to office, is something to be abhorred by the loyal Southerner. His actions have created even the sectional strife which his worthy predecessor left solvent, if not settled.

What the result will be is only to be conjectured. The natural outgrowth means that in a score of years the negro will be placed on an equal basis with the white man, not only in politics, but socially; then naturally follows inter-marriage, a mixing and blending of races; then the unhappy fate of the Athenian—degeneration, crime, debauchery, and our proud, happy and prosperous Aryan blood will leave only a blot on the pages of history and be gone!

Oakway, March 12, 1903. A Severe Cold for Three Months. The following letter from A. J. Nusbaum, of Batesville, Ind., tells its own story. "I suffered for three months with a severe cold. A druggist prepared me some medicine, and a physician prescribed for me, yet I did not improve. I then tried Foley's Honey and Tar, and eight doses cured me." Refuse all substitutes. For sale by J. W. Bell, Walhalla.

A Receiver for the Farmers' Alliance Fund.

Columbia, March 12.—The Farmers' Alliance fund has gotten into the Courts. The Alliance Exchange has about \$16,000 on deposit at this time now being brought asking for the appointment of a receiver and the distribution of the fund among the individual members entitled to it. The suit is brought in the name of H. E. Brookshire, on behalf of himself, on behalf of the stockholders of the Cash Mill Sub-Alliance, and on behalf of all other stockholders of the "Farmers' Alliance Exchange of South Carolina, limited," who will come into this action and share the expenses thereof. Plaintiff against the Farmers' Alliance Exchange of South Carolina, limited: A. C. Lyles, J. L. Keitt, J. B. Douthit, J. F. Ashe, S. T. McKeown and O. P. Goodwin; M. L. Donaldson and C. J. Coit, on behalf of themselves and all other creditors of said Farmers' Alliance Exchange, defendants.

The plaintiff is represented by Lawyers James Verner and Bellingger, Townsend and Haskell. Application has been made to Judge Ernest Gary for the appointment of a receiver, and he has fixed the 21st of March as the time for hearing arguments, if their be opposition to the appointment of a receiver, who is to marshal the assets and distribute the fund, according to the direction of the Court.

The complaint alleges that the Alliance Exchange is not using the money for the purposes for which the fund was collected, and on that account the money should be returned to those who paid it for fear of its being dissipated.

The order is brief, but the complaint covers a great deal of ground and gives the history of the fund. The court will also be asked to hold the fund in its entirety, as the directors of the Alliance, it is stated, are not now using the fund for the original purposes.

It is further alleged that there are debts or claims against the fund, which ought to be met, and that some decision should be had as to the validity of these claims.

The case is likely to be interesting.

How's This?

We offer One Hundred Dollars Reward for any case of catarrh that cannot be cured by Hall's Catarrh Cure. F. J. Cheney & Co., Props., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by their firm.

THE FIRST STEP

Of the child is an event in the mother's life. How proud she feels when the attempt to walk is begun so early as to evidence childish courage and sturdy strength. Such pride should be enjoyed by every mother. But it often happens that the child, at an early age, is weak and deficient in vitality, and clings to the mother's arm with no desire to walk or play.

"Them city people," said Farmer Smiley, "think themselves pretty smart; but they are an ignorant set. 'Frinstance, when I was riden' 'long Queen street west last Saturday, I seen a big sign out, 'Great sale of Jerseys, all wool.' Ha! ha! What d'yer think of that? They actually think that wool grows on Jerseys. Why, any six-year-old boy on a farm knows better'n that."—Ray's Horn.

Resolutions Adopted by St. John's Episcopal Church, Walhalla, S. C.

At a meeting of the congregation of St. John's Episcopal Church, Walhalla, S. C., on March 8th, 1903, the following resolutions were unanimously adopted:

Whereas for many months after our beloved pastor, the late Rev. J. D. McCollough, D. D., was taken to his heavenly home, there was no meeting of our congregation. We hope that although late it will not be inappropriate to give public expression to the great sorrow experienced by us on that occasion; therefore be it resolved

1st. That in the removal of this godly man not only St. John's church in Walhalla, but the Diocese of South Carolina, has sustained an irreparable loss.

2d. That we greatly miss his learned, comforting and instructive sermons, his genial, kind and fatherly presence and his bright, interesting conversation.

3d. That we will ever cherish his memory with loving affection and look to him as a model of a true soldier of the cross, and that we will endeavor to imitate his devotion to his God, his Saviour, his duty and his church, and remember his fortitude under affliction, trouble and sickness as an example to be followed by us.

4th. That these resolutions be entered in the Parish Register and a copy be sent to the Diocese, the county papers and the Charleston News and Courier, with a request that they publish the same, and that other papers will copy.

We, the congregation of St. John's church, Walhalla, S. C., desire to express our appreciation of the kindness of Rev. L. F. Guerry in ministering to us during several weeks last summer; therefore be it resolved

1st. That the thanks of this congregation are hereby tendered to Mr. Guerry, and that we remember with great pleasure his sojourn amongst us, and miss his kind, genial companionship, his edifying sermons and his social visits.

2d. That these thanks be entered in the Parish Register and a copy sent to Mr. Guerry and that copies be also sent to the county papers, the Diocese and the Charleston News and Courier, with the request that they publish the same.

Whereas the Rev. W. A. Callendar has accepted of an extension to him by the church on Sullivan's Island and Mr. Pleasant; therefore be it resolved by the congregation of St. John's church, Walhalla, S. C.

1st. That we part with Mr. Callendar with great reluctance and will miss his pleasant companionship and cheerful conversation.

2d. That we appreciate the faithful work performed by Mr. Callendar, his earnest, instructive sermons, his energy and devotion to his Master's service and his efforts to promote the cause of religion.

3d. That our best wishes for their welfare and happiness will attend Mr. Callendar and his family in their new home, and our earnest prayers for his success in the work which he has undertaken.

4th. That these resolutions be entered in the Parish Register and a copy sent to Mr. Callendar, and that copies be also sent to the county papers, the Diocese, the Greenville Daily News and the Charleston News and Courier with the request that they publish the same.

George Gould Takes a Ride.

The passenger department of the Atlantic Coast Line got word last night that George Gould's special train for which he paid \$1,500, had reached New York on time yesterday afternoon, having made the trip in record-smashing time. Mr. Gould wanted to leave Florida on Train 82, but he missed it, and in Jacksonville he made a quick contract for a special. The train ran from Jacksonville to Savannah, a distance of 172 miles in 152 minutes, and over one stretch of road it covered seven miles in four minutes. Train 82 was due to arrive in New York yesterday at 1.15. Mr. Gould said he wanted to get there by that hour and telegrams announced that he did. "I've got everything but time," said the millionaire in Jacksonville, "and I want to overtake No. 82, or get to New York when it does." The Florida Special of the Coast Line and the Southern Railway's Palm Limited had to be side-tracked for the Gould train. It was said that Mr. Gould's reason for being in New York yesterday was to fill a social engagement.—Charleston News and Courier, March 10th.

Greenville District, Methodist.

As we have just closed a Presiding Elder quadrennium—Rev. J. B. Wilson's—it may be interesting to some of your readers to have before them a concrete statement of what has been accomplished during four years.

The district parsonage was relieved of a debt of over six hundred dollars and Brother Wilson left a small surplus in the district treasury. Our membership has increased ten per cent, while that of the Conference only shows a six per cent gain. In matter of gain in membership Cokesbury leads, Greenville being a close second, these two districts having furnished forty-two per cent of the net gain during the past four years. Comparing the last year of the preceding four—1898—with 1902, which closed Rev. J. B. Wilson's term we find that the "Piedmont Brigade" have not toiled in vain. Salaries have advanced fourteen per cent, contributions to missions fifty-eight per cent, payments on all Conference assessments fifty-four per cent.

The last session of Conference made only a few changes in the Greenville District. The new men are Revs. C. B. Smith, at Buncomb Street, Greenville; T. B. Reynolds, Pelzer; N. L. Prince, Townville, and G. T. Harmon, Jr., West Greenville, the last, however, are Greenville District men. Rev. C. B. Smith is no stranger, having been the regular pastor of St. John's, Asheville, for four years, in the early part of his career, but one stranger, the pastor of Pelzer. Our new Presiding Elder is on familiar ground and among old friends. He practiced law in this Judicial Circuit for seventeen years before entering the Conference, and was one of the leading lawyers of the section. He begins his administration under most favorable circumstances. The outgoing Presiding Elder, Rev. J. B. Wilson, made good use of his four year term and left the affairs of the "Piedmont" District in excellent condition.

So far as I know, with one exception, the pastors are pleased with their charges and the people are pleased with their pastors, so we confidently hope for a successful year.—M. B. K., in Southern Christian Advocate.

Raw Or Inflamed Lungs

Yield quickly to the wonderful curative and healing qualities of Foley's Honey and Tar. It prevents pneumonia and consumption from a hard cold settled on the lungs. For sale by J. W. Bell, Walhalla.

The Work of Congress.

The Washington correspondent of the Atlanta Constitution furnishes the following epitome of the work done by the Fifty-seventh Congress:

"Bills passed: Providing civil government for the Philippines; new bankruptcy law; eliminating from interstate commerce law imprisonment of railroad officials; expediting causes under the Sherman anti-trust law; creating the department of commerce and labor; applying government aid to restoration of arid lands; prohibiting transportation of unmarked oleomargarine; providing a general staff for the army; establishing a national militia; requiring automatic couplers on railway cars; for construction of the Panama canal; providing for increase of the navy; providing a Philippine currency; immigration bill, with prohibition of sale of liquors in the capitol.

"Bills defeated: Providing for reciprocity with Cuba; Littlefield anti-trust bill; ship subsidy bill; all schemes for tariff revision; currency reform; Philippine tariff bill; Alrdich financial bill; eight-hour bill; admission of Arizona, New Mexico and Oklahoma as States; to protect the President and the succession from anarchists; pure food bill.

Treaties ratified: Hay-Poincote treaty for construction of an isthmian canal; for purchase from Spain of Cayagarian and one or two other Philippine islands; renewal of commercial treaty with Spain; Alaskan boundary treaty.

Treaties not ratified: Reciprocity treaty with Cuba; Hay-Bond treaty with Newfoundland; Panama canal treaty; reciprocity treaties with France, Argentina, British West Indies and other countries; reciprocity treaty with Canada.

Foley's Cure for Coughs, Colds, La Grippe and all Headaches, etc.

Sold at all Drug Stores. Killed in the Skyscraper. Columbia, March 11.—The first fatal accident of the sky scraper occurred this morning. William Dixon, a colored employee, was instantly killed by being struck by an elevator. He struck his head on the shaft's spool to some one below him, when he swiftly descending elevator struck him back of the head, killing him instantly.

To the Teachers of South Carolina.

The press of the State State is requested to give circulation to the following:

Every teacher is requested to read a copy of the State law concerning temperance instruction in the schools. A statement made a few days ago by a prominent school official claimed my attention. He said there were about six thousand teachers in South Carolina, and about a thousand of these were new teachers. To these young teachers as well as to older ones we appeal for help.

The Christian Temperance Workers have for several years been trying to bring to the notice of all teachers the laws of South Carolina with regard to scientific temperance instruction in all schools that use any public money.

The law makes it the duty of teachers to see that the proper text books on this vital subject be placed in the hands of all pupils, and those not able to read should be taught the same orally by the teachers.

These books have been recommended by our State Board, viz: First book, "Our Wonderful Bodies," for very small children, costing 22 cents. Second book, "Our Wonderful Bodies," for a more advanced grade, costing 38 cents. Then for the higher class, Hutchinson's Physiology and Hygiene, costing a little more.

These books are fine, and are well worth the study of the teacher and parent. The requirements of all State laws relating to the effects of alcohol and narcotics on the human system have been fully met. Familiar language is used, facts presented in an attractive and simple manner, so that the youngest pupil can understand.

Some who feel the need and are eager for immediate results, think it is a slow way of working for the temperance cause, but it certainly is the surest.

If we would have temperance workers and voters we must educate them. The children of to-day who are reared in criminal neglect will make the laws of to-morrow.

Too much stress cannot be given the great need of early child-training in the school and home. Let us look well to the rights of the children to be faithfully warned in time against the evils of the deadly cigarette.

Dear teachers, let us take the little boys not too young to learn these bad habits, and not too young to learn the simple truths taught in these books, and lead them on, knowing as the shepherds do, that where the lambs go the flocks will follow.

It is not necessary for the pupils to grow up for results, as the parents learn from the children's books, and teachers learn from instructing the children.

The worst foe of the youth to-day is the cigarette. It has been said that this is pre-eminently why the "reason why" age, and that it is utterly useless in these days of intelligent thought to advance a theory without giving bedrock reasons for it. These little books teach the children how and why tobacco injures the nerves, the heart, the digestion, the brain, the will-power, and the whole fabric of a growing boy.

Some one writes that if all of our teachers would only conscientiously teach what our State laws require, soon we would have a vast army of workers which by their numbers would make Napoleon turn green with envy, or astonish a Cromwell by their zeal and devotion.

Dr. Bremer, of the hospital for the insane, of St. Louis, says: "There is an alarming increase of juvenile smokers and basing my assertion on the experience gained in private practice and at this institution for the insane, I will broadly state that the boy who smokes at seven will drink whiskey at 14, take morphine at 25, and wind up with cocaine and the rest of the narcotics at 30."

THE OLD RELIABLE

ROYAL BAKING POWDER. Absolutely Pure. THERE IS NO SUBSTITUTE.

Gen. Frost has high hopes of what the militia will be able to do, and is very much delighted with the substantial encouragement that is now offered the State militia through the Dick bill, which has just been enacted into law. Gen. Frost has a number of applications for equipment, but he does not want to distribute any of the old style equipment, as he hopes soon to have the new.

Some years ago the government gave this State \$8,000, which was available for equipment. Until last year the amount was increased to \$18,000, all of which also has to be used for equipment. Under the Dick bill this State will get \$73,000, which will be available for equipment and for a general camp. One reason Gen. Frost has for getting the new equipment is that under the terms of the Act the government will not pay for a military encampment until the militia "is organized and equipped according to army regulations." This means that the militia will first have to be equipped with Krag-Jorgensen rifles and will have to get the new dirt-colored uniforms to take the place of the blue.

Under the provisions of the bill this State can swap its present rifles for the Krag-Jorgensen. Gen. Frost has 2,300 Springfield rifles in the hands of the State militia and accounted for, which can be exchanged for the new pattern of rifles. This exchange can be made upon an even basis and the swap will involve no charge to the allowance of this State, as Gen. Frost now understands the law.

Gen. Frost does not know whether he can accomplish a similar exchange of the uniforms, but if not he will obtain a supply of service uniforms, which are to be charged at \$7.60 each. Gen. Frost hopes to have the militia equipped, so that the men can go into a summer encampment, and if they do, all expenses, under army regulations, will be paid out of the \$73,000 allowance for this State.

There are now 8,308 men in the militia service of the State, and Gen. Frost expects to see that they are thoroughly equipped and provided for.

Thousands Have Kidney Trouble and Don't Know It.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stans your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What to Do. There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scaling pain in passing during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. size.

You may have a sample bottle of this wonderful discovery, which tells more about it, both sent absolutely free by mail, address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but write the name—Swamp-Root—and the Binghamton, N. Y.—on every envelope. After being positively identified by Thomas, colored, who was a year-old white girl, Parish, Fla., Sunday.
