

Greenwood Female College.
 Greenwood, September 9.—President John O. Willson, who has been in the lower part of the State in the interest of the Williamston Female College, of Greenwood, was at home for a few days this week and in reply to an inquiry with regard to the prospects for the coming session said that they were fine. He already has applications from 94 boarding pupils and it is very likely that the boarding pupils will go over 100 and the attendance from the town and county will swell the attendance to over 200. The work on the buildings is being pushed now with feverish activity and the buildings will be in good shape by the time set for the opening, September 27. They will be so nearly finished that it will not interfere with the college work to have the finishing go on after the college opens. The furniture and pianos, etc., are all in readiness for shipment from Williamston. In fact some shipments have already been made. The fine herd of Jersey cattle which is to supply the college with milk and butter has already been shipped here. The auditorium has been formally christened "C. A. C. Waller Hall," and a marble mural tablet with that inscription has been placed just over the main entrance. This tribute to Capt. Waller is very fitting as has been said before. Without him the college would not be in existence to-day and the college honors itself in thus giving recognition to his faithful labors.

How to Secure a Vigorous Body and Mind.
 Health of body and mind depend upon the health of the stomach. The brain, the blood, the nerves, the lungs, in fact every organ of the body depends upon the stomach for sustenance. The stomach's power to digest and assimilate food measures the strength of body and mind. If you are below the normal in strength and flesh, Rydale's Stomach Tablets will help you out of your trouble. They insure perfect digestion and assimilation and these secure health of body and mind. Rydale's Stomach Tablets cure the worst forms of dyspepsia and indigestion and all forms of stomach trouble. Trial size 25 cents. Family size 50 cents. The large size contains 24 times the quantity of the trial size. Walhalla Drug Co., Seneca Pharmacy.

Uruguay Has a Big Revolution.
 New York, September 7.—Two thousand men were killed and four thousand wounded in the recent battle between the Uruguayan government forces and the revolutionists, according to a Herald dispatch from Buenos Ayres, Argentine. Gen. Vasquez, minister of war, who led the government troops, is asserted to have been defeated and driven back, abandoning arms and munition. In a previous battle the revolutionists were driven back and Gen. Vasquez, while pressing his victory, was suddenly met by stubborn resistance. The rebels reassembled their scattered forces and engaged the government troops. For three days the battle raged with terrific losses to both sides. Gradually the rebels drove Vasquez back, and according to last reports, the minister of war was in full retreat. Reports from Paraguay stated that the revolutionists there are holding their own.

The State Agricultural and Mechanical College at Raleigh, N. C., is in danger of being disrupted by the threatened departure of over 150 students, who have signed agreements to leave the college unless privileges recently taken away from the senior class are restored and four seniors who were expelled are reinstated. The senior class was not permitted to either eat or sleep at the college. Work has stopped and both faculty and student body are unyielding.

Thrifty.
 A Canadian minister had just married a couple. The registers were signed, and nothing remained but the giving and taking of the fee. The bridegroom, a strapping young fellow, asked:
 "How much is it?"
 The parson glanced at the smiling bride and slyly answered:
 "Whatever you think it is worth."
 Now, it should have been worth a great deal, for the girl was young and pretty.
 "I reckon it's worth about 5 shillings," said the swain, holding out two half crowns.
 The clergyman looked blankly at the coins, then turned to the fair one.
 "I'll leave it to you, ma'am," he said.
 "What do you think it's worth?"
 "What did this young and blushing bride do? She reached out, took the coins, handed one half crown to the minister and put the other into her pocket!"
 "A thrifty wife," said the minister, with a sigh, "is her husband's crown."
 Perhaps he ought to have said half crown.—London Tit-Bits.

Tooled His Doctor.
 The late Rev. H. R. Davels, who was equally notable as preacher, journalist, lecturer and musician, suffered from a dangerous hip disease when a boy of 9. The celebrated Sir Benjamin Brodie, who was asked if a change of scene would benefit the afflicted youth, answered, "Take him anywhere—it does not matter."
 Davels lived to laugh at his doctor, and half a century later, after a life of exceptional industry, he was in rigorous health.—New York World.

The Two Pinnacles.
 "The performance reaches the highest pinnacle of dramatic wit," wrote the press agent.
 "Isn't that rather a strong statement?" asked the dramatic editor.
 "Oh, no! We are getting \$5 for general admission."
 Alas, it is sometimes true that we mistake the pinnacle of price for the pinnacle of art!—Baltimore American.

Be a Man First of All.
 Quite beneath all discussion of electives and vocations, as whether I will be an engineer or a clergyman, is the certainty, for every youth who would be truly successful, that he must be a man; that he ought to be a "full grown man," as the old version read squarely and none too strongly; to be a "perfect man."—Success.

Ransoming the Dead.
 In medieval times not only were living prisoners ransomed by their friends, but a ransom was demanded even for the bodies of those slain in action.

The County of Anderson again steps into the concentrated rays of the lime light—Citizen Josh Ashley is again to represent her in the Legislature.

Bob Martin, colored, who lived near Newberry, was killed on September 2 by Jim Gillian, colored, who lives near that section. The shooting took place in front of Will Buford's store, the weapon used being a shotgun.

There is a coldness between a Kansas girl and her "steady." A very little thing estranged them. She said that she had seen twenty summers, and he innocently asked her how many years she had been blind.

The State of South Carolina has been sued for \$192.50 by an Abbeville man for constabulary seizures. Notice was received by the Attorney General Tuesday morning of the filing of the suit, which is for the return of two mules, a wagon and two sets of harness.
 A movement has been started to remove the remains of Gen. Robert Anderson, the Revolutionary hero, in honor of whom Anderson county was named, interred in the Old Stone churchyard, near Clemson College. His remains now lie in a neglected grave on the plantation which he owned at the time of his death, on Seneca river, in Oconee county.

Senator Latimer on the Stump.
 Washington, September 2.—Senator A. C. Latimer arrived here this morning from Bridgeport, Conn., where he opened the Democratic national campaign in Connecticut on Wednesday. He was asked in regard to his prediction that Connecticut would roll up a Democratic majority this year, and that New York's Democratic majority would be phenomenal. Senator Latimer said that the interview sent out by the Associated Press yesterday from New York was fictitious, and that he had not made the statement attributed to him.
 "While deep interest was manifested," he said, "by the people I met in Bridgeport and in New York, it is entirely too early to make positive assertions as to what the result will be. The leaders in New York State seem to be confident that the Democrats will carry the State, and I saw or heard nothing which led me to take a different view of the situation."
 "In Connecticut the situation is very different. The Republicans have absolute control of the State machinery by reason of the constitutional provision which restricts the representation in cities where the large Democratic vote exists, causing demoralization among Democrats. They enter the campaign, therefore, under the most discouraging circumstances. At the Democratic rally on Wednesday night at Bridgeport, however, I had an audience of five thousand people or over, and when the Parker and Davis flag was unfurled it provoked a tremendous ovation. I do not know that I ever addressed a more attentive or enthusiastic audience. My condemnation of President Roosevelt's imperialistic policy, his disregard of the Constitution, and his criticisms of the Presidents, as well as nearly every other class of our people, met with prolonged applause, as did also my references to the character and judgment of Judge Parker."
 The Senator was asked what impression Judge Parker made upon him.
 "In a word I will say that my whole impression of Judge Parker justifies all that has been said of his fitness for the Presidency."
 Senator Latimer had expected to make but the one speech, but on his return to New York he was pressed into service to address a meeting of the Business Men's League, of the City of New York, yesterday, and will, on the 9th, engage in a joint debate on the issue at Fredonia, N. Y., where there is to be a large political meeting. Representative Landis, of Indiana, will speak, as will another Republican, probably Senator Doolittle, and Senator Latimer and another Democrat, who has not yet been selected, will reply.
 The Senator expects to make several speeches later on at the urgent invitation of the National Committee.

Year's Crop Was 10,000,000 Bales.
 The annual report of Superintendent King, of the cotton exchange, made public yesterday, is especially interesting because it covers the whole period of the operations of Daniel J. Sully, Theodore A. Price and William P. Brown.
 Superintendent King fixes the cotton crop of the year just brought to an end at 10,002,026 bales, while Secretary Hester, of the New Orleans Cotton Exchange, fixes it at 10,011,374 bales.
 "Beyond a doubt the cotton mills of the world have been seriously affected by the curtailment of supplies," says Mr. King. "Under normal conditions this curtailment would undoubtedly mean high prices for cotton, but these conditions have been greatly intensified and rendered more acute by an active manipulation of prices, the joint work of speculators in this country and Europe. As a result of these conditions it may be truthfully said that the cotton mill industry of this country is at present passing through a period far from satisfactory, a continuation of which may injure it very seriously. High prices on the one hand for the raw material, as against on the other hand low prices for the manufactured article, are not a pleasant prospect to face."—New York World, September 2.

 Big Sunday School Figures.

St. Louis, September 6.—The report just issued by W. J. Semelroth, of St. Louis, chief secretary for the world's fourth Sunday school convention, held in Jerusalem in April last, shows a total of 260,906 Protestant Sunday schools, 2,414,757 teachers and 23,442,988 scholars in Europe, Asia, Africa, North and South America and the islands of the seas.
 The United States leads with 139,817 Sunday schools, 1,410,807 teachers and 11,493,519 enrolled scholars. England and Wales come next with a total membership of little more than half this number, while Greece, the lowest in the list, has only four schools, seven teachers and 180 scholars.

A Stitch in Time.
 This old adage applies to disease as well as to dress. One dose of Rydale's Elixir will arrest a cold or an attack of pneumonia or the grippe and prevent their development. Keep a bottle of Rydale's Elixir in the house, so the "stitch" can be taken in "time." Walhalla Drug Co., Seneca Pharmacy.

RYDALE'S TONIC
 A REAL CURE FOR MALARIA.
 It has recently been discovered that the germs that produce Malaria, breed and multiply in the intestines and from there spread throughout the system by means of the blood. This fact explains why Malaria is hard to cure by the old method of treatment. Quinine, Iron, etc., stimulate the nerves and build up the blood, but do not destroy the germs that cause the disease. Rydale's Tonic has a specific effect upon the intestines and bowels, freeing them from all disease breeding microbes. It also kills the germs that infest the veins and arteries. It drives from the blood all poisonous matter and makes it rich and healthy.
 RYDALE'S TONIC is a blood builder, a nerve restorer, and a Malaria destroyer. Try it, it will not disappoint you.

Violating a Grave.
 Searcy, Ark., September 3.—In Magistrate Harian's Court this afternoon Dr. R. G. Lightle was convicted of the charge of violating a grave and was fined \$2,000 and sentenced to six months in all. The principal witness for the prosecution was Walter Gregory, who testified substantially that he entered into a plan to take the body of Edward Pitts from the grave and palm it off as that of Dr. Lightle, in order that insurance policies to the amount of \$21,000 in favor of Lightle could be collected. Gregory implicated Dr. Lightle and Ex-Mayor John V. Roberts. Roberts is under bond to appear for trial at Judsonia on September 21 on a charge of violating a grave. The entire day was spent in taking testimony in the trial of Lightle, and at 5 o'clock this afternoon Lightle was adjudged guilty. Under the State law the offense of violating a grave is a misdemeanor.

 I consider Wine of Cardui superior to any doctor's medicine I ever used and I know whereof I speak. I suffered for nine months with suppressed menstruation which completely prostrated me. Pains would shoot through my back and sides and I would have blinding headaches. My limbs would swell up and I would feel so weak I could not stand up. I naturally felt discouraged for I seemed to be beyond the help of physicians, but Wine of Cardui came as a God-send to me. I felt a change for the better within a week. After nineteen days treatment I menstruated without suffering the agonies I usually did and soon became regular and without pain. Wine of Cardui is simply wonderful and I wish that all suffering women knew of its good qualities.
