Forty Firemen Overcome by Ammonia.

New York, September 30.—Nearly a quarter of a million dollars' loss was caused by a fire in the big block of meat packing houses and refrigerating plants in Tenth avenue, between Thirteenth and Fourteenth streets. Starting late last night, the fire burned steadily through the night, before it was brought under control late to-day. The Raines law hotel of D. F. Cunningham and two four-story buildings occupied by T. A. Wheeler & Co., and the O. H. Hammond company, were practically destroyed. The loss to the Cudahy company is estimated to reach \$125,000, and that to the others between \$75,000 and \$100,000.

Bursting ammonia pipes and tanks, masses of soft coal which caught fire and sent forth choking gases and buildings that went up like tinder boxes made the fire one of the worst with which the firemen have had to contend in a long time. Nearly two score firemen were overcome by the fumes, but all were afterwards able to return to their work. The fire broke out again this afternoon, but was finally gotten under control.

Fair Play Personal.

Fair Play, October 3.—Owing to the absence of the pastor, Rev. Mr. Heron, there was no service at the Baptist church Sunday.

We are very glad to say the work on the new Presbyterian church has commenced.

Mrs. O. F. Isbell is dangerously ill at the present writing, but under the skillful treatment of Dr. J. K. Heller we hope for her a speedy recovery.

Mrs. S. J. Burriss, of South Union, is spending awhile here, having been called to the bedside of her sick mother.

Miss Abalena Smith is on the sick list. The Jolly Girls' Club is planning to organize a library at its next meeting, which will be held next Friday.

M. C. Barton and his lovely bride have returned from St. Louis, and we are more than pleased to welcome this fair bride into our midst. We sincerely extend to this couple our best wishes.

Mr. and Mrs. P. H. Isbell have moved to Seneca. Mrs. Isbell has accepted a position in Mrs. R. P. Cochran's store. Much success to them in their new home.

Walter Heller, of Alpine, spent Friday with relatives here.

Miss Hattie Wright has gone to Lenoir, Ga., to spend two or three months. While away she will study music under the instruction of her sister, Mrs. C. L. Knox.

Miss Emily Compton is at home to the delight of her friends, after teaching a summer school at Poplar Springs, near Walhalla.

Miss Alice Smith spent last week with relatives in Townville.

The trustees of the Fair Play school are having the school house painted, and when it is finished it will add greatly to the appearance of the town. We think there can be nothing in a community to show a higher mark of civilization than nice churches and school houses.

Mrs. D. V. Wright and daughter, Miss Dolly, spent one day last week with Mrs. J. O. Thompson.

Stephen Maret spent last week with friends near Westminster.

Mr. and Mrs. J. W. Shirley visited relatives here recently.

Among the visitors here last Sunday were: K. W. Maret, Clinton Harris, C. F. Davis and Misses Cornelia and Ada Maret, of Westminster; Miss Sallie Shirley, of Townville; the Misses Cromer and brother, of Double Springs; Misses Annie Lee, May Malone, Laura Maret and brother, Paul, of South Union, and L. S. Boleman, of Reed's Creek.

The farmers in this community seem to be very busy picking cotton.

There are two gineries in operation here now and they are kept quite busy.

We were pleased to see our superintendent, R. H. Maret, at Sunday school yesterday, after an absence of several Sundays. J. G. C.

Don't be a Clam.

A clam a thousand years ago, was as now, and a thousand years hence will be the same.

Keep up in the race. Use modern paints, as they are sure to wear. White lead made into paint by hand labor belongs to the past. It's a clam. It chinks. It lets the wood rot.

We will give a liberal quantity of L. & M. Paint free, to three property owners who paint their houses with L. & M. within next thirty days.

It's lead and zinc. It's non-chalkable. It's the cheapest. Takes the least. Every gallon must be mixed with nearly a gallon of oil, making paint cost less than \$1.25 a gallon.

The L. & M. will be sold by a local dealer or direct, address Longman & Martinez, New York, paint makers for fifty years.

C. W. Pitchford Co., Walhalla.

Shot Him Six Times and Was Killed.

Sumter, September 29.—Sam F. Hurst, town marshal of Mayesville, was killed at 12:20 last night by J. Ed. Anderson, the railroad agent at that place. Hurst made threats against Anderson during the evening, and waited on the platform until he started home. Hurst is said to have provoked the difficulty and advanced on Anderson with a pistol. Anderson shot him six times with a Colt's automatic pistol, every bullet passing through Hurst's body. Hurst's pistol was found lying by his body.

A correspondent at Clemson College writes as follows: The football prospects grow more and more encouraging daily as the team rounds into shape. Coaches Shealy and Maxwell are getting in some good work these days, and will have the tigers in form for the first game the 8th instant. The game announced in this correspondence for the first of October with the North Carolina A. & M. college will not be played until Thanksgiving Day in Raleigh. The first game, therefore, will be the one with the University of Alabama in Birmingham on October 25th.

THE LADIES favor painting their churches, and therefore we urge every minister to remember we give a liberal quantity of the Longman & Martinez paint toward the painting.

Wears and covers like gold. Don't pay \$1.50 a gallon for Linseed Oil (worth 60 cents), which you do when you buy other paints in a can with a paint label on it.

8 and 6 make fourteen, therefore when you want fourteen gallons of paint, buy only eight of L. & M., and mix six gallons pure linseed oil with it, and thus get paint at less than \$1.20 per gallon.

Many houses are well painted with four gallons of L. & M. and three gallons of linseed oil mixed therewith.

Wears and covers like gold. These celebrated paints are sold by C. W. Pitchford Co., Walhalla, S. C.

The Law to be Vindicated.

Darlington, October 1.—The trial of Sam Marks and Mose Ham, the two negroes charged with murdering H. H. Langston on September 15 closed this afternoon at 5 o'clock when the jury rendered a verdict of guilty with recommendation to mercy as to Mose Ham. The court room was packed with people anxious to hear the sentence imposed. Judge Aldrich very solemnly sentenced Sam Marks to be hanged November 11 and Mose Ham to hard labor for life in the Penitentiary.

Town Marshal, H. C. Cash, of Olive Springs, Tenn., was murdered last week by William West, son of a druggist of that place. Cash was on his way to an entertainment with his son, six years old, when West stepped out from a corner and fired four shots at Cash, killing him instantly. Great indignation was caused by the murder. No reason is known for it.
