Jules Verne is Dead in France.

Amieus, France, March 24.-Jules Verne, the celebrated novelist died at his home here to-day. He had been subject to diabetes, but the disease did not assume a critical form until March 10. Since then he had gradually failed and the end was hastened by a stroke of paralysis, covering his right side until his tongue was affected. The sick man retained consciousness until shortly before death. He calmly foresaw death and called his family to his bedside and discussed the approaching end.

Jules Verne, the French novelist, was born at Nantes, February 8, 1828. He studied law, and in 1850 attempted to show his merit on the stage, but repeated failures crowned his efforts. Of his numerous works, most of which are Mason Duncan. available in fair translations, the more readable are "Twenty Thousand Leagues Under the Sea,""The Mysterious Island," "Around the World in Eighty Days," "Michael Strogoff," "The Green Ray," "Christopher Columbus," and "The Southern Star." Several of his tales have been dramatized, and "Le Docteur Ox" has been turned into an opera. The interest of his stories depends solely on incident, as all of them lack character drawing.

Curtis Jett Given New Trial.

Frankfort, Ky., March 25.-A new trial for Curtis Jett, under sentence to hang for the assassination of J. B. Marcum in Breathett court, was ordered to-day by the Court of Appeals. The case came up from the Harrison Circuit Court, and is one of the feud murders in connection with which Judge Hargis, Senator Hargis, Elbert Hargis and Sheriff Ed Callahan are now held at Lexington.

A fourth trial of Caleb Powers for the assassination of Governor Goebel will begin in a short time, the Court of Appeals having overruled the petition of the commonwealth for a rehearing.

Half Million Lives Lost in Russia.

St. Petersburg, March 28.-Stung by the wholesale criticism lately heaped upon the war office for its unpreparedness and incapacity in providing the Manchurian army with men, guns and munitions, the army organ to-day lays bare what has been done since the opening of hostilities giving the exact figures. From these it appears that up to March 12 the war office has despatched 13,087 officers, 761,467 men, 146,408 horses, 1,521 guns and 716,321 tons of munitions and supplies to the front, declaring the transportations strained the Siberian railroad to its utmost capacity.

The army organ admits that the army in the far east, when the war opened, was hardly worth the name (no figures being given, but it is known that the troops did not exceed 60,000 men) defending this on the ground that Emperor plas desired to avoid war and therements which surely would have provoked it.

The Colonel's Waterloo.

Col. John M. Fuller, of Honey Grove, Texas, nearly met his Waterloo from liver and kidney trouble. In a recent letter he says: "I was nearly dead of these complaints, and, although I tried my family doctor, he did me no good; so I got a 50c bottle of your great Electric Ritters, which cured me. I consider Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." Sold and guaranteed to cure dyspepsia, biliousness and kidney disease by all druggists at 50 cents a bottle.

Japanese Loan Taken in This Country.

New York, March 28 .- Negotiations for a Japanese government loan for \$150,000,000 have been successfully concluded in London. Kuhn, Loeb & Co., of this city, who will share in the loan, made the announcement to-day. The loan will bear interest at 41 per cent and will be secured by a first mortgage on the tobacco monoply. One half of the entire loan will be taken in this country. Kuhn, Loeb & Co. will manage an American syndicate with the assistance of the National City Bank and the National Bank of Commerce. The terms and maturity of the new loan has not yet been disclosed nor has the subscription price, but it is understood that Japan has been given better terms than in the previous two loans.

Killed in Prize Ring.

Philadelphia, March 24.-John Hill, negro pugilist, died to-day as the result dented. of a six-round bout last night with "Kid" Dorsey, colored, at the Broadway Athletic Club. In the sixth round Hill was knocked unconscious. After fourteen hours' treatment he was still unconscious. The proprietor of the club and the seconds of both men were arrested. Hill died at 11 o'clock. He remained unconscious until death. Dorsey was also arrested.

THE NEWS FROM SENECA.

The Election of Town Officers-Communion Services at the Methodist Church.

Seneca, March 28.—Seneca's municipal election yesterday passed off quietly. The following names, composing the ticket, were elected: Mayor, F. M. Cary; Aldermen, J. T. Lawrence, W. J. Lunney, T. M. Lowery, Whitner Livingston. A better selection could not have been made, and our citizens are congratulated upon the wise choice made. In view of the fact that the retiring council has left notable and substantial monuments to its administration, it is up to the council-elect to keep the ball moving, which, in the minds of a live citizenship, is a foregone conclusion.

Yesterday, at the Seneca Cotton Mills, Luther Hyde died from the effects of a wound made by George Thompsou, of Newry, in an altercation which occurred between these parties at the Seneca Cotton Mill on Saturday, the 18th instant. The Coroner held an inquest yesterday, the verdict of the jury being in accord with the above facts. Thompson gave up and is in jail.

R. M. Richardson is building a large cistern in the rear of the lot on which the Palmetto House is located, which will be used for sanitary purposes by the hotel. The large well supplies water for other purposes.

It has been said that the traveling men are "complaining that the hotel business is overdone here." It occurs to us that they (the traveling men) are the last men on earth to discourage enterprises of this nature, knowing that in this, as well life of trade! The grading done on the street leading to Walhalla, immediately in front of the residences of W. S. Hunter and H. F. Alexander, is completed and has made a decided improvement, both in the attractiveness of these residences and the use of the street as a drive-way. The council lowered the shade trees on the sidewalks also, and terraced the border of the yards, finishing the entrance with cemented steps. We hope it will be a consolation to these good citizens to attention to other approaches to town. Fair Play street, for instance.

A Chicago Alderman Owes His Election to Chamberlain's Cough Remedy.

"I can heartily and conscientiously recommend Chamberlain's Cough Remedy for affections of the throat and lungs," says Hon. John Shenick, 220 So. Peoria St., Chicago. "Two years ago, during a political campaign, I caught cold after being overheated, which irritated my throat and I was finally compelled to stop, as I could not speak alond. In my extremity a friend advised me to use Chamberlain's Cough Remedy. I took two doses that afternoon and could not believe my senses when I found the next morning the inflammation had largely subsided. I took several doses that day, kept right on talking through the campaign, and I thank this medicine that I won my seat in the council." This remedy is for sale by J. W. Bell, Walhalla, and W. J. Lunney, Seneca.

See Chamberlain's Cough Remedy is on Monday evening last. Nearly all the seats in the auditorium were filled and everybody enjoyed the entertainment which lasted for a couple of hours or more. Mr. Eldredge could quickly change himself from the blushing maid in graduating attire or the school boy wearing knee pants to the lonely widow and the feeble old man.
