Springtime is the season of blood disorders. If you have any trouble at all it will be most likely to manifest itself now. Boils, pimples, headaches and that "all gone" feeling, called spring fever, are all evidences of blood impurity. These troubles and many others will rapidly disappear after you commence using our Hot Strings Blood Remedy. It purifies and builds up the blood, stimulates the digestion, brings back health and energy.

GENERAL FITZHUGH LEE PASSES AWAY

At a Hospital in Washington After Receiving a Stroke of Apoplexy.

Washington, April 29.—Death came to General Fitzhugh Lee, United States army, retired, at Providence hospital last night. Suffering a stroke of apoplexy on the train between Boston and Washington yesterday morning, he was removed to the hospital here, and his condition had improved so much that the attending physicians believed he would recover.

At 9 o'clock he began to sink, lapsing into unconsciousness, which passed into death about 11 o'clock. He suffered no pain and the end came peacefully. A short time before losing consciousness he recognized his brother, Daniel Lee. No member of his family was with him at the time of his death, though he has a wife and five children.

Mrs. Lee was at Chickamauga visiting her two daughters, Mrs. James Rhea and Mrs. Lewis Brown, both wives of officers in the Seventh cavalry. They left Chattanooga last night and will reach Washington to-night. Mrs. Lee did not know her husband was dead until she reached Cleveland, Tenn. General Lee's other children are Lieutenant Fitzhugh Lee, now in Manila; Lieutenant George Mason Lee, now in San Francisco, and Miss Virginia Lee.

Lieutenant George Lee was about to sail for the Philippines, but his orders have been changed for Washington, and he will be accompanied by his sister, wife of Lieutenant Brown, who was also preparing to sail for the Philippines.

General Fitzhugh Lee was 68 years old and a nephew of General Robert E. Lee, and, like his distinguished uncle, saw active service in the Confederate army. Prior to the civil war he saw hard service on the frontier, engaging in many notable and bloody encounters with the Indians. He had seen much public service, including the Governorship of Virginia, presidency of the Pittsburg and Virginia Railroad, collector of internal revenue for the Lynchburg district and consul to Havana.

He was in the Spanish-American war, and after his discharge was appointed to the regular army in February, 1901, with the rank of brigadier general, and was retired with that rank in the following March. Recently he has been actively engaged in promoting the Jamestown, Va., exposition.

Labor Law Now in Full Effect.

Columbia, May 2.—The last section of the child labor law, passed by the General Assembly in 1903, went into effect yesterday morning. The law requires that after May 1 no child under the age of 12 years shall be employed in any mine, factory or manufacturing establishment. The law was so arranged that the same requirement was effective in 1903 at the age limit of 10 years, and in 1904 at the age limit of 11 years. It also provided that after May 1, 1903, no child under 12 years should work in any factory, mine or manufacturing establishment at night unless there was a breakdown in the machinery or some work of absolute necessity, made so by some accident. Exception was made, where it was necessary for a child to support a widowed mother, or some relative absolutely incapacitated for work.

Why suffer from rheumatism when one application of Chamberlain's Pain Balm will relieve the pain? The quick relief which this liniment affords makes rest and sleep possible, and that alone is worth many times its cost. Many who have used it hoping only for a short relief from suffering have been happily surprised to find that after awhile the relief became permanent. Mrs. V. H. Leggett, of Yuma, Yum, Tennessee, U. S. A., writes: "I am a great sufferer from rheumatism, all over from head to foot, and Chamberlain's Pain Balm is the only thing that will relieve the pain." For sale by J. W. Bell, Walhalla; W. J. Chamberlain's Cough Remedy the Very Best.

"I have been using Chamberlain's Cough Remedy and want to say it is the best cough medicine I have ever taken," says Geo. L. Chubb, a merchant of Hartland, Mich. There is no question about its being the best, as it will cure a cough or cold in less time than any other treatment. It should always be kept in the house ready for instant use, for a cold can be cured in much less time when promptly treated. For sale by J. W. Bell, Walhalla; W. J. Lunney, Seneca.

Crops Hurt by Hail Storm.

Batesburg, April 30.—Batesburg and vicinity were visited by a severe wind, hail and rain storm yesterday afternoon. The wind was especially strong around Hibernia. The barn of Col. A. B. Watson was blown down and completely demolished and several of his horses and mules were killed or hurt. The hail covered the ground and in many places completely destroyed the crops of young corn and cotton, so much so that much of it will have to be replanted. Fruit was beaten from the peach and plum trees in large quantities. What makes the results so serious as they are is the fact that the same farmers who suffered so heavily from the hail storm last year are the ones that suffer most this time.

OCONEE COTTON ASSOCIATION MEETS.

Reports Show that in this County the Acreage Has Been Cut 28 Per Cent.

The Southern Cotton Association of Oconee county met at the Court House at 12 o'clock noon on Tuesday, May 2, in answer to the call of President Harvie Jordan, and was called to order and dedicated ready for business by J. P. Stribbling, president of the county association. A large number of representative farmers and several other business men were present.

The question of reduction of acreage and fertilizers was taken up and discussed, and by actual canvass of those present and those represented the reduction of acreage and fertilizers for cotton was found to be 28 per cent less than the acreage and use of fertilizers for 1904.

The following resolutions were then passed unanimously: Resolved,

1. That this association request that the manufacturers of fertilizers, cotton seed meal and grain dealers be urged by this association to use cotton bags for sacking instead of burlaps.

2. That we pledge ourselves to give them the preference of our patronage over those using burlaps.

3. We also favor the use of cotton bagging to cover our cotton instead of jute.

4. That the secretary of this association be instructed to forward a copy of these resolutions to our State secretary, so that he may lay the matter before the manufacturers and dealers.

There being no further business, the meeting adjourned subject to the call of the president.

J. P. Stribbling, President.

A. H. Ellison, Secretary.

Cortelyou is Silent.

Washington, May 1.—Postmaster-General Cortelyou this morning declined to discuss the reported offer to make him president of the Equitable Life Assurance Society. There is good authority, however, for the statement that such an offer has been made. Senator Knox, it is alleged, has been named as an intermediary to conduct the negotiations with Mr. Cortelyou. It is said that Cortelyou is now considering the matter, but will not make a decision until after the President's return from the West. The salary offered, it is said, is \$100,000.

Newberry College had the past year, 1904-5, 185 students. A fine showing.

THE OGDEN SPECIAL WRECKED.

Six Killed and Twenty-five Injured—Dashed into Freight Train.

Greenville, April 29.—At 7.55 o'clock this morning the special train bearing the R. C. Ogden party was wrecked one mile north of Greenville. Three Pullman car waiters were killed and also Charles Cope, of Columbia, and a flagman who was riding on the engine.

The Ogden special had 125 persons on board. Six are known to be dead and twenty-five injured. Five of the dead are waiters and cooks, all colored. Among the injured of the party are Mrs. Dr. Bissell, T. P. Parker, Mrs. Thrope, Robert M. Ogden, secretary to Robert C. Ogden. Three persons are missing and they may be under the second wrecked car. The collision was head-on, between the special and a freight train. W. W. Canning was the cook caught under the wreck and burned to death.

Two empty freight cars, standing on the track, were run into by the special, which was going at the rate of about 50 miles an hour. Engineer Hunter and Fireman Hale, of Columbia, jumped when, on turning a curve, the saw the cars 200 feet ahead. The engineer's leg and arm were broken.

Trainmaster Maxwell, of Columbia, Baggage-master Downes, of the Pennsylvania railroad, and the Pullman conductor all had a narrow escape from burning in the car. They cut their way out.

In the forward dining car were Mr. and Mrs. Thrope, the latter the daughter of Longfellow, the poet. Dr. St. Clair McKelway, editor of the Brooklyn Eagle; Dr. Julius D. Dreher, of Roanoke College; Dr. Farnam, of Yale, and Mrs. Farnam all received serious bruises and cuts. Mrs. Farnam was seriously injured, her arm being broken. The others have recovered from the shock. On account of the early hour the other passengers were not at breakfast or there would doubtless have been a greater number of casualties. One of the negro porters was caught under the wreckage and his cries could be heard. He was burned to death. His body has not been recovered.

William Henry Martin, a prosperous farmer living in Garvin township, about 18 miles from Anderson, lost by fire between midnight and day light last Wednesday morning his big barn, together with 14 head of fine stock and a large quantity of feed and agricultural implements.—Anderson Mail.
