The meeting which closed here last Tuesday night was a great meeting in every way. The congregations were large and attentive, the preaching was most excellent, and the results as good as God could make them under the circumstances. Dr. W. J. Langston and V. I. Masters were with us the first few days, and did most acceptable preaching. Brother M. E. Parish, of Shelby, N C., did the rest of the preaching. His sermons were elear, concise, logical, forceful, biblical and earnest. As a result, the church is revived, with the exception of a very few members, who appear to be entirely indifferent. We are praying for them, that the Lord may put his

Spirit upon them. As another result, last night I baptized eight into the fellowship of the church. The meeting closed last Tuesday without giving an opportunity for membership. The opportunity to make a public profession was given during the meeting and several utilized those opportunities. The door of the church was opened yesterday, when eight joined and were baptized. -C. Wardlaw, in Baptist Courier, July 27.

New Trial in Rochester Case.

In the opinion of the Supreme Court, handed down on last Saturday, Earle Rochester, under sentence of death for the killing of Walter Mills, was granted a new trial. The Supreme Court bases the reversal of the lower court on an error of Special Judge McCullough in his charge to the Oconee jury in defining the rights of a citizen on his own premi-Much interest has been manifested in this case before and since the trial in the Circuit Court, and much speculation as to the action of the Supreme Court has been indulged in. The next term of court for Oconee will be held in October, beginning on Monday, the 9th. The second trial of this case will elicit a great deal of interest. The opinion was rendered by Associate Justice Eugene B.

Potter's Saloon Caused Sorrow in Heaven.

"There was rejoicing in hell and sorrow n Heaven when Bishop Potter opened a subway saloon in New York," said Bishop Luther B. Wilson, D. D., of Chattanooga, Tenn., recently, in addressing a thousand people at a meeting of the International Epworth League convention. The utterances created a great sensation for their very boldness. Following his remarks the congregation broke into the wildest applause. The Bishop was speaking on The Legalized Saloon," and said:

"A legalized saloon is a shame to civil government and an insult to God. A saoon is the same whether it be situated in the darkness of an alleyway, where murderers and thieves may seek the companionship to be found there, or upon the open street in sight of the multitudes that go by."

The bishop paused for an instant, his chest heaved, and then, with a sweeping gesture, he fairly shouted:

"You can't consecrate damnation, you can't change hell. If there was ever a time when all hell broke out in laughter, it was when this saloon was opened with prayer and Christian songs. If there heaven wept it was when this damnable gigantic sacrilege was consumand mated."-Philadelphia Ledger.

Swam Niagara Rapids.

Carlisle D. Graham, of Niagara Falls, and William J. Glover, Jr., of Baltimore, successfully swam the lower rapids of the Niagara river from the American side of the whirlpool to Lewiston on July 17th. The distance of four miles was covered in twenty-six minutes by Glover.

The start was made at 4.02 p.m. from Flatrock, which is on the American side. The swimmers did not venture in the upper rapids, where Capt. Webb lost his life.

Both men wore life belts and inflated rubber rings around their was ever a time when all the angels in necks. From the start Glover took the lead. He entered the rapids about a minute ahead of Graham. Until the Devil's Hole was reached the swift current and 'roaring rapids had the swimmers in their grasp. He is expected to land in New York about the last of this month. About the 2d or 3d of August the full Russian infantile admirers should be warned and Japanese delegations, consisting of various attaches, are to call on President Roosevelt at Oyster Bay and then sail at once for Portsmouth to begin their du-

ties.

The conference will open by Japan shuffling the cards and dealing. Russia will look at the cards and determine whether she can afford to go on with the game. That is, in a figurative sense, precisely what will happen, and a good poker player will take special interest in the discards, draws, antes, etc. Accord ing to the rules of the game Japan will propose the basic terms upon which she will make peace. The Russian plenipotentiaries know how far they are justified, under their instructions, in going, and it will be up to them to say whether they can afford to continue the negotia-

tions. If they do continue it will be a foxy game from then on.

The Japanese do not believe the Russians are sincere, but the selection of both Rosen and Witte, men liked by the Japanese, is considered an indication of the good intentions of Russia. The Japanese look upon the whole thing as a play for time and believe the Russians will prolong the conference in the hope that the Russian army will gain a great victory over the Japanese.

this report subscription books were opened to solicit funds for enlargements. It is the desire to develop the industrial side of the work.

Several prominent educators were present and added much to the high tone of convention life at St. Matthew.

The good people in and around West. minster deserve much credit for the way in which they cared for the delegation and visitors.

The fall session will convene with the Ebenezer Baptist church of Seneca. The officers hope to make this, from a financial stan woint, the greatest of all conventions jet held. J. J. 8.

Blasted with Forty-Five Tons of Dynamite.

An electric spark last Saturday, at Portsmouth, New Hampshire, discharged forty-five tons of dynamite, and a three acre ledge that had menaced navigation in Piscataqua river point, was destroyed. Setting off this enormous amount of explosive, which is said to have been the largest ever handled at one time in this

country, if not in the world, was attended by little danger and by no accident. It was declared a complete success, both by the contractors who carried out the undertaking and by the United States government officials who have supervised the work. The switch by which the immense blast was discharged was operated by Miss Ethel Foster, the young daughter of Superintendent Foster, of the contracting firm, at a signal given by Rear Admiral W. W. Mead, commandant of the Portsmouth navy yard. Thirty thousand persons witnessed this event. The contractors were three years in making preparations for the blast.

Hon. Martin F. Ansel, who is a candidate for Governor, is reported as refusing to talk on the dispensary question, saying that there is plenty f time before election day.

We submit that now is the time. The dispensary is an issue, and will be until it is dead. Mr. Ansel should speak out and let the people know where he stands. The voter hates a straddler, and we of Greenwood would reluctantly believe that
