**A Favorite Remedy for Babies.**

Its pleasant taste and prompt cures have made Chamberlain's Cough Remedy a favorite with the mothers of small children. It quickly cures their coughs and colds and prevents any danger of pneumonia or other serious consequences. It not only cures croup, but when given as soon as the croupy cough appears will prevent the attack. For sale by J. W. Bell, Walhalla; W. J. Lunney, Seneca.

**Barn and Contents Burned.**

On the 27th of February the barn and its contents, belonging to George Holland, an industrious and respected colored man, was burned. The building contained forage, one two-horse wagon, reaper and gearing and one horse, etc. Holland lives near the home of John R. Zachary, one of Oconee's county commissioners. The fire is supposed to be of incendiary origin. Loss about \$200.

**A Good Yield of Corn.**

Our good farmer, W. T. Hubbard, of the Richland neighborhood, planted last year seven ears of the shoe peg variety of corn on four acres of upland ground and gathered from same one hundred and seven bushels of nice and sound corn. Mr. Hubbard is a wide awake and scientific farmer along all agricultural lines and he has promised to give us some of the results of his work this year as a tiller of the soil. We feel sure we shall have something worth printing from him and that will be of real benefit to the farmers of the country generally.

**Baptist Minutes.**

The minutes of the Beaverdam Baptist Association are now ready for distribution. The churches—Beaverdam, New Bethel, Chauga, Mount Tabor, Old Westminster, Pleasant Grove, Rock Hill and South Union, can get their minutes by calling on James G. Breazeale at Westminster.

And the churches—Bethlehem, Double Springs, Pleasant Ridge, Pleasant Hill, Poplar Springs, Toxaway, Walhalla and West Union, can get theirs by calling on C. R. D. Burns at Walhalla.

All the rest can get theirs by calling on F. M. Cary at Seneca.

**Unclaimed Letters.**

Following is a list of unclaimed letters remaining in the Walhalla post office for the week ending March 3, 1906:

Mrs. Lilla Shirley, W. C. Bull, E. L. Hanna, Willie Kerr, Mrs. Liza Mingus. Persons calling for any of the above will please say that they are advertised. J. M. Merrick, P. M.

**Doctors are Puzzled.**

The remarkable recovery of Kenneth McIver, of Vanceboro, Me., is the subject of much interest to the medical fraternity and a wide circle of friends. He says of his case: "Owing to severe inflammation of the throat and congestion of the lungs, three doctors gave me up to die, when, as a last resort, I was induced to try Dr. King's New Discovery, and I am happy to say, it saved my life." Cures the worst coughs and colds, bronchitis, tonsillitis, weak lungs, hoarseness and la grippe. Guaranteed by all druggists 50c. and \$1. Trial bottle free.

**Corn Raising.**

You will notice an article on the sixth page of this issue about raising corn. Try this method. You will lose nothing by giving it a trial. It sounds plausible to us and we would like to see every farmer in the county put it to the test. Try it and let us know how you came out.

**Oconee Mutual Insurance Association.**

For the information of the members of the Oconee Mutual Insurance Association the undersigned desire to state that any surplus remaining from assessment No. 22 will be placed in bank so that the treasurer can pay any future assessments (where they are small) at once and without the cost and necessary expense attached thereto for levying an additional assessment. This plan will prove of great benefit to the association.

J. B. Pickett, President.  
W. M. Lemmons, Agent.

**Wolf Stake Farmers' Union.**

All members of Wolf Stake Farmers' Union are requested to be present at the meeting to be held on Thursday, March 8th. There is some important business to attend to. E. P. Wood, President.

**TO DELIVER TEMPERANCE LECTURES**

In the Walhalla Baptist Church on the Evenings of March 12th, 13th and 14th.

REV. DR. E. O. TAYLOR.

It is to be regretted that every man and woman and boy and girl in Rock Hill did not hear the lectures delivered by Rev. Dr. E. O. Taylor. There were truths disclosed concerning alcohol and its effect upon the human system that should be known by all; old theories thrown down and scientific facts explained that would convict every user of

alcohol knowing these things of an almost deliberate swallowing of deadly poison, and that with no excuse such as to gain warmth, food or physical or mental invigoration. These lectures appealed to reason and left subjects for thought such as any man should indulge in now and then or at all times.—Rock Hill Herald.

**"The Bourbon" and "The Dirge in the Pines."**

Hon. W. A. Courtenay has printed a special edition of "The Bourbon" and "The Dirge in the Pines," written by Yates Snowden, formerly a star member of the News and Courier staff, and deservedly promoted last year to the professorship of History and Political Economy in the South Carolina College at Columbia. The Courtenay edition of these charming bits of poetry and prose was printed in Elzevir type on very fine paper by the Keowee Courier presses.—News and Courier.

**A Card of Thanks.**

Through the columns of The Courier we want to thank our friends and relatives for being so good and kind to us during the illness of our dear little boy. Three long weeks of suffering before the end, during which time everything was done that could be to relieve the little fellow. May God bless every one that was so kind to us in our prayer.

Mr. and Mrs. C. F. Blakely.

**Sleeplessness.**

Disorders of the stomach produce a nervous condition and often prevent sleep. Chamberlain's Stomach and Liver Tablets stimulate the digestive organs, restore the system to a healthy condition and make sleep possible. For sale by J. W. Bell, Walhalla; W. J. Lunney, Seneca.

**Time for Paying Road Tax Extended.**

The time for paying commutation road tax has been extended until the 15th of April. This extension of time applies only and strictly to commutation road tax and to no other form of taxation. The following is the order of extension issued by the Comptroller General and Governor Heyward:

"Columbia, S. C., March 5, 1906. "By virtue of authority vested in the Comptroller General of the State by Section 693, Code of Laws, 1902, the time for the payment of commutation taxes by persons who are liable to road duty is extended to April 15."

This order applies to almost all the counties of the State, including Oconee. Bear this in mind and pay up before April 15th.

**Death of Mrs. Jane Massey.**

Mrs. Jane Massey was born February 17th, 1841, and died March 4th, 1906. Her remains were laid to rest in the cemetery of Bethel Presbyterian church, March 6th, 1906. The funeral services were conducted by Dr. J. G. Law, assisted by Rev. E. S. Jones. The remarks of Dr. Law on the text, "Precious in the sight of the Lord is the death of his saints," were very appropriate to the occasion and solacing to the bereaved loved ones. By their presence a large gathering of friends bore testimony to the high esteem in which the deceased was held. Mrs. Massey's maiden name was Duncan. She was first married to Carlisle Todd. Their son, M. C. Todd, resides at Walhalla. Her second marriage was to S. V. Massey. Of this union there are six living children—a daughter in Texas, two sons in the State of Washington, a son in Columbus, Ga., and two daughters in Oconee. The sons in Washington and daughter in Texas were unable to reach home either before the death or for the funeral services. Mrs. Massey was a consistent and faithful member of Bethel Presbyterian church from her girlhood. The bereaved children and relatives are comforted to know that their loved one rests from her labors and is forever with the Lord.

**Townville-Westminster Trolley Line.**

[Greenville News, March 3.]

Latest among the proposed interurban trolley developments is a line to connect Townville, Anderson county, with Westminster, Oconee county, where it will tap the main line of the Southern Railway. It is said that capitalists have agreed to see the scheme through on condition that the people of Westminster and Townville and the farmers along the route subscribe \$25,000 to the capital stock. Only \$3,000 of this amount remains to be raised, according to the latest report.

Natural conditions peculiarly favor the proposed line. Its route lies for eighteen miles along a nearly level ridge, crossing only three streams, these being small, and affording a right of way that will need little grading or filling and no trestling to speak of. The section which it will traverse contains the most fertile farming lands of the Piedmont, held by prosperous, well-to-do planters, who are already using every modern convenience obtainable.

Townville was only recently incorporated, but it has had a distinct character as a thriving country village for more than a hundred years. It contains half a dozen large stores, a big oil mill and ginny, and has a population of about three hundred. Its high school, with an enrollment of more than two hundred pupils, employs three teachers, and is one of the best of its kind.

Townville wants connection with the outside. The distance to the nearest station on the railway is nine miles. Townville is about ten miles from Anderson, the same distance from Pendleton, about eight miles from Liberty and about twelve miles from Seneca. The distance to Westminster, which is also willing to put up hard cash for a trolley line, is eighteen miles.

**Afflicted With Rheumatism.**

"I was and am yet afflicted with rheumatism," says J. C. Bayne, editor of The Herald, Addington, Indian Territory, "but thanks to Chamberlain's Pain Balm am able once more to attend to business. It is the best of liniments." If troubled with rheumatism give Pain Balm a trial and you are certain to be more than pleased with the prompt relief which it affords. One application relieves the pain. For sale by J. W. Bell, Walhalla; W. J. Lunney, Seneca.
