The grounds are beautiful, convenient and picturesque. Fun, enjoyment, sociability, good will made a happy day for all. Good things to eat were abundant. Warm thanks were expressed by all to James C. —C. W. Bauknight is beginning the erection of a two-story, eight room commodious residence on the old John Bremer lot, facing on Main and John streets. Most of the heavy lumber and brick are on the ground and the sound of the saw and hammer is now being heard, as the workmen are designing and putting the timbers together in the shape of a beautiful and cozy home for himself and his charming and accomplished wife. W. L. Barber, of Hartwell, Ga., has the contract to erect the building and his force of hands are already here and at work.

—We are in receipt of a handsome invitation to attend the commencement exercises of Wofford College, Spartanburg, June 8th to 12th. Among the names comprising the graduating class of 1906 we are pleased to note James Robert Lyles, of Oconee. Mr. Lyles is a son of J. T. Lyles, of Double Springs. We feel a particular interest in the fortunes of this grand institution, now that Mr. Neville, a former Walhalla boy, is presiding over its destinies. The College is flourishing and bids fair to increase in usefulness as each year adds to its age. May the Presbyterian College of South Carolina long live and prosper.

—Arthur Steele, colored, who was confined in the Oconee jail awaiting trial on the charge of burglary, escaped by unknown means last Friday evening about 6 o'clock. Sheriff Kay was out in town, but was notified at once, as the negro was seen and recognized by Mrs. Kay when about two blocks from the jail. The negro succeeded in getting out of town, and searching parties failed to locate him permanently, though he was once or twice seen in the woods west of town. He was captured Sunday between Walhalla and Seneca by C. A. Davis, of James's, who recognized him and knew that he had escaped. Steele pleaded guilty in court Monday and was sentenced to three years in the penitentiary.

—Dried Beef Horse Meat.

Manila, May 25.—Officers of the secret service have been engaged in an investigation for the alleged killing of diseased horses for food purposes. They found that the practice existed in several places between Manila and Calococan, the product having been sold in the form of "dried beef." Instructions have been given from Washington, which will enable the operators of the information division of the constabulary, co-operating with the health authorities, to break up such unsanitary practices. The report on the case, showing the extent of the business, has been submitted to the War Department. The constabulary officials at Manila have taken prompt, and what promises to be effective, action in the matter.

HEALTH.

Most of the remedies for curing ailments of animals are a queer mixture of good and bad. They date back to the time when hit-or-miss methods of treatment prevailed. Most condition powders aim at everything and hit nothing. BLUE GRASS CONDITION POWDER is a remedy you can rely upon to improve the condition of all kinds of stock. It is a prompt tonic. It purifies the blood; it stimulates the kidneys and liver to healthy activity. Far better in every way than ordinary condition powders. PRICE 25c. AT
