WALHALLA, S. C.:

WEDNESDAY, JUNE 13, 1906.

Oakway Items.

Oakway, June 11.—Rev. S. A. McDaniel and Rev. G. T. Harmon filled the pulpits at their respective churches Sunday morning and night.

Mr. and Mrs. T. P. Poore and family, of Westminster, spent Sunday with Mr. and Mrs. E. G. Poore.

Messrs. Durham and Stewart, of Westminster, were guests of Mr. Bryant Sunday.

B. L. Reeder and daughter, Miss Dollie, of Hughes Springs, Texas, are on an extended visit to their kinsmen, J. W. Bearden and others.

Misses Cordelia Bearden and Bertha Eubanks, who have been attending the Greenville Female College for the past session, are spending vacation at their homes, to the delight of their many friends.

Claude Gaines and sister, Miss Alice, of Seneca; Sam Reeder and sister, Miss Lila, of Westminster, and Fred Davis and son, of Fair Play, were guests of the family of J. W. Bearden Sunday.

Mrs. M. J. Haley, who has been spending several weeks with her daughter, returned to her home at Greenville last week.

Misses Luna and Emma Moore and brother, Crayton, of Westminster, and Mae Moore, of Tokeena, spent Sunday with the family of H. J. Myers.

Miss Jodie Haley is attending the Teachers' Institute at Walhalla.

Prof. Durham, of Westminster, conducted a singing at the Baptist church Sunday afternoon.

Miss Ila Bearden, who has been visiting relatives at Greenville for several weeks, returned to her home Monday.

Mr. and Mrs. J. C. Bearden, of Atlanta, were on a recent visit to his parents, Mr. and Mrs. J. W. Bearden.

Miss Lillie Mason, of Westminster, spent the latter part of last week with her brother, James Mason.

News from Mount Pleasant.

Mount Pleasant, June 9.—Everette Harbin has been very sick for the last week and not able to be out, but we hope he will soon recover.

The singing at Tom Honea's last Sunday afternoon was enjoyed by all who attended. We hope our community will be permitted to attend another such singing soon.

Rev. W. J. Spearman filled his regular appointment at Mount Pleasant last Sunday morning. A large congregation was present.

Miss Lula Harbin, of Retreat, spent last Sunday with Miss Emma Hill, and attended the singing Sunday afternoon. Come again, Miss Lula, you are always welcome.

Mr. and Mrs. Jode Honea spent last Saturday night with her mother, Mrs. Grant.

Mr. and Mrs. John Hoalworth spent last Saturday night with his parents.

Troing Carroll and Jim Cain, of Oakway, entertained the Misses Harbin, of Retreat, very delightfully with a graphophone here Thursday night.

Miss Selma Johns, of Retreat, and Miss Appie Johns, of Westminster, spent last Sunday with Miss Emily Compton, of Fair Play.

Misses Ollie and Ada Harbin visited Mrs. Janie Harbin and attended the singing Sunday.

Mrs. Milton Harbin and children spent last Sunday at Mr. Honea's.

Miss Jessie Martin and nephew spent Sunday with Miss Emily Compton, at Fair Play.

Mr. and Mrs. Billie Nix, from Belton, are visiting relatives and friends at Westminster and Retreat.

Everybody remember the prayer meeting at Mount Pleasant every Saturday night.

M. C. Less, from Tugaloo, spent Sunday night with the family of Henry Harbin.

An Alarming Situation

frequently results from neglect of clogged bowels and torpid liver, until constipation becomes chronic. This condition is unknown to those who use Dr. King's New Life Pills; the best and gentlest regulators of stomach and bowels. Guaranteed by all druggists. Price 25c.

A boat capsized in New York Bay last Sunday and six people were drowned.

Dr. Wm. L. Pressly died at his home in Due West Friday night. He had been president of Eiskine College for 15 years.

FARMERS' UNION BUREAU.

The State Union.

Considering the busy time of the year the first meeting of the South Carolina Farmers' Union held at Anderson was well attended, the court house being nearly full at times.

On Friday morning the formal organization of the Union took place by the election of the following officers: O. P. Goodwin, of Laurens, president; T. T. Wakefield, of Anderson, vice-president; B. F. Earle, of Anderson, secretary and treasurer; M. A. Mahaffey, of Belton, State organizer; A. B. Black, of Taylor's, chaplain; W. J. Holiday, of Laurens, conductor; J. D. Williams, of Greenwood, doorkeeper; G. E. Putnam, of Greenville, sergeant-at-arms.

The following resolution was unanimously adopted:

Resolved, That the thanks of the State Farmers' Union be returned to the daily and weekly papers of the State for the column devoted to the bureau of information edited by J. C. Stribling, of Pendleton.

Farmers' Union Cotton Warehouse Plans.

The following is gotten up upon the very simplest and cheapest plans for the use of co-operative unions.

This plan is for one section, to which may be added as many more sections at times as may be required to accommodate the needs of the union.

It is 100 feet long; 12 feet tall at high end, 8 feet tall at lower end; space between walls, 50 feet. Excavations should be dug out to firm ground or clay (if in the clay territory) well ditched and drained all round, good clay floor well beaten down.

As the cost of material in foundations varies in different places our estimate for cement walls are taken from about the floor line.

Parapet walls may be required by insurance companies where more than one section are put up together, but these walls above the roof are of no benefit in the way of protection from fire on a one section cotton warehouse.

Estimates given here are for 10-inch hollow block for foundations and 8-inch block for walls, and all other material that farmers do not usually have on their farms.

All labor, sand for cement blocks and the nine 10-inch round posts to rest girders on through the middle of the room, are to be supplied by the farmers.

This style of cotton warehouse will hold about 400 bales to each section. Two round poles, 10 inches in diameter, should be placed under each row of bales to prevent capillary attraction of moisture there at any time.

Remember this, that if lower ends of bales are wet or moist when stored, that in all cases this lower end will be damaged more or less, it matters not what kind of floor it rests on.

MATERIAL FOR ONE SECTION.

25 barrels Portland cement, 100 cubic yards of sand, 18 girders 3x12x25, 208 rafters 2x5x12, 4 sills 4x6x25—these may be round; ground post 10 inches diameter, 4 perlines 2x4x25, 50 plank 1x12x8, 51 straps 1x4x8, 50 plank 1x12x12, 51 straps 1x4x12, 5,000 feet sheeting. Total amount sawed lumber 11,000 feet.

At \$1.50 per 100 feet.....\$165 10 25 barrels cement at \$1.80..... 45 00 Nails estimated..... 3 80

51 squares V-crimp iron roofing at \$2.50 per square..... 127 50 One two-hand Hollow Block cement machine..... 75 00 Estimated freight on machine..... 4 00

Total cost of bought material.....\$370 40 This cement machine may be sold for \$50 when through with credit..... 50 00

Net cost of bought material.....\$370 40 Thus it is made plain to all union men that by clubbing together they may put up the cash \$370.40 for the bought material and do all the work, making the cement blocks and putting up their own warehouses with their own labor by the co-operative plan, and have their warehouses ready for their crops.

For less money than it takes to pay for a good pair of mules farmers may go to work in a neighborly way and put up their own fortifications now and get well entrenched ready for the fighting that is sure to come this fall to force cotton farmers to turn loose their cotton at prices that have always made all others rich that handled cotton excepting the men who toil most of all to produce this cotton.

If this warehouse movement among cotton growers progresses in gaining strength and confidence among cotton producers as time passes, as it is now doing, we look for several thousand of these co-operative warehouses to be put up this summer.

When cotton producers get a great chain of these warehouses linked together in all the cotton States in bonded form and produce their own farm supplies, this concert of action in a business way will place this whole cotton proposition upon a firm foundation and insure continued prosperity, not only to cotton growers, but it will also bring prosperity to every industry in the South.

There is nothing new in this art of making artificial stone or cement blocks by properly mixing sand and cement. This art is about as old as the country. But the recent improvements in the manufacturing and consequent cheapening of the cost of cement and the machinery for forming these hollow blocks has reduced the cost of this building material to such an extent that it now looks like we are into what might be called the cement or concrete age.

These small hand power machines, weighing from 400 pounds up and costing from \$50 up, may be set up at any convenient place, and by following the instructions sent out with these machines most any intelligent man can make these hollow blocks and put up these warehouse walls.

Any further information on this warehouse subject may be had by any union men that will address this bureau and enclose stamped envelope for reply.

NEW ADVERTISEMENTS

Little River Jettings.

Little River, June 11.—"Gee, haw; come in there, Pete!" can be heard on every hand these days. Farmers are busy with general green and bud worms. A sorry stand of corn is the cry everywhere. There has been a lot written about the Texas boll weevil. Anything that would rid us of the bud worm in this section would be of untold value to us, as well as the farmers of other sections.

Reuben Frasier is still sick. We hope to see him out again soon.

Mrs. Genie Perry, commonly known as "grandma," has not been well for the past few days. She is nearing her 94th year.

Rev. E. S. Jones filled his appointment at Whitnure on the first Sunday. He preached an excellent sermon to a large congregation. Ex-Sheriff W. W. Moss, of Walhalla, was among those present, and there was "some one" with him.

The fourth Sunday passed off at Salem without any one getting hurt. Owing to the inclemency of the weather, only three or four hundred were present.

Frank Alexander was stricken with paralysis at Salem on the fourth Sunday in May. He suffered much, but is able to be out again.

Major Leonard Rogers had the misfortune to get one of his feet badly mashed some time ago. We hope he will soon recover.

W. M. Perry has been unable to work for several days. He has been suffering with a stiff knee, caused from being out with a saw.

L. W. Lusk had the misfortune to lose a valuable milch cow recently.

J. L. Talley and sons, Robert, Christopher and Oliver, went trouting recently. They brought back 87 of the speckled beauties. W. M. Perry and sons, Charlie and Andy, went fishing nearer home and landed 45.

Little Mattie Corbin, of Alabama, is spending a while with her grandmother, Mrs. J. S. Holden.

Daniel Watson, of North Carolina, passed through here last week.

Aleck Albertson has been visiting regularly of late in these parts. Come on, if you want to. I see where you are right.

Salem Breezes.

Salem, S. C., June 11.—I send you a few items of more or less interest from this section of the county.

Mr. and Mrs. James Crenshaw, of Pickens county, were visiting in Salem Saturday.

L. M. Brown, of West Union, lumber dealer, was in Salem on business last Thursday.

The health of our community is good at present.

We are feeling good over the prospect of a railroad. The surveyors are only a few miles above Jocassee Valley, heading this way for Walhalla or Seneca.

Salem is improving rapidly. James C. Shockley's six thousand dollar planing outfit has infused new life into the business of our town.

The R. F. D. from Salem to Coward's is proving to be a success. Norman Whitten, carrier, informs me that the number of pieces of mail is increasing daily.

J. H. Wood, who was recently appointed postmaster at this place, is giving entire satisfaction.

The crops are beginning to show some signs of life. A wonderful change in only a few days.

Salem is quite a lumber town, with six saw mills within a radius of three miles. Our Sunday school at the Baptist church is flourishing. The new organ has proven quite an attraction for the young people.

Our new modern school house gives Salem quite a town-like appearance.

J. T. Wood has only recently completed a nice residence in Salem.

B. S. Childress has erected a nice ten room house in Salem.

W. L. Littleton has purchased the N. A. Alexander dwelling house and storeroom here.

On Wednesday, July 4th, there will be a Farmers' Union picnic at Salem. The public is cordially invited. Farmers' Union men and candidates are especially invited.

J. C. Shockley has recently erected an up-to-date office near his planer.

R. A. Stewart's six room residence will soon be finished.

L. H. V. HOBSON, County Supervisor. 23-24

Sale of Personal Estate and Effects of F. W. Pieper, Deceased.

NOTICE is hereby given that the above stated property will be sold at public auction, to the highest bidder, at the residence of Henry B. Schroder, corner of Main and Tugaloo streets, (near the Court House), Walhalla, South Carolina, on Saturday in July, (Monday, July 2,) 1906, beginning at 11 o'clock A. M.

The property consists chiefly of horses, wagon, buggy, household and kitchen furniture, sulky and other plows, harrows, rake, harness, &c., &c.

Parties wishing any information as to any of the property to be sold or interested in purchasing real estate owned by Mr. Pieper, will please address the undersigned.

JOHN D. CAPPELMANN, Attorney Estate of F. W. Pieper, No. 46 Broad Street, Charleston, S. C. June 13, 1906. 24-26

Hardware and Building Material

We are offering, during the dull summer months, special low prices on anything in our line. Without a doubt, Matheson Hardware Company carries a larger stock of Hardware and Building Material than can be found in any two stores in Oconee county. Bought for Spot Cash, thereby we are offering our goods from 10 to 20 per cent cheaper than you can buy elsewhere. We mean to continue to do the Hardware business in this county. Price the stuff elsewhere and come here ready to buy.
