QUEEN QUALITY

NEVER were shoes more beautiful than the new "Queen Quality" Custom Grade models. The extent of their variety may be practically presented by stating that they are made in no less than 4,760 variations of shape and style, thus affording accuracy of fit for every type and size of foot, and ease the first day worn. But no figures can express the charm of this variety, indeed it is but faintly suggested by the illustrations here shown. To appreciate this you must see the shoes. Ask for them while our assortments are complete.

LIQUID VENEER FOR SPRING HOUSECLEANING

TRY Liquid Veneer at housecleaning time. It brightens the home as nothing else will do, by renewing the finish of furniture and woodwork. It is highly beneficial to the finest finish, even that of a \$1,000 Piano, and its price is low enough to admit of its use on the cheapest, down to a 50c. kitchen chair. It will improve the most beautiful furniture, including Mahogany, Rosewood, Golden Oak, White Enamel, Gilt, Silver, etc. Equally well adapted to any color of paint. Liquid Veneer is not a varnish but a surface food and cleaner. It removes scratches, stains, dirt and dullness. Applied with cheese cloth. Leaves no coating or streaks and is not inflammable. It nourishes and builds up the finish instead of ultimately destroying it as do all preparations containing benzine or similar ingredients. Test Liquid Veneer for yourself; it will not ignite. Rev. J. E. Briggs, of the Capitol Avenue Baptist church, Atlanta, Ga., who is helping Rev. John R. Moore in a protracted meeting, came in Monday on No. 12 and preached his first sermon at 4.30 p. m. He is an able speaker and has been very successful in evangelistic work. The hours for the services are 10 a. m. and 8.30 p. m. The meeting will continue until Friday, if not later. A cordial invitation is extended to the public to attend all the services.

Mrs. John W. Shelor grew poppies this year so beautiful that she desires to save the seeds and pass them on. She saved over a pint of seeds, which she has donated to Miss Nance and Miss Shelor for their rural and seaboard work. Mrs. Shelor's friends in Georgia sent her a small package of seeds six years ago. She planted them and has since donated seeds to friends. If everybody would lend a hand this way the school yards now blank would bloom as a rose.

Mrs. Walker has joined the Andrew Pickens Chapter of the D. A. B. She, with Miss Marye R. Shelor, spent several days with Mrs. Mell, of Clemson College, and attended the Fourth of July meeting. Modest Claims Often Carry the Most Conviction.

When Maxim, the famous gun inventor, placed his gun before a committee of judges, he stated its carrying power to be much below what he felt sure the gun would accomplish. The result of the trial was therefore a great surprise, instead of disappointment. It is the same with the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy. They do not publicly boast of all this remedy will accomplish, but prefer to let the users make the statements. What they do claim is, that it will positively cure diarrhoea, dysentery, pain in the stomach and bowels and has never been known to fail. For sale by Dr. J. W. Bell, Walhalla; W. J. Lunney, Seneca.

Happenings at Hopewell.

Hopewell, July 16.—The crops in this section are not suffering from the lack of rain; in fact, some parts of the crops, especially those on Toxaway and Chauga, are suffering from too much rain. The Jenkins bridge was covered both Saturday and Sunday by the high waters. The corn was washed down some, but not so badly but that it can be saved. The crops in this immediate neighborhood are looking comparatively well. We have had plenty of rain and lots of grass, but give us a few warm, sunny days and the corn will soon be rid of the grass, and then they can lay up their hoes and plowstocks and take a good rest and eat watermelons, peaches and apples.

W. M. Barrett and Walter Harbin have the best-looking upland corn we have seen this summer.

Miss Hattie Adams returned Sunday to the Westminster Knitting Mill. She has been at home for the past few weeks. Miss Hattie is a jolly girl and has many friends in this community who wish her much success.

There was no preaching at Hopewell Sunday. Our pastor, Rev. G. T. Harmon, had gone to the district conference at Anderson.

Russie Davis has purchased a new buggy.

Miss Lizzie May Pickens is on the sick list this week. We wish her a speedy recovery.

Miss Amelia Clark, of near Pleasant Hill, visited her sister, Mrs. W. E. Cottrill, last Sunday.

Mrs. T. E. Davis spent Saturday and Sunday with her daughter, Mrs. Myrtle Meadows, of Toocoo, Ga.

Miss Patsy Jenkins has returned to her home at Gainesville, Ga., after a few weeks' pleasant visit among relatives and friends.

SENECA.

Seneca, July 17.—The protracted meeting at the Presbyterian church closed Sunday night, after a week's duration. Rev. S. C. Byrd preached twice daily, and we think we are safe in saying that Seneca has not heard a more forcible, earnest preacher. Mr. Byrd's style is emphatic, his reasoning clear, and his control over large congregations unusual. The writer, in fact, has never witnessed more perfect attention.

This kind is bound to result in great good to the community and in a revival of religion among Christian people.

On next Sabbath there will be the usual preaching in the Baptist church.

The pastor of the Methodist church was absent last Sabbath, attending the district conference at Anderson, and there was, therefore, no preaching in the Methodist church.

The death of Fred McCarley, a former Seneca boy, which occurred at a hospital in St. Louis last Tuesday, the 10th instant, was a peculiarly sad one and has brought deep sorrow to a large circle of friends and relatives, here and elsewhere.

The funeral services were held last Sabbath afternoon in the Presbyterian church, of which he had been a member for a number of years, and were attended by a large gathering of friends. He leaves a young wife, having been married last October to Miss Anna Bridges, of Louisiana. Following are the names of the relatives who attended the sad funeral rites from a distance: Mr. and Mrs. Bonau Harris, Paducah, Miss Rosa Hudgens, Laurens; John Hudgens, Laurens; W. K. Hudgens, Pelzer, Mr. Simpson, Elberton; Miss Bridges, Louisiana. The sympathies of a wide connection of relatives and friends are felt for the grief-stricken sisters and brothers in their loss of a devoted, kind brother, the loss being peculiarly sad inasmuch as they had suffered the death of their fond parents only a few years previous.

Oconee citizens in general and Seneca in particular are anticipating a great time on Tuesday, the 31st of this month, when three big guns will be heard in Seneca. It is known that Senator Tillman will speak here, and Hon. J. E. Boggs and Congressman Wyatt Aiken will be present also. It goes without saying that the trio will prove an immense drawing card. Let everybody come and whoop up his own man!

J. H. Adams is in "the thickest of the fight" with his big ten days slaughter sale. The recent rains in the county have made farm work impossible and the farmers are therefore enabled to be here. Mr. Adams reports unprecedented sales and crowds who have flocked to the store have been characterized by their evident good humor on account of "sure enough bargains."

Ruskin Anderson is also slaughtering prices, and is offering to the public his varied mammoth stock at close figures.

Misses Etta Grow and Catherine Ames, who have been visiting Mrs. Luke W. Verner for a month, returned to their homes in Virginia Monday.

At a recent meeting of the Board of Trustees of the Seneca Graded School Mrs. S. G. Mills, of Scarborough, Ga., was elected principal for the next year. Mrs. Mills comes to us with the very highest testimonials, and is an experienced teacher of nine years. The other teachers are: Misses Bessie Peatross, of Virginia; Minnie Kirkpatrick, Margie Holland and Mrs. Wm. Carey, of Seneca.

The selection of a woman principal is a departure from old methods, it having been a rule without exception heretofore to have a man at the head of the schools. The step will doubtless meet with criticism, but after considering all the conditions connected with the school work the trustees have deemed the choice the best one, and one which they have made advisedly. In fact, after looking into the subject carefully they found that very large per cent of the principals of the graded schools in Atlanta, Athens and other cities are women, and it is hoped that our people will stand shoulder to shoulder with the trustees and give them credit for doing what they consider the very best thing, under surrounding circumstances.

M. L. Thompson, of near Fair Play, bought the property of J. E. Sitton yesterday on Fair Play street, and will move to town with his family. Mr. Sitton has bought a lot from L. A. Edwards and will build a residence immediately.

Miss Christine Dickson, of Seneca, to the great pleasure of her friends here, George and Waymon Holland have gone to Schenectady, N. Y., where they have positions in the American Electrical Works.

It is reported in Seneca that there is to be a big newspaper and job press installed here. This is, however, mere hearsay, as notwithstanding an urgent invitation, your correspondent was not present at the last meeting of the Men's Business League, the very title of which bars the attendance of yours truly.

Mrs. Annie Brown and James Brown, of Atlanta, are visiting Mr. and Mrs. J. H. Bryan. We extend a hearty welcome to these esteemed friends in behalf of Seneca and her people.

Little Miss Mary Earl is reported on the sick list this week.

Mrs. H. J. Gignilliat and Miss Lois Gignilliat leave this week for a visit of some length to Virginia.

R. R. Camak, formerly of this place, but now of Lexington, was in Seneca last week.

Our gardeners and farming people are praying for fair weather, the recent very heavy rains and wind damaging crops and rendering work impossible. One of the heaviest rains seen in Seneca for many days fell here last Sabbath morning. Last night a heavy rain and wind storm prevailed, the latter blowing down corn to some extent.

The Misses Ballenger, of near Richland, spent last week with Mrs. H. F. Alexander, their presence in Seneca proving a great pleasure to their friends here.

Mr. and Mrs. J. A. Scott and son, of Atlanta, Ga., spent last week with the family of J. W. Byrd. Mr. and Mrs. Scott are with relatives in Townville this week.

Is it wet enough for ye? M. V. S.
