Saving Money

Is one thing and keeping it
in a place of safety is another.
Putting the dimes
and dollars away in socks,
old tin kettles, under floors,
and in other odd places,
does not pay. If your house
burnt down what would be-
come of it? If your folks
don't know about it and you
died suddenly, what good
would it do them?

Pain from a Burn Promptly Relieved by
Chamberlain's Pain Balm.

A little child of Michael Strauss, of
Vernon, Conn., was recently in great
pain from a burn on the hand, and as
cold applications only increased the in-
flammation, Mr. Strauss came to James
N. Nichols, a local merchant, for some-
thing to stop the pain. Mr. Nichols
said: "I advised him to use Chamber-
lain's Pain Balm, and the first applica-
tion drew out the inflammation and gave
immediate relief. I have used this lin-
iment myself and recommend it very
often for cuts, burns, strains and lame
back, and have never known it to disap-
point." For sale by J. W. Bell, Wal-
halla; W. J. Lunney, Seneca.

Hopewell Happenings.

Hopewell, September 24.—There was

tives in this section last week.

Carl Bryan, of Westminster, spent
Saturday night and Sunday with home-

section, visited Miss Mamie Davis last

McAllister.

Mr. and Mrs. Charlie Campbell visited
Mr. and Mrs. John Harbit Sunday.

Clyde A. Jenkins, one of our most
studious young men, entered school at
Madison on Monday.

The equinoctial storm passed over with
a furious gale. In addition to the wind,
which lasted about 24 hours, was a heavy
downpour of rain. Chauga's banks were
again overflowed and the Jenkins bridge
was covered twice during the past week,
but no serious damage was done.

Jesse Bryan, who for some time has
been in declining health, is still very
feeble, although he is cheerful and seems
to enjoy his visitors very much. A. J.

rest." Quickest cure for burns, boils,

The reports of suffering or danger from
floods or lake rising at Lake Toxaway, N.
C., are absolutely untrue. Rains merely
delayed trains a while.

Miss Clyde Barnett, who lived near
Athens, Ga., while playing an organ,
was shot and killed by her 11-year-old
brother, who was handling an old gun
supposed not to be loaded, on Tuesday,
September 18. The load of shot tore
through her brain.

In a second engagement recently be-
tween members of the Mullins-Fleming
feud, on the Fletcher and Pike county
border, in Kentucky, James Anderson,
aged 32, a member of the Mullins fac-
tion, was killed, and Hiram Mullins,
leader of the faction, was mortally
wounded.

The Anderson Intelligencer of last
week says that during an electric storm
which passed over the Rock Mills sec-
tion last week about sundown, S. F.
Chastain's cow was instantly killed while
his wife was milking. Mrs. Chastain
was severely shocked and was speechless
for more than an hour, but is recovering
from the shock.

For Thin, Poor Blood

You can trust a medicine
tested 60 years! Sixty years
of experience, think of that!
Experience with Ayer's Sar-
saparilla; the original Sarsa-
parilla; the strongest Sarsa-
parilla; the Sarsaparilla the doc-
tors endorse for thin blood,
weak nerves, general debility.

But even this grand old medicine cannot do
its best work if the liver is inactive and the
bowels constipated. For the best possible re-
sults, you should take laxative doses of Ayer's
Pills while taking the Sarsaparilla. The liver
will quickly respond, and so will the bowels.

SCHEDULE OF CHURCH SERVICES.

"I was glad when they said unto me,
Let us go into the house of the Lord."—
Psalm 122, verse 1.

"Not forsaking the assembling of our-
selves together, as the manner of some is;
but exhorting one another; and so much
the more as ye see the day approach-
ing. For if we sin willfully after that we
have received the knowledge of the
truth, there remaineth no more sacrifice
for sin, but a certain fearful looking for
of judgment and fiery indignation."—
Hebrews X, verses 25, 26, 27.

"All unknown and unsuspected to the
people of Williamston, the solemn nup-

o'clock, September 19th, at the residence
of the bride's father, Rev. R. R. Dagnall,
which made Miss Mary Dagnall and
Prof. E. Paul Allen, of Greenwood, one
for life. Miss Mary is a pretty and ac-
complished young lady, a graduate of
the Williamston Female College, and the
only daughter of Rev. R. R. Dagnall,
which made it a heart-breaking task to
pronounce the ceremony, but the old
hero of the Cross never shirks duty, and
bravely performed this one. Prof. Allen
is principal of the Greenwood High
School, which has an attendance this
year of five hundred pupils. The happy
couple left on the 6 o'clock train for

entire citizenship of Williamston.

When the Old Wagon Breaks

Come in and get one of our line of Studebakers—the kind
that stands up. If you have much hauling to do a Stude-
baker will pay for itself in a few months by saving you time
and trouble and the expense of constant repairs.

You Know the Studebaker Wagon

For more than fifty years its reputation has grown better every year.
This reputation is due to the good quality that has always been a part
of the Studebaker Wagons. Each part is made from the lumber that is
best fitted for that part. New England black birch makes the best hubs—
the Studebaker hubs are made of it. Butt cut, second growth black hick-
ory is the best for axles—Studebaker axles are made of it. Selected
white oak is best for spokes and running gears—that is what is used in the
Studebaker Wagon. The Studebaker Wagon

Is Perfect in Every Detail

That is why we sell it. Come in and let us talk it over. We have some
interesting wagon books for every one.
