—Rev. G. H. Judd, pastor of the Baptist church, writes: "We are right glad to welcome our new brother, Rev. L. W. Brown, who is to be installed as pastor of the Presbyterian church next Sunday morning. We regret that we heard of it too late to alter the arrangements made for our communion service, which will prevent us from being present. We shall, however, shorten the morning service and also not hold our usual evening service next Sunday in order that we may, with our Baptist friends, gather at his church for worship and to welcome him. We pray that God's presence in the fullness and power of the Holy Spirit may continually be his experience, and much blessing result through his mintry."

children and many relatives and friends to mourn her death.

—One of the interesting events of times will take place in the Presbyterian church, at Walhalla, on next Sabbath morning at 11 o'clock. On that occasion Rev. L. W. Brown, a native of York county, but more recently of Abbeville, will be installed as pastor of this church. Rev. F. W. Gregg will deliver the installation sermon. Rev. J. J. Harrell will charge the pastor and Elder W. P. Anderson will charge the people. At the conclusion of this interesting ceremony the pastors of the churches in Walhalla and those near by will testify their regard for Mr. Brown and the congregation by giving him a warm reception. The congregations of Richland and Bethel churches and the community generally are respectfully invited to attend these interesting services.

—In the Supreme Court last week the case of W. R. Doyle, plaintiff, respondent, vs. J. B. Hill, defendant, appellant, the finding of the Circuit Court was affirmed. In 1902 Mr. Hill made application for a policy of insurance in the Traveller's Insurance Company, giving his note for payment of first premium. This note was sold by the company's agent to Dr. W. R. Doyle, of Seneca. Mr. Hill later refused to accept the insurance policy. Upon delivery of the policy Mr. Hill was dissatisfied with parts of it,

Mr. Hill later refused to accept the insurance policy. Upon delivery of the policy Mr. Hill was dissatisfied with parts of it, and there was considerable correspondence between him and the company in regard to it. He later refused to accept the policy and demanded the return of his note. The company stood firm, and Dr. Doyle, who had bought the note, entered suit against Mr. Hill for payment. The Circuit Court found in favor of Dr. Doyle, and Mr. Hill appealed. The decision of the Supreme Court makes the transaction binding and calls for payment of the note by Mr. Hill.

—R. A. Alexander, who has just returned from Oklahoma, left at The Courier office yesterday samples of this year's corn crop of that State, which he brought back with him. The ears are large and fully developed, and some of the corn, he says, will produce this year sixty bushels per acre. It was being put on the market in that new State when Mr. Alexander left at twenty cents per bushel! The cotton crop, he says, will average this year a half bale to the acre. The crops have been damaged in Oklahoma by too much rain this year.

Wounds, Bruises and Burns.

Wounds, Bruises and Burns.

By applying an antiseptic dressing to wounds, bruises, burns and like injuries before inflammation sets in, they may be healed without maturation and in about one-third the time required by the old treatment. This is the greatest discovery and triumph of modern surgery. Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries, causes them to heal very quickly. It also allays the pain and soreness and prevents any danger of blood poisoning. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering such injuries entail. For sale by J. W. Bell, Walhalla; W. J. Lunney, Seneca.

High Arm

If you have a machine it may have been satisfactory in the past, but when you see the Volo and the kind of work it does you will be satisfied with nothing else. The very finest material has been used throughout its entire construction. Every adjustment is perfect and it has roller-bearings which make it noiseless and light running, fast sewing and capable of doing either the most delicate or heaviest work in the most satisfactory manner. Its arm is higher than that on any other family sewing machine in the world. This enables one to easily sew quilts and goods of considerable bulk. Call and examine our new stock. We shall be glad to explain every point in detail.

You Know the Studebaker Wagon

For more than fifty years its reputation has grown better every year. This reputation is due to the good quality that has always been a part of the Studebaker Wagons. Each part is made from the lumber that is best fitted for that part. New England black birch makes the best hubs—the Studebaker hubs are made of it. Butt cut, second growth black hickory is the best for axles—Studebaker axles are made of it. Selected white oak is best for spokes and running gears—that is what is used in the Studebaker Wagon. The Studebaker Wagon

Is Perfect in Every Detail That is why we sell it. Come in and let us talk it over. We have some interesting wagon books for every one.
