

GALA WEEK IN "CITY BY THE SEA."

FOLLOWING IS THE PROGRAM OF CHARLESTON'S BIG FALL FESTIVAL.

The following program has been decided upon for Charleston's Gala Week, November 5 to 10:

Monday, November 5—Opening of the Southern Poultry and Pet Stock Show, 10 a. m. to 10 p. m. Grand illumination and decoration on King street. Spectacular and realistic entertainment, "Fighting the Flames," Charleston fire department.

Tuesday—This will be "Circus Day." Barnum & Bailey's great shows will be in town and give a parade in the morning and performance afternoon and night. The poultry show will be going on all day and up to 10 p. m. "Fighting the Flames" will be repeated.

Wednesday, "Military Day"—Competitive "guard mount" by squads, representing the nine battalions of infantry of the South Carolina National Guard, on Marion Square, in the afternoon. Parade and review of the troops at the conclusion of the competition. Band concerts on streets in morning.

Wednesday Night—Pain's pyrotechnic display and aquatic carnival off the Battery. The most beautiful and gorgeous fireworks exhibition ever seen in the South is promised. The Poultry and Pet Stock Show continues.

Thursday—Band concerts on street and square, morning. Parade of Charleston's splendid fire department in the afternoon. Poultry show all day.

Thursday Night—Trades display and fantastic parade. "Fighting the Flames."

Friday—Band concerts on streets and square, morning. Floral parade in afternoon. Illumination and concert by famous First Band, Artillery Corps, on Marion Square at night. "Fighting the Flames."

Saturday—There will be another exhibition of "Fighting the Flames" and the poultry show will be still on, and this will be particularly interesting on account of the fact that the ribbons and honors will be awarded.

Little Fishes for Greenville and Spartanburg.

Spartanburg, October 17.—During the past summer a large number of the streams and ponds in Spartanburg were stocked with fish from government hatcheries through the efforts of Congressman Johnson. Official notification from the Bureau of Fisheries shows that during the month of July 14,465 black bass were placed in streams and ponds in the counties of Greenville and Spartanburg.

Charged With Killing Negro Girl.

Columbia, October 10.—Mell Jordan and Will Heath, negro boys, 16 and 18 years respectively, are in jail at Lancaster, on a warrant issued by Coroner Leekie, charging them with criminal carelessness in causing the death of Neely Hugo, a negro girl.

The boys were scuffling for the possession of a loaded gun, which was discharged, the load taking effect in the body of the girl, causing instant death.

Explosion Kills Two.

Chicago, October 11.—Two men are dead and three others injured as the result of an explosion at a blast furnace in the Illinois Steel Company's works at South Chicago last Tuesday night. One of the men was burned to death and the other died Wednesday. The cause of the explosion has not yet been determined.

Killed for His Indiscretion.

Hoffman, I. T., October 11.—Charles Arthur was fatally shot here Tuesday by Dr. O. J. Wright, a physician. The latter is under arrest. The shooting resulted from alleged attentions of Mr. Arthur to Dr. Wright's wife.

The new cotton warehouse of the Farmers' Union, at Anderson, is now under process of construction and will be completed within the next thirty days. The building will cost \$18,000 and will have a capacity of 3,000 or 4,000 bales.

Extensive Land Sale.

Monday, October 1st, was red letter day in the history of land sales in Abbeville county. The large tract of land owned by the late Jas. E. Calhoun's estate, situate in Abbeville, Oconee and Pickens counties, in this State, and in Elbert county, Ga., were sold at public outcry. The upset price for the Abbeville and Elbert county lands was fixed at \$165,000. This was a little beyond the figures of our local capitalists, but bidders were not wanting.

There were present capitalists from various parts of the United States, representing syndicates. W. S. Montgomery, of Spartanburg, represented a syndicate of that city; W. S. Lee, of Charlotte, N. C., represented the Southern Power Company of that city; E. H. Jennings, of Pittsburg, Penn., represented a syndicate of that section; D. S. Hayes was another bidder, but it was not learned whether on his own account or for a syndicate. A. P. Calhoun was the successful bidder, buying the entire property sold.

The lands in Abbeville county, 11,773 acres, and in Elbert county, Ga., 2,700 acres, were sold in one lot, bringing \$260,500. The Oconee and Pickens lands, some 65,000 acres, brought \$10,000.

Col. Granville Beal acted as auctioneer, receiving bids of hundreds of thousands, raised thousands of dollars at a time with as much composure as if he had been crying the sale of an insignificant town lot.

While the bidding was confined to the persons named, there were numerous other distinguished gentlemen present. A few of those noted in the crowd were Gen. M. C. Butler, Col. A. W. Smith, Judge Cox of Anderson, Col. N. A. Dide of Laurens, and many others whose faces were not so familiar.

The bidding lasted for more than half an hour, beginning promptly at 12 o'clock.—Abbeville Press and Banner.

DR. KING'S NEW DISCOVERY Will Surely Stop That Cough.

Negro Murderer Given 99 Years.

Belleville, Ill., October 12.—A jury in the Circuit Court Wednesday returned a verdict finding Thos. Watkins, colored, the president of the Thoms Jefferson Dollar Bill (negro) Club, of St. Louis, guilty of murder and fixing his punishment at 99 years in the penitentiary.

Watkins was convicted of having killed George Miller, a white man, who drove a party of negroes to Pittsburg Lake on May 25 last on a fishing excursion. Miller and Watkins became embroiled and Miller was killed.

Killed School Teacher.

Cleveland, Ohio, October 11.—Miss Mary Shepherd, a school teacher in South Euclid, of Cleveland, was assassinated in the door of the school building this afternoon by an unknown man, who followed her to the door and fired two bullets into her body.

The man escaped and posses have been secured and are scouring the neighborhood in search of him. No motive for the crime is known. Miss Shepherd was 22 years old.

PINE-ULES for the Kidneys 30 DAYS' TREATMENT FOR \$1.00

Dies from Wound by Woman.

Louisville, Ky., October 10.—Lucien Coney, formerly a member of the United States Marine Band, and who was shot in Washington one year and twelve days ago by Mrs. Jeannette May, died at his home here Tuesday night.

Had Coney died twelve days ago Mrs. May would have had to face a charge of murder, but she now can only be tried for shooting and wounding.

Cholera and Plague in Far East.

Washington, October 11.—The marine hospital service has been informed through the State Department of the appearance of plague at Osaka, Japan, and of cholera at Shanghai, China. The number of cases of cholera is unknown, but 75 deaths occurred last week and 50 the week before. Surgeon General Wyman regards the reports as serious and has notified the health officers of the Pacific coast to be on their guard.

FOLEY'S HONEY AND TAR stops the cough and heals lungs

GOOD WORK OF REV. L. W. BROWN.

WALHALLA CHURCH HAS ELECTED A PASTOR THAT HAS A SPLENDID RECORD.

[Southern Presbyterian.]

Rev. L. W. Brown has been called to the Walhalla group of churches in South Carolina Presbytery. He has accepted the call, subject to the action of Presbytery.

At Lebanon there have been fifty-nine additions to the church during Rev. L. W. Brown's pastorate of two years. The church building has been greatly improved, at an expense of \$125. There was no manse on this field when Rev. Mr. Brown came to them, but now the Lebanon people have a good lot of four acres, and a nice manse in course of erection, for which \$400 has already been raised, besides much carpenter work volunteered by the members.

At Little Mountain, another of Rev. Mr. Brown's churches, there have been twenty-eight additions during his pastorate. This church also has been recently much improved and a nice new carpet secured. In Rev. Mr. Brown's other churches, Betha and Hopewell, there have been twenty additions, and a new organ purchased and paid for at Hopewell. These country churches are in good condition now.

Chamberlain's Cough Remedy Cures Colds, Croup and Whooping Cough.

A Good Appointment.

Charleston, S. C., October 12.—It was announced here to-day by United States District Attorney Cochran that the Attorney General has appointed Abial Lathrop, of Orangeburg, as Assistant United States Attorney vice Lawson D. Melton, resigned. Mr. Lathrop is expected here to-morrow to qualify in order to be prepared to take part in the session of the United States Court which will be held in Greenville next week. Mr. Lathrop is a prominent member of the Orangeburg bar, and has served as United States Attorney for this district four years under President Harrison's administration and four years under President McKinley.

Turns Over \$51,213 in Fees.

Chicago, October 12.—States Attorney John J. Healey to-day turned over to Cook county all the fees of his office for the last two years, amounting to \$51,213. Healey's act was in accordance with promises made by him before election year, when he declared that if elected he would accept the statutory salary of \$10,000 as his compensation, and would turn over all the fees to the county. This was the first time in the history of this county that a State's Attorney has surrendered the fees of his office.

A Good Law.

The following is the section of the Criminal Code under which Magistrates can punish blind tigers. It is Section 505:

"Any person who shall wilfully and maliciously disturb or interrupt any meeting, society or congregation assembled for religious worship, or shall enter such meeting while in a state of intoxication, or shall use or sell spirituous liquors, or use blasphemous, profane or obscene language at or near the place of meeting, shall be deemed guilty of misdemeanor, and shall, on conviction, be sentenced to pay a fine of not less than twenty nor more than one hundred dollars, or be imprisoned for a term not exceeding one year nor less than thirty days, or both or either, at the discretion of the Court."

Cherokee county has a candidate for Clerk of the Senate to succeed Col. Hemphill, in the person of Ed. H. DeCamp. Mr. DeCamp is amply qualified for filling the place, and his county would appreciate any votes given him by members of the Senate.

Arrangements continue for the Charleston gala week and the indications point to one of the best attractions to be given in many years. Many amusements are being arranged for, conspicuous among the number being the grand pyrotechnic and aquatic display. It will take place in the harbor, off the battery and it will be a reproduction of the great display of the battery in New York, which has been accounted one of the most striking displays of fireworks ever witnessed.

THE LARGEST FERTILIZER SALES.

USE IN 1906 A RECORD-BREAKER—BIG THING FOR CLEMSON COLLEGE.

Columbia, October 16.—The sale of fertilizers in South Carolina for the year now coming to a close has been larger than in any previous year. The year has been a record-breaker. Clemson College has been the beneficiary of this demand for fertilizers to a large extent, having received a larger revenue from this source than in previous years. Up to date the income to Clemson College from the privilege tax has aggregated \$152,761.66. There remains two months and a half in which this tax will be received.

If the payments on this account are exactly the same as they were last year for the remaining time the gross income from the privilege tax on fertilizers, which goes to Clemson College, will amount to \$166,832.91.

Last year up to the same date the entire receipts from the privilege tax amounted to \$116,868.28, and the receipts for the year 1905 were \$130,439.53. Up to date for the year 1906 the privilege tax fund for Clemson College has amounted to \$152,761.66.

Of course, Clemson College also gets the Morrill, Hatch, Clemson and other sources of revenue with which it is prosecuting its fine work. From the demand for fertilizer tax tags the income from this source will, for the year 1906, run very close to the \$175,000 mark.

Pine-salve cleanses wounds, is highly antiseptic, unequalled for cracked hands. Good for cuts. Sold by J. W. Bell, Walhalla; W. J. Lunney, Seneca.

Gamblers Drummed Out of Hot Springs.

Memphis, Tenn., October 13.—Forty years of gambling came to a spectacular end in Hot Springs, Ark. last Monday, when the City Improvement Union of 500 citizens closed thirty gambling rooms and gave a battalion of gamblers a few hours to leave the city. The manner in which the gamblers were literally drummed out of town was sensational in the extreme. The entire membership of the union, headed by a brass band, marched to the City Hall, police headquarters and Court House, and forced the State, county and city officials to raid and close the gambling houses forthwith, the 500 going along to see that it was done properly. Gamblers were marched to the union station and ordered to take the first train and return no more.

Care Chasers.

Redd—I see they have a new dance, called the Automobile Dance. Greene—Is it a breakdown?

"Hiram, look a-her! Tom writes from college that he's a-playin' end." "Wai, darn his hide! I never sent him up there to learn the minstrel show business."

"I've got you down for a couple of tickets; we're getting up a raffle for a poor man of our neighborhood."

"None for me, thank you. I wouldn't know what to do with a poor man if I won him."

"Stop!" commanded Miss Nurox, with a disdainful sniff. "The idea of your proposing to a lady in my station of life! You ought to know better."

"Well," replied Mr. Hunter, "I do know better, but no richer."

Boycott Goods of Roosevelt Supporters.

New Orleans, October 11.—Printed circulars, which are claimed to have been drafted in Caracas, Venezuela, on September 12, and have been received by several manufacturing firms in New Orleans, read in part as follows:

"American manufacturers who vote the Roosevelt ballot in the next Presidential election will be excluded from South American trade. President Roosevelt has said in some speeches that the Latin-American countries are bound to disappear for two reasons, first, because they are Latin, and second, because they are small."

The circular calls this organization "the sublime brotherhood of Zaques." Apparently the circulars were mailed from Costa Rica.

The State Board of Health.

Columbia, October 11.—The State Board of Health at its meeting on yesterday decided to institute a systematic effort to have the whole State vaccinated. Dr. George R. Dean, of Spartanburg, as chairman of the committee on epidemic diseases, will have charge of this work and agents will be appointed in every county to enforce the compulsory vaccination law.

Especial attention will be given everybody of congregated labor, including mills and shops, and vaccination will be enforced in the schools and colleges. The towns and cities have their own health boards and the work of the municipalities will be left to properly enforce the law, and in that case the State Board of Health will take a hand.

Those present yesterday were: Drs. T. Grange Simons, of Charleston; James Evans, of Florence; George R. Dean, of Spartanburg; W. H. Nardin, of Anderson; Robt. Wilson, Jr., of Charleston, and A. A. Moore, of Camden.

Tone the liver, move the bowels, cleanse the system. Dade's Little Liver Pills never gripe. Sold by J. W. Bell, Walhalla; W. S. Lunney, Seneca.

Ex-Slave in Ontario.

The following is a clipping from the Detroit News:

Addison Smith, a former slave, who now lives in Rondeau, Ont., and claims he is 107 years old, is in the city to attend a family reunion at the home of three of his children, 234 Macomb street. The old man is the father of 29 children and tells some interesting stories of his experiences in the old slave days in the South. His first wife was sold from the block and he never saw her again. He sought solace in a second wife after six years, and though he was permitted to see her twice a year, he made a break for freedom and, after many trials, reached the North. He sent for his wife through an abolitionist, but she was suspicious and would not come north. Finally, when the old man was 50 years of age, he married a third time, a girl 16 years old, and 21 children were born. Ten of these attended the reunion in Detroit. The old man is totally blind, but seems to possess all his other faculties.

Letter as to School Books.

State Superintendent of Education Martin has issued a circular letter of instruction to county superintendents of education, calling attention to sections of the text book contract. The letter is as follows:

My Dear Sir: Allow me to call your attention to sections 5 and 10 of the text book contract. The publishers agree to take all text books of any series, or of any edition, in the hands of pupils in exchange. The only restriction is that the book must have been in use during the year 1906, and of course it must be of like grade and upon the same subject as the one for which it is given in part payment. This means, of course, that books which are in use in the city schools may be exchanged. The retail and exchange prices printed in our bulletin of 16 pages are official.

A careful reading of the contract and other matter in the bulletin will enable you to answer almost any question which may arise.

I hope that you will exercise supervision over the sub-depositories, and see that they understand the contract. Sincerely yours,
O. B. Martin,
State Supt. Education.

Dr. King's New Life Pills The best in the world.

The Presbyterian Meeting.

The series of meetings that have been held in the Presbyterian church closed with the service on Friday evening. Day after day and night after night the Rev. John G. Law, D. D., of Walhalla, S. C., preached the word faithfully, earnestly, forcefully. As a result of his preaching many have been quickened and reconsecrated themselves to the service of the Master. The attendance would have been larger had not the weather been very inclement during the major portion of the week. The Rev. Dr. Law has planted seed in Edgefield that will spring up and bear fruit long after he shall have been called to his reward.—Edgefield Advertiser, October 11.

COBS AND STALKS YIELD ALCOHOL.

FARMERS WILL NOW BE ABLE UTILIZE ALL THAT A GRAIN OF CORN PRODUCES.

In the manufacture of alcohol from corn cobs and corn stalks at small cost, the Department of Agriculture is developing a new industry.

The department says it is likely to be of large commercial value. Investigations which the department is making at Hoopston, Ill., have proved that the large quantities of corn cobs, which every year heretofore have gone to waste, can be converted into alcohol in sufficient quantities to justify the erection of a distilling plant in connection with a corn cannery. The Department of Agriculture sent two chemists to Hoopston to make experiments at a large cannery there. They have succeeded by simple methods of fermentation, in getting a yield of eleven gallons of alcohol from a ton of green cobs, and by similar methods in getting six gallons of alcohol from a ton of green corn stalks. A statement concerning the experiments by one of the scientists of the department reads:

"At different times during the past twenty-five years the department has conducted experiments along the same line, but with common field corn stalks. These tests show that there are 240 pounds of fermentable substance in a ton of green field corn stalks, which will yield about half of their weight in absolute alcohol. In round numbers, a ton of stalks will produce 100 pounds of alcohol or 200 pounds of proof spirits. As a gallon of alcohol weighs nearly seven pounds, there would be 10 gallons of alcohol in a ton of stalks.

"Not only are the cobs a waste product, but the irregular and spoiled ears of corn are as well. Hand labor is as yet employed in the husking and all others are put in as the waste is based upon a measure full. As the measures of ears are emptied upon the conveyors, the ears unfit for use are culled out. The culled ears also are waste. The expense of bringing them to the plant where they are cast aside is quite as much as the perfect ears. The addition of the corn on the cobs adds further to the possibilities of the alcohol obtainable from a ton of stalks and cob."

Bucklen's Arnica Salve The Best Salve In The World.

A Negro Lynched by Negroes.

Dallas, Texas, October 11.—Anthony, Davis, a negro, was lynched by negroes at Texarkana late Tuesday night. He had been arrested and bailed on the charge of assaulting a 16-year-old negro girl. A mob of negroes caught him and strangled him to death with a rope by dragging him about a negro settlement.

The fact that the local mills have been paying more than the current price for cotton is evidence that the mills need cotton, which should give farmers courage to demand full price for their crops and to hold them till they get it.

Sold and Recommended by
