#### WALHALLA, S. C. :

#### WEDNESDAY, BEC. 25, 1906.

NINETEEN HUNDRED AND SEVEN.

We close with this issue of the Courier the year 1906. It has been a year of many pleasant business and social relations with our more than 2,000 patrons-a year that has brought to us more tokens of appreciation of our efforts than any in the past-and we close it with a feeling that we have more to work for than ever before to make good our yearly promise that The Courier will take uo backward step, but rather bend every energy to improvement as the months go by. We thank our friends and patrons most heartily for their liberal support, and we shall endeavor to merit it in the future as we feel we have in the past.

We propose only a forward movement for ourselves in The Courier's affairs, and we bespeak for Walhalla and Oconee the same spirit. Let there be neither halting nor retreating in the work of developing and building up. Let us improve what we have and build up those things we have not, but need. It is the day of progress and we must keep abreast of the times.

For each and every one of our readers -and they are in thirty-nine States of the Union, in Mexico, in Germany, China, the Philippines and Cuba-we wish a happy and prosperous New Year. May it bring peace, happiness and prosperity for every one!

#### State Grange Meeting.

Bishopville, Dec. 20 .- The State Grange, Patrons of Husbandry, met last week in the court house, remaining several days.

There was a full representation of the subordinate granges, and, as usual, the sessions were eminently set to work? Opened by Rev. Geo. H. harmonious and instructive.

W. K. Thompson, of Liberty Hill, Master, presided and W. A. James, of Bishopville, acted as secretary.

Reports from the subordinate granges showed the Order in a highly satisfactory condition. The Master then read his annual

report, which was also of a very encouraging character, and will be

couraging character, and will be published for the information of the granges of the State. The State Grange then proceeded to business and adopted a resolution providing for the reduction of the cot on acreage and the increase of corn land to be planted, and earnest. ly recommended more attention to the raising of hogs. A resolution was adopted declar.

#### We'll Miss You in the Ranks.

The night looked down in solitude, Upon the louely camp, The guns had ceased their shooting, The horse-boofs ceased their tramp; But from a tent stretched youder, There comes a mournful cry, O, mother, can you help me, Or is it I must die?" comrade then bent o'er him, And said with pitying glance,

'Yes, boy, you're going to leave us, We'll miss you in the ranks." As the stars looked down in silence,

O'er the blood-stained battle field, This brave hero lay there dying, Upon his sword and shield. 'Tell my mother, said he faintly, As his sun was sinking fast, 'That we conquered in the battle, In which her boy fought last." comrade then bent o'er him, And said with pitying glance, Yes, you fought the battle bravely, And we'll miss you in the ranks.'

The moon smiled down in sadness, As across his lips he drew, picture of his lover And a brown lock tied with blue. 'Tell her," said he softly, In a quiet sinking breath, That I never broke the promise, But was faithful unto death." comrade then bent o'er him, And said with pitying glance, 'I'll tell her you died with victory,

But still we missed you in the ranks.' -Gussie Martin.

#### France and the Church Separated.

There is great commotion throughout France because of the operation of the law separating church and State, which The Union meeting of the Upper Divislaw went into effect yesterday. The church was supported at the expense of the State. The State provided most of the church Devotional exercises, conducted by buildings and paid the salaries of the church officials of all kinds. The new law, however, puts the Catholics on exactly the same basis as the professors of other creeds. The State has taken back all the property of its own that has been used by the ohurch, and will no longer pay salaries to churchmen. In order to be permitted to hold public wor-ship the Catholics are required to petition for the right of assembly the same as others are required to do. The Roman Catholic world has not taken kindly to this change. Indeed, the French Gov-ernment has evidence that the papal au-thorities have been trying to get up a r5-bellion, and what the Fnal outcome will be is not yet definitoly known. 0

Come in and get one of our line of Studebakers-the kind that stands up. If you have much hauling to do a Stude-baker will pay for itself in a few months by saving you time and trouble and the expense of constant repairs.

### You Know the Studebaker Wagon

I'or more than fifty years its reputation has grown better every year. This reputation is due to the good quality that has always been a part of the Studebaker Wagons. Each part is made from the lumber that is best fitted for that part. New England black birch makes the best hubs-the Studebaker hubs are made of it. Butt cut, second growth black hick-ory is the best for axles—Studebaker axles are made of it. Selected white oak is best for spokes and running gears—that is what is used in the Studebaker Wagon. The Studebaker Wagon
