NEW HOPE.

New Hope, July 1.—Mrs. Florence Compton, wife of Willie Compton, departed this life June 29th, 1907, and was laid to rest in the New Hope cemetery on the following day. Funeral services were conducted by Rev. W. C. Senborn. She leaves a husband, five small children and a host of relatives and friends to mourn their loss. The church of which she has been a member for a number of years extends its prayers and heartfelt sympathy to the family in their sad bereavement and bid them look to Him who can comfort the sorrowing heart, for this consolation no earthly power can give.

"It is not all of life to live,
Nor all of death to die,
The North winds have their times to blow,
But thou hast all seasons for thine own
Oh, Death!"

The trustees of New Hope school, 36 E, have secured J. E. Crouch to teach the summer term. He comes highly recommended from Saluda, S. C. We feel sure that he will do good work here, and hope he will have the co-operation of all the patrons. Mr. Crouch has just closed a successful term of school at Fair Play. That alone is evidence of his being a qualified teacher. We must say that this section is coming to the front as far as education and refinement goes. With its good teachers and preachers the standard of education and religion is advancing.

The new church pews here add much to the beauty and comfort of the building and we hope to see the paint brush applied in the near future.

Miss Earle Kelley, who has been visiting in and around Liberty and Easley, is expected home before long. She will go from here to Jocassee, where she will take charge of the school.

The Fourth of July will soon be here. How many of us will spend it just as we should? We hope at least that none will spend the day in a way that will cause regret, when alas, it will be too late.

Those that attended the union meeting at Connersport report a very interesting time.

The Baptist church at Westminister extends an invitation to the two unions of this Association to meet with them at their next meeting. The superintendent of the various Sunday schools in the association will be asked to meet and give their experience and exchange views as to the best methods of conducting Sunday schools.

A Letter from F. Brownlow Oelkers.

Trinidad, Cuba, June 21.—Editors Keowee Couriers: Well, as I have been here some time, and as I am more acquainted with Cuba, with pleasure I write to you to let you know how things are working. I must say everything is working fine. I like soldiering better every day. This is the very job I have been looking for; fine business.

Well, there are one hundred of us lively soldier boys stationed here and we are sure a jolly set, and a nice bunch. We all get along finely and sure have a lively, good old time. We all just seem like old chums.

Trinidad, the town at which we are stationed, has a population of about six thousand. The Caribbean Sea surrounds this island, and on the South side it is quite mountainous—very high mountains, something like above Walhalla. The climate is fine, the days are nice and warm and the nights are pleasant and cool from the sea breeze. There is plenty of fruit of all kinds out in the country; and you may know we all get our share of it. When we care for fruit a bunch of us just swing our knapsacks and pull out for where the fruit grows and get a big supply. We have grand sport playing foot ball and base ball. We often play with the Cuba ball teams. The Cubans are hard to beat, but as we all are crack-a-jacks, it is no trouble for us to beat them. We are good players and are going to have a big game on July 4. I am in hope we will win, which I think we will. Another thing we all enjoy is target practice with our good old Krag-Jorgensen rifles. We practice once a week and I certainly enjoy it.

I must mention this: A bunch of us very often go down to the sea coast and just borrow us a small-sized sail boat and take a good sail out in the sea. We have some fun, as we take a few bottles of ginger ale and a small quantity of elder along to keep us from getting thirsty; fine business, of course, it is. Don't you bet it is? Well, as I had better clean and oil up my rifle, I will close, with best wishes to you and all.

Respectfully,
F. B. Oelkers.
Marine Barracks, Trinidad, Cuba.

Bodies of Five Infants Burned in Stove.

Chicago, June 30.—The arrest is planned to-day of Mrs. Emma Brendicks, charged by Joseph Grinberg, former janitor of her questionable hospital, with incinerating the bodies of five infants in a stove.

"We have absolute proof," said Attorney Saul C. Erbatstein, "that the bodies of five infants were burned. Whether alive or dead when put into the stove, we don't know."

"However, we have been informed by reputable women, who have been lured to the place by false representations and then held in bondage until they either paid a large sum of money or worked in the kitchen or laundry until rescued, that even worse horrors than the cremating of infants are practiced in the place."

FAIR PLAY.

Fair Play, July 1.—On last Sabbath, at the Presbyterian church, quite an immense audience assembled together to participate in the installation of Dr. J. J. Harrell as pastor. Very sacred, impressive and most appropriate exercises were carried out, the occasion proving thoroughly interesting in every detail. The installation sermon was very forcibly preached by Rev. Mr. Gregg, of Pelzer, in which he propounded many beautiful and helpful truths. Rev. Mr. Kirkpatrick, of Seneca, delivered the charge to the pastor. W. P. Anderson, of Westminister, the charge to the church. Both gentlemen gave most appropriate and helpful advice, making the exercises very interesting and thoroughly enjoyed. Especial mention should be made to the noble remarks of W. P. Anderson on the observance of the Sabbath day, which is so often desecrated and by some churches of the present day looked upon as a time for frivolity and general debauchery. This is a sad state of affairs and we think these "Sunday pious," as they might properly be termed, should be forever eradicated. Our good people should take this matter in hand, and see if they can't be instrumental in having the Sabbath day held more sacred. Messrs. Editors what do you think about this? Give us an article in your columns.

Lawson Thompson, and interesting family of Townville, attended services here Sunday and were the guests of A. R. Marett and family.

Mrs. Lou Marett Patrick, of Lavenia, Ga., was the guest of E. C. Marett and family Sunday.

Mr. and Mrs. W. P. Anderson and Mrs. M. S. Stribling, of Westminister, attended the installation services here Sunday and were the guests of S. P. Stribling and family.

Among other visitors here last Sabbath were Mr. and Mrs. Thos. Wiley and family, of Richland; John Shelor and wife, of South Union; Leslie Stribling, of Seneca; Mr. Cashien, of Oakway, and many others which time and space forbid us mentioning.

I am requested to make this announcement through your columns: "Miss Shelor, State Organizer I. S. S., has appointed Miss Emily Compton chairman of a committee to raise funds for a County Teachers' Library. This library is to be kept in the County Superintendent's office, where teachers and people can have free access to it at all times. The hearty co-operation of all the teachers and public-spirited people in this important work is earnestly desired." Miss Compton is the right one in the right place, and we trust she may meet with much success in this undertaking.

Mrs. W. L. Dobbs has as her guests Misses Elsie and Mary Layton, of Mason, Ga. The friends of Mrs. Dobbs will be sorry to learn she has been confined to her bed for several days.

Squibs Acid on Worshipers.

Alliance, Ohio, June 30.—A crowd of professional and business men and students from this city, numbering about thirty, attacked the "Gift of Tongues" religious camp, just outside of the city, and scattered the more than 300 worshipers with acid.

The camp is run by Rev. Levi Lupton. The attackers were armed with squirt-guns, loaded with diluted sulphuric acid. When the crowd reached the camp Rev. Levi Lupton, and many of the more devout of the worshipers, were kneeling at the "mourners' bench," and at a signal the acid was thrown all over the mourners, especially Lupton, who was covered from head to foot with the acid.

Lupton was so badly burned that it was necessary to call a doctor. No arrests have been made. The camp has been objected to by many persons in Alliance.

Found Dead in Bed.

Last spring it seemed as though I would die, and I think I would if I hadn't taken Chamberlain's Colic, Cholera and Diarrhea Remedy. I haven't been troubled with it since until this week, when I had a very severe attack and took half a bottle of the twenty-five-cent size of Chamberlain's Colic, Cholera and Diarrhea Remedy, and this morning I feel like a new man." Hoke Smith Inaugurated.

Atlanta, June 29.—Promptly at noon to-day Governor Hoke Smith took the oath of office at the Capitol building, after a grand street pageant that eclipsed anything of the kind ever seen on the streets of Atlanta.

The preliminary demonstrations and jubilee were under the auspices of the Fulton County Hoke Smith Club, which had spent weeks in perfecting the details, all of which were carried out to perfection. The parade consisted of military organizations, bands, clubs, officials, traveling men, labor organizations and representatives of civic and commercial bodies.

The program at the Capitol was simple and impressive. Prior to taking the oath Bishop Candler, of the Methodist, invoked divine blessing. Chief Justice Fish, of the Supreme Court, administered the oath of office, and Secretary of State Phil Cook advanced and handed the Governor the great seal of the State, which the Governor returned with appropriate words.

After the inaugural ceremonies Governor Smith mingled with the crowd before going to the executive mansion for dinner.

Beginning at 4 o'clock this afternoon the doors of the executive mansion were thrown open for a public reception, which will last until 10 o'clock to-night.

The Charming Woman

is not necessarily one of perfect form and features. Many a plain woman who could never serve as an artist's model, possesses those rare qualities that all the world admires; neatness, clear eyes, clean, smooth skin and that sprightliness of step and action that accompany good health. A physically weak woman is never attractive, not even to herself. Electric Bitters restore weak women, give strong nerves, bright eyes, smooth, velvety skin, beautiful complexion. Guaranteed by all druggists. 50c.
