(Chattanooga Tradesman.) South Carolina has demonstrated that as large a yield of corn can be produced in that State as elsewhere in the nation, and yet if the corn crop of the South was equal in yield per acre to that of the remainder of the country, it would add half a willon dollars to the annual income this section and raise the price of southern farm lands more than five billions of dollars!

BALLENGER-KNOX.

A Beautiful Home Wedding at Richland at High Noon Yesterday.

Richland. November 5 .- Special: A beautiful home wedding occur-red to-day at high noon, at the resi-dence of Mr. and Mrs. J. J. Ballenger, Richland, when their daughter, Eunice Lizabeth, was married to Rev.
H. A. Knox, of Mayesville, S. C.
The handsome residence is admirably adapted to the accommodation of a large company, and on this occasion the lower floor was used an

casion the lower floor was used en casion the lower floor was used en suite. The ceremony was performed in the west parlor, immediately before which Miss Mariam Coe, a cousin of the bride, sang that sweetest of love songs, "Because." The bridal party entered from the long stairway in the following and the following stairway. in the following order: The groom with his best man, R. J. Mayer Mayesville, followed by the maid of honor, Miss Pearl Ballenger, a sister of the bride. Next came the bride on the arm of her father. The party was met at the improvised al-tar by Rev. L. W. B.)wh, the bride's pastor, who performed the simple and beautiful service of the Presbyterian church. The bride wore a haudsome tailor suit of brown cloth, with hat and gloves to match, and used white carnations. The maid of honor wore a green tailor suit, and carried a bouquet of pink carnations. After the ceremony congratu-lations were offered by the large company present, and an elaborate menu was served, consisting of a salad course, neapolitan cream and cake, and coffee. Autumn leaves were used in profuse decorations, the effect being charming in the mellow glow ing charming in the mellow glow from the lights of many candles. Handsome ferns and other pot plants were also used to beautiful effect. That splendid and popular old favorite, Mendelssohn's Wedding March, was played for the procession by Miss Ludie Ballenger, of Rockmart, Ga., a cousin of the bride.

A dazzling array of presents attested mutely to the universal popularity of the young courle. The bride's book was in the hand of Miss Maida Deas, of Camden, who secured the autographs of the wedding guests.

The brida, couple left on the Co-lumbia train this afternoon for Jamestown, via .dayesville, the groom's home, amid showers of rice and the good wishes of a host of friends.

The guests from a distance were: Miss Maida Deas, Camden; Miss Lalla Ballenger, Chicora College; Miss Eu-nice Flannagan, Clover; Misses Julia and Kathleen Burns and Furman Burns, Anderson; Sam Ballenger, Wade Hughs, Greenville; Chas. Bal-lenger, Senoia; Morris Shanklin, At-lanta; Mesdames S. K. and J. B. S. Dendy, Walhalla. M. V. S.

THE NEWS FROM SENECA. New Business Firm—Pleasant Entertainment-Notes in General.

Seneca, November 5. - Special: Seneca is to have a new business firm which will be known as Witzel Brothers. The firm is composed of two young men who are recently from Arkansas, but are originally from Walterboro, S. C. They will do a time business and will carry a large stock of general merchandise. One of the handsome new store-rooms built by Clinkscales & Harper has been secured by the firm, and we regard their coming to Seneca as a real gard their coming to Seneca as a real acquisition to the town, both in busi-ness and social circles. In behalf of the citizens of Seneca we extend to these new citizens and their estima-ble families a hearty welcome. For the present Mr. and Mrs. W. A. Wit-zel are stopping with Mrs. McCarey, and Mr. and Mrs. J. M. Witzel with Mrs. Wm. Neill

Mrs. Wm. Neill.

We have this much to say for the we have this much to say for the present City Council: Seneca's streets and pavements are kept in better condition than your correspondent ever remembers to have seen them. We had occasion to go out on the business square early on Monday morning, when we observed perfectly swept pavements, and the entire square gratifyingly free from debris, papers at

papers, etc.
And the carnival comes again! We are reliably informed that Barkout's Carnival will pitch its tents in Seneca the third week in November. This means, of course, a demoralized citizenship, from centre to circumference, for a week's time, but as there is no remedy to offer, we must make the best of it and give under gracefully. After all, the very fact that these shows come here marks the town as a business centre, and places it along with Anderson and Greenville and Columbia, etc., and as for the demoralizing influences, we won't know the difference a hundred years from now! (So much for the comfrom now! (So much for the com

Rev. M. R. Kirkpatrick and B. F. Sloan represented the Seneca Presbyterian church at the meeting of the Synod in Anderson last week.
Hon. J. S. Verner, of Columbia, passed through Seneca last Saturday on his return to Columbia from Walhalla. He had planned to stop over in Seneca for a few days, but had in Seneca for a few days, but had news of the illness of his son, Charles, in Birmingham, Ala., and so had to cut short his visit to Oconee. Mr. Verner was a delegate from the First Presbyterian church in Columbia to Synod.

pr. and Mrs. E. A. Hines are nursing their little daughter, Miss Mary, in a mild case of diphtheria. We sympathize with these good people in the isolation which necessarily accompanies the disease, and hope to see them soon restored to their won-

ted good health and usefulness. We wonder how many cases of scarlet fever, or scarlatina, or whatever of contagious diseases have been reported to our board of health? The council thought it necessary to call ordinance on the subject, which they had published in the Seneca papers last week. It is a known fact that there have been a number of cases of contagious diseases in Seneca this fall, and it is also a fact that they have reported to the board of health. Now, do our citizens real-ize that they are violating a town ordinance, and one that has been wisely made, and for the good of the town? It is said that there is scarlet fever all over the county, and Seneca has had some cases. Now, we have never advocated hushing up questions of this nature, but think they should be aired sufficiently to make our citizens wake up to the importance of handling them. In some mild cases the mothers are comforted by their physicians in that it is "scarlatina," when they admit themselves that the worst types of scarlet fever carf be taken from these mild cases. This being so, isn't it just as necessary to use quarantine and other measures for preventing the spread f disease, as in the violent cases? Is this done? Seneca is fortunate in having very few cases comparatively, but it is pure luck. Our citizens have not reported the cases to the board of health in every instance. and in some instances have endeavored to conceal the fact.

for the Murder of a Police Officer at Talladega, Alabama

Talladega, Ala., November 3.—As result of the murder of Tom Thompson, assistant chief of police, here last night, Fred Singleton, a negro, was riddled with bullets by a posse this morning. In the shooting Policeman Otwell, who was a member of the posse, was shot in the leg. Singleton's body was brought to Talladega this afternoon and there was the most intense excitement. Two other negroes implicated in the killing of Thompson were caught and placed in the jail at Sylacauga for safe keeping. Thompson's murder was peculiarly atrocious. He had arrested three crap shooters, who told bim they know where a high state. him they knew where a big, sure enough crap game was in progress and directed t, e officer to the Chemical plant. When the officer showed up there he was fired upon simultaneously from several directions. is feared that the intense feeling aroused may result in further trouble.
