NEWS FROM WESTMINSTER.

Preparing for the missionary Meeting—High School Opens.

Westminster, Sept. 1.—Special: The Westminster Graded School opened Monday, August 31, under very auspicious circumstances, having enrolled the first day 256 pupils, with 45 in the high school department. We hope to have others in the tenth grade very soon. Communicate with Principal M. E. Brockman in regard to course of study. We want every patron of the school to observe, to the letter, the following regulations:

"Every pupil will be required to give satisfactory proof of having complied with the law of the State Board of Health in regard to vaccination, either by presenting a doctor's certificate or showing a vaccination. (Signed) M. E. Brockman, Principal; J. S. Carter, Chairman of Board; W. P. Anderson, Secretary of Board; Rev. J. L. Singleton."

Pupils will be given one week to comply with this very important regulation. All patrons who have children old enough to enter first grade are urged to enter them the first weeks of the school. After a reasonable length of time you will not be permitted to enter your child until next session. This is by order of board of trustees and principal.

At the opening timely and crisp remarks were made by Rev. J. R. Moore, N. W. Macaulay, W. P. Anderson, M. S. Stribling, Profs. Brockman and Cox, on department, honesty, integrity, good examples, righteousness and other lines pertaining to education and school work. What they said was worth remembering.

It now looks like it is up to us citizens, to build an assembly hall or something to hold lyceum courses and entertainments in. The large auditorium had to be cut in two in order to accommodate the school with sufficient recitation rooms. In all probability we will miss the lyceum course entirely for want of room. It is the purpose of the trustees to have an assembly hall completed by next May at the latest.
